Message from the Chairman

Dear shareholders,

We enjoyed another good year in 2014 as Thai Beverage Public Company Limited ("ThaiBev") made robust progress in its journey towards achieving our goal of becoming the leading sustainable beverage company in the region. Amid our initiatives to continually build on ThaiBev's solid business platforms and further develop them, we restructured our core businesses into three product groups – spirits, beer, and non-alcoholic beverage. In doing so, we established management teams for each products group, paving the way for greater effectiveness and efficiency. One of the key developments was our unveiling of Vision 2020 around the end of 2014. Vision 2020 is our six-year strategic roadmap, and underlines our intent to create synergy between our companies in order to elevate ThaiBev from its position as the leading beverage producer in Thailand, Singapore, and Malaysia to the leading international beverage producer and distributor in Southeast Asia. Creating such synergy would also better enable us to offer consumers a portfolio of the best products; enhance career opportunities for our staff and maximise their potential; as well as deliver sustainable returns to our trade partners and shareholders.

Although the political situation in Thailand and other developments affected the country's economy, dampened the consumer confidence index, and posed challenges to businesses, ThaiBev continued to grow in 2014, achieving a higher net profit and earnings compared to 2013. Total revenue increased 4 percent over the previous year, to Baht 162,040 million. On the back of an improved performance by ThaiBev's alcoholic beverage businesses, we reported a net profit of Baht 21,433 million, representing a satisfactory year–on–year growth of 12.8 percent. Accordingly, I am delighted to inform you that the Board of Directors has approved a dividend payout amounting to Baht 15,317 million or Baht 0.61 per share, a record high since ThaiBev's listing on the Main Board of the Singapore Exchange in 2006.

We are proud to announce that our alcoholic beverage businesses delivered stable revenue and profit growth, and remained the leader in the spirits market. In addition, our beer business started returning profits as we successfully done pricing and marketing management.

2014 also marked our second year of expansion into the carbonated soft drink market in Thailand. We accomplished satisfactory growth in terms of market share, and are determined to boost this further by innovating and refreshing the packaging of our products to ensure that they continually appeal to target consumers, and are modern as well as suitable for each distribution channel. Expanding ThaiBev's non-alcoholic beverage business is one of our core growth strategies, and we will continue investing in and diversifying our non-alcoholic beverage products in both domestic and international markets so as to become the leading total beverage company in the region.

To this end, ThaiBev will remain focused on collaborating with Fraser and Neave, Limited ("F&N") and on further leveraging the synergy between our beverage businesses. We plan to tap on our modern production technology and introduce more F&N products to the Thai market in 2015, as well as optimise product flows through our extensive distribution network in Thailand. In addition, we intend to expedite our expansion in the fast-growing ready-to-drink green tea market by boosting business activities and reaching out to a larger consumer base in Malaysia and Singapore, with Oishi – the most popular and best-selling green tea brand in Thailand – as a core brand.

I would like to express my thanks to the Board of Directors, the management team, and all employees for their tireless devotion towards enabling ThaiBev to achieve our goals; and my appreciation to our customers and business partners for their generous support throughout the year. Most importantly, I would like to convey my gratitude to all shareholders for your unwavering trust and confidence in our vision and aspiration to become the leading total beverage company in Asia with truly stable and sustainable businesses. I look forward to your continued support in the future.

Charoen Sirivadhanabhakdi

Chairman of the Board

CEO Talk

Dear Shareholders,

2014 was a challenging year for businesses in Thailand. Over the course of the year, political events and other developments affected the country's economy and consumer confidence index. In addition, Thai Beverage Public Company Limited ("ThaiBev") was faced with an excise tax increase, levied on alcoholic beverages, that was introduced at the end of 2013, as well as intensified competition in the non–alcoholic beverage market, and a continued decline in on–premise consumption. Yet, despite these headwinds, ThaiBev delivered a respectable set of results, with total sales growth of 4 percent year–on–year to Baht 162,040 million in FY2014.

With a diversified alcoholic beverage portfolio comprising white spirits, brown spirits, and beers, ThaiBev was able to retain customers even as they switched from one product category to another. The strong brand equity and appeal of our wide variety of products continued to be validated through consumers' choices. Our spirits business remained the market leader, and registered a sales increase of 4.7 percent to Baht 104,592 million, while profit increased by Baht 1,215 million. To further strengthen our business in the premium segment, we established a new subsidiary, HORECA Management Co., Ltd, which is focused on growing our product sales and expanding our services to hotels and high-end restaurants.

It is also a delight to report that our beer business enjoyed a net profit on the back of our initiatives to adjust product prices and control expenditures in 2014. Moving forward, we will leverage on the momentum that has been built and drive the business towards greater profitability.

Our non-alcoholic beverage business, however, was affected by a decrease in on-premise consumption, especially during the first half of the year. Furthermore, competitors also deployed aggressive strategies to expand their market share, intensifying the already fierce competition. To defend our market share, we focused on raising awareness of our brands through continual marketing activities, and refreshed the packaging of some products to better meet the demands of various distribution channels and appeal to different target customers. We are committed to growing our non-alcoholic beverage business. Our expansion into the segment is among one of our key strategies to ensure customer satisfaction through a diversified portfolio while benefitting from the advantages of ThaiBev Group's extensive distribution network.

As for our food business, strengthening brand awareness and increasing customer engagement were our two areas of focus for the year. In line with market trends, we launched attractive campaigns to customers at our over 200 restaurants throughout the year. In the same year, we also opened a central kitchen for Oishi. The world-class production facility elevates our service standards and supports our drive to expand Oishi's Japanese food chains as well as frozen and chilled food business. We sought not only domestic growth, but also targeted overseas expansion. Two Shabushi restaurant outlets were launched in the Union of the Republic of Myanmar in 2014, and we plan to open more outlets and export more ready-to-eat meals to ASEAN countries.

We are determined to develop ThaiBev into Asia's leading total beverage company, with businesses that are genuinely stable and sustainable. Our six-year strategic roadmap, Vision 2020, sets out the goals we need to achieve in order to rise above the competition and be successful regardless of any changes in market conditions or demands in the years to come. Vision 2020 consists of five key imperatives – growth, diversity, brand, reach and professionalism.

Steered by Vision 2020, we will embark on more business and operational collaboration initiatives with our strategic partner Fraser and Neave, Limited ("F&N"), leveraging our combined distribution network and market expertise to increase sales, and making co-purchases to increase cost savings. This will help strengthen and solidify our market-leading position in Southeast Asia. ThaiBev and F&N have already begun working closely together, taking steps to pave the way for the launch of F&N products in Thailand in 2015.

In line with our aspiration to be the epitome of a professional organisation, we launched a Management Development Program for supervisor-level employees in 2014. The program will help ThaiBev groom employees with high potential for management by enhancing the breadth and depth of their capabilities. In addition, we rolled out initiatives to facilitate the internalisation of our Core Values with our staff from across the organisation, in order to foster solidarity, inspire teamwork, as well as motivate better performance and efficiency.

2014 was indeed a good year for ThaiBev despite the external challenges we were faced with. I would like to thank everyone who contributed to our success and made it possible. I would like to express my gratitude to you – our shareholders – for your faith in us, and to our trade partners and our customers for their trust and support. I am also grateful for all of our directors, executives, and staff for their steadfast devotion and dedication over the years. As ThaiBev moves further towards securing an even more stable and sustainable leadership position in the region, we look to continue delivering healthy growth and upholding excellent corporate governance standards, creating the greatest value for all our stakeholders.

Vision 2020

Vision 2020 is ThaiBev's strategic roadmap for the next six years. It underpins our endeavours to further the success that we have progressively achieved over the years, and sets ThaiBev up for an accelerated growth story. Driven by the five strategic imperatives outlined below, we seek to provide customers with even better products, create greater value and deliver more sustainable returns to shareholders, and enlarge opportunities for our employees.

Growth

We aim to solidify ThaiBev's position as the largest and most profitable beverage company in Southeast Asia.

Diversity

To support and sustain ThaiBev's growth, we plan to diversify our revenue streams, increasing revenue contribution from non-alcoholic beverages and the sale of products outside of Thailand.

Brands

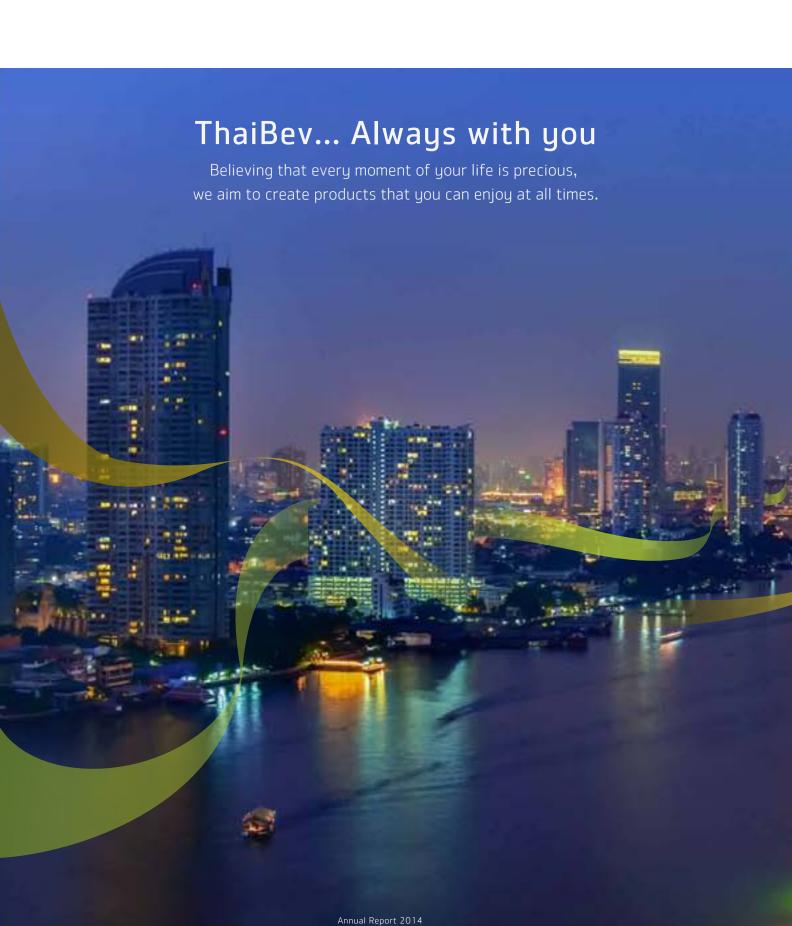

By streamlining ThaiBev's businesses into three product groups (spirits, beer, and non-alcoholic beverage) and identifying core brands within each, as well as focusing on primary and secondary markets with the greatest growth potential, we look to expand the business via a consumer- and market-driven approach.

Reach

To realise the potential of ThaiBev's core brands, robust and efficient routes to all markets are required. Accordingly, we seek to build on our market leading business processes and supply chains to strengthen existing distribution networks, establish new ones, and also enter into partnerships with third-party distributors when appropriate.

Professionalism

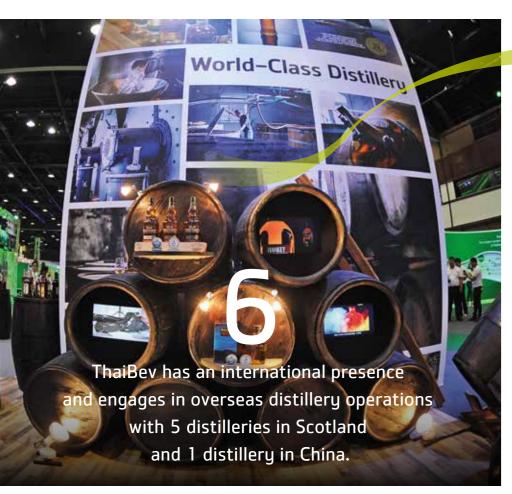

We strive to ensure that we have a diverse and high performance workforce, and that the teams behind all three product groups work together seamlessly, leveraging cross-product group synergies where applicable, further strengthening our long term potentials.

Particular of significant contracts with the interested persons for the year 2014

Except as disclosed above and in the financial statements for the year ended 31 December 2014, there were no material contracts entered into by the Group involving the interests of the directors or controlling shareholders during the year.

Net book value of the Group freehold land and building for Property, plant and equipment as at 31 December 2014 were as follows.

(Million Baht)

| Total | 28,115 |
|---------------------------|--------|
| Building and improvements | 11,873 |
| Land improvement | 645 |
| Land | 15,597 |
| | |

In January 2011, February, March, April, and May 2012, and November 2013, the Group revalued the land, which was performed by independent appraisers, on a market value basis.

The Group leases various premises, primarily for the branch offices and warehouses. All of these leases are operating leases and not financial leases.

The amount of the Group freehold land for Investment Properties as at 31 December 2014 amounted to Baht 1,076 million which was 4.14% of profit before income tax.

Operational and Financial Review

OVERVIEW

ThaiBev was established in 2003 to consolidate a number of leading spirits and beer businesses in Thailand belonging to our founding shareholders and other investors. In 2006, we registered ThaiBev's listing on the Singapore Exchange ("SGX"), and subsequently expanded to the non-alcoholic beverage and food sectors to diversify our product portfolio, enhance logistics efficiency, and mitigate business risks. Today, ThaiBev is not only Thailand's leading beverage producer, but also one of Asia's largest beverage producers. Our business consists of four segments – spirits, beer, non-alcoholic beverage, and food.

OUR VISION

ThaiBev Group's vision is to be a Thailand's world-class total beverage producer and distributor embodying commercial excellence, continuous product development and premiumisation, as well as professionalism. Our mission is to build strong mutually beneficial relationships with all our stakeholders in every aspect, guided by the following six principles:

- Offer top quality products to all customer segments;
- Respond professionally to distributors' demands;
- Grow revenue and profits in a sustainable manner to create value for shareholders and provide favourable returns on investments;
- Be a role model of the highest standards of professionalism, corporate governance, and transparency;
- Build a sense of ownership among employees by trusting, empowering, and rewarding them; and
- Contribute to society.

STRATEGIES

Growth

Growth is vital for business longevity and for yielding sustainable returns to stakeholders. ThaiBev's growth towards becoming the leading beverage company in the region will be driven by two key factors – its diversified portfolio and solid distribution network. ThaiBev has a portfolio comprising various renowned alcoholic and non–alcoholic beverage brands which have been loved by consumers for decades; and plans to continue its product premiumisation initiatives and further raise awareness of its brands as it expands into new markets. To facilitate growth, ThaiBev aims to maintain its leading position in Thailand and also penetrate untapped markets in the region. It believes effective and efficient routes to markets are critical for successful expansion, and places an emphasis on strengthening and leveraging its distribution channels.

The acquisition of Fraser and Neave, Limited ("F&N"), a leading beverage producer, distributor, and publisher based in Singapore, in 2012 was a major milestone in ThaiBev's overseas expansion journey. A venerable company with a history spanning more than 130 years, as well as a diversified product and trademark portfolio, F&N has a leading position in Southeast Asia's beverage industry. Now able to tap on F&N's strengths, ThaiBev's ability to expedite robust growth in the region has been enhanced.

Diversity

To facilitate its expansion into the non–alcoholic beverage segment, ThaiBev made three key acquisitions over the years, commencing with the acquisition of Oishi Group Public Company Limited (" $\mathbf{Oishi''}$) — the No.1 green tea beverage producer in Thailand — in 2008. This was followed by the acquisition of Sermsuk Public Company Limited (" $\mathbf{Sermsuk''}$) — the beverage producer with the most extensive distribution network in Thailand — in 2011. Thereafter, ThaiBev acquired F&N — a leading beverage producer, distributor, and publisher based in Singapore — in 2012.

Diversifying into the non-alcoholic beverage segment is one of ThaiBev's strategies for becoming the leading total beverage producer and distributor in the region. Doing so enables ThaiBev to provide trade partners with a wider variety of products, optimise its distribution network, and mitigate the risk of possible increases in excise tax rates levied on alcoholic beverages. Diversifying into overseas markets, especially ones in Southeast Asia, is also important for ThaiBev. Partnering with F&N better enables ThaiBev to expand in this region, and is among its core strategies for stepping up and becoming the leading total beverage company in the region. F&N has extensive experience and expertise in operating in Singapore, Malaysia, and Thailand; and ThaiBev can leverage on these to cement the two companies' positions as leaders in the beverage industries in these three countries. With business models that have proven to be successful in these three Southeast Asian countries, ThaiBev and F&N can also capitalise on new windows of opportunity to expand into other ASEAN countries.

Brand

In 2014, ThaiBev restructured its core businesses into three product groups – spirits, beer, and non–alcoholic beverage, and established management teams for each one of them. The flagship brands of each business were also identified. Ruangkhao, Hong Thong, Blend 285, and Old Pulteney were identified as the spirit business's core brands; while Chang — the winner of multiple Monde Selection gold medals — was identified as the beer business' core brand. As for the non–alcoholic beverage business, its core brands include "est" cola, "Oishi" green tea, as well as F&N's "100PLUS" and "F&N Nutrisoy", which are popular in Malaysia and Singapore.

ThaiBev is determined to maximise its potential and maintain its market–leading position. Through innovation, it seeks to develop products that can be enjoyed be it night or day; continually appeal to consumers of all genders and ages; and become an integral part of their daily routines. To this end,

ThaiBev constantly modernises and refreshes its brands, and introduces new products and new packaging. To increase brand awareness for its products and achieve top-of-mind recall among consumers, ThaiBev regularly contributes to public relations and marketing campaigns.

Reach

ThaiBev's strong and extensive distribution network has been a major contributor to its elevation to a leading position in Thailand's beverage market. This distribution network was built over more than 30 years ago, starting from the time its spirits business was founded. Since then, its sales teams have expanded the network to cater to the beer and non-alcoholic beverage segments by leveraging on their established relationships with agents, distributors, as well as restaurants. ThaiBev has also established over 1,000 direct sales teams to provide retailers with sales-related services and manage shelf placement to maximise the visibility of its products. In 2013, ThaiBev reinforced its domestic distribution network through the establishment of Modern Trade Management Co., Ltd, which focuses on distributing both alcoholic and non-alcoholic beverages to modern trade establishments. In 2014, ThaiBev further strengthened its sales capabilities through the establishment of HORECA Management Co., Ltd, which focuses on on-premise distribution, particularly with regards to introducing ThaiBev's overseas premium products to high-end restaurants and hotels in Thailand. In aggregate, ThaiBev currently has a route-to-market that reaches over 400,000 shops, stores, and restaurants across Thailand.

Besides improving its own distribution network in Thailand, ThaiBev always seeks opportunities to form alliances and collaborate with local businesses in other Southeast Asian markets in order to secure its position as the leading total beverage company in the region and enjoy a truly stable and sustainable business.

Professionalism

Human resources are essential to the success and excellence of any organisation. ThaiBev believes that having a diverse pool of talent comprising capable employees from across a wide range of genders, ages, races, and religions is necessary for success. Accordingly, employee development is one of its key missions. To this end, ThaiBev continually arranges for employees to undergo a variety of courses and training programmes to enhance their skills, improve the quality of their work, and realise their potential. Increasing employees' proficiency in English is one of ThaiBev's foremost areas of emphasis. Being able to do so would increase employees' readiness to work in the international arena, enhancing the professionalism of the organisation. In addition, ThaiBev believes that it is important to attract and retain quality employees, and therefore strives to have a well-managed workforce and provide employees with favourable salary and benefits packages, and career advancement opportunities.

The Thai economy

In the first quarter of 2014, political events weighed on Thailand's economy. Consequently, household consumption expenditure fell and businesses exercised increased caution around investment activities. The Consumer Confidence Index sank to a 12-year low, and private sector investment levels also displayed signs of following a similar trajectory as most businesses decided to defer such activities till the economic outlook improves and the political situation is resolved. Between the second half of 202014 and 302014, the political uncertainty abated and indications of government policy directions became clearer. Consequently, consumer confidence began improving and the economy started recovering gradually. In 4Q2014, the economy picked up, driven by export, industrial and tourism sectors, as well as the government expenditure. On the back of economic stimuli such as government expenditure and a decline in oil prices, the Consumer Confidence Index also rebounded. However, farm incomes fell sharply on a year-on-year basis and household debts increased, hampering consumption.

DOMESTIC BUSINESS

Apart from the aforementioned political events which exerted negative pressure on overall consumption, the alcoholic beverage industry in Thailand also faced other headwinds in the first half of 2014. In particular, consumers had to adjust to higher prices on the back of an increase in excise tax rates on alcohol beverages which came into effect in September 2013. Coupled with the weakening of the tourism sector amid the political situation, this resulted in a decrease in on-premise consumption. ThaiBev's alcoholic beverage business, however, was not affected as significantly. With a diversified portfolio comprising white spirits, brown spirits, and beer, consumers continued purchasing ThaiBev products even as they switched from one product category to another. On the non-alcoholic beverage front, apart from grappling with sluggish on-premise consumption in the first half of 2014, the industry also had to deal with an intensification of the fierce competition within the sector as key players employed more aggressive marketing strategies in order to win market share.

Spirits Business

In 2014, the spirits business had to cope with the adverse effects of the political unrests and the increase in excise tax rates which came into effect in September 2013, resulting in higher product prices which consumers had to adjust to over time.

Nevertheless, sales increased 4.7% year-on-year, as the business benefitted from the price increases. Sales volumes, however, decreased 0.3% year-on-year as a result of a decrease in the sales of some brown spirits brands amid a landscape with lower on-premise consumption. Still, ThaiBev continued to maintain its leading position in the spirits market and even achieved growth, with net profit increasing by Baht 1,215 million.

Beer Business

2014 marked the 10^{th} anniversary of ThaiBev's partnership with Everton Football Club; and "Chang" extended its sponsorship deal with the club for the fifth time, with the three-year extension. The extension was commemorated at

an event titled "MORE GOOD YEARS: Celebrating 10 years of friendship". This remains the longest-running jersey sponsorship deal in the English Premier League, underscoring ThaiBev's position as the true leader in sports marketing.

The growth of ThaiBev's domestic beer business in 2014 is another cause for celebration. Sales increased 6.9% year-on-year on the back of net price increases, although the increase also led to a 2.4% year-on-year decrease in sales volumes, which were also impacted by the increase in excise tax rates in 2013 and the decline in on-premise consumption in the first half of the year amid the political uncertainty. Coupled with initiatives to better control advertising and promotion expenses, the sales increase enabled the beer business to end the year with a net profit of Baht 396 million.

Non-Alcoholic Beverage Business

The non-alcoholic beverage market, especially for ready-to-drink green tea and carbonated soft drinks, remained highly competitive in 2014. Existing and new players launched aggressive advertising and promotion campaigns to win market share. Prolonged political uncertainty also weighed down consumer expenditure levels. Consequently, although sales usually peak in the summer, they decreased significantly in 2014.

Nevertheless, ThaiBev is undeterred and continues to be committed to growing its non-alcoholic beverage business in order to achieve greater product diversity, which will contribute to greater stability and sustainability. To this end, Oishi remained focused on continually building brand equity. During the year, it sponsored the Thai television programme, "Takeshi's Castle", which is popular among target consumers; and introduced a number of innovative beverages. It also stepped-up research efforts which resulted in the successful development of noteworthy new products. These include "Oishi Kabusecha" — an unsweetened premium green tea, "Oishi O Herb" — a range of herbal drinks with a variety of

different flavours, and "Oishi Tokyo Banana" — a Tokyo banana-flavoured milk tea. In addition, Oishi geared up its overseas expansion activities. Following its successful entry into Cambodia and Laos, it made a more aggressive move into Myanmar. In the past two years, Oishi also collaborated with F&N to accelerate sales growth in Malaysia.

Sermsuk continued to launch innovative products and refresh some of their packaging as well. This included the launch of "est Free" — the first sugar-free and calorie-free Thai soft drink, and the launch of "est" in 16-oz glass bottles that are now available in over 200,000 shops and restaurants across Thailand. Sermsuk also made further in-routes into supermarkets, hypermarkets, and retailers, with a nationwide launch of "est" in 1.6-litre PET bottles, and of "est Sleek Can", which looks modern and 'cool'. At the end of 2014, the "est" logo and packaging of "est" products were also revamped in preparation for the launch of the products in overseas markets. While Sermsuk placed emphasis on developing the "est" brand in 2014, it also takes pride in "Crystal", the leading brand of bottled water in Thailand. Established by Sermsuk, the brand has won the hearts of Thai consumers for over two decades. The success of "Crystal" has been cemented by its ability to meet manufacturing certification standards set by US-based public health and safety organisation NFS International, and further validated by three consecutive Thai FDA Quality Awards.

"Chang" drinking water also enjoyed greater renown in 2014 as the profile of the brand was raised through sport sponsorship deals, such as those with Thailand women's national volleyball team and the Thailand Volleyball Association. Given the women's national volleyball team success, brand awareness has all increased the more, bearing testament to the effectiveness of the sponsorship strategy.

Consequently, both "Crystal" drinking water and "Chang" drinking water registered sales growth in 2014, not only in terms of volumes but also in terms of value. "Chang" soda also performed well.

However, ThaiBev's overall non–alcoholic beverage sales decreased 7.3% year–on–year in 2014, mainly due to the decrease in the sales volumes of green tea and carbonated soft drinks, which faced tough competition. Moreover, Oishi has adjusted its business strategy to focus more on brand building in order to improve consumer loyalty as a top–of–mind brand, rather than sales promotion which draws a short–term sales volume but damage the brand image in long–term.

Net loss widened by 0.3% compared to the previous corresponding period.

Food Business

Like ThaiBev's other businesses, the food business was impacted by several negative factors in the first half of 2014, including the political uncertainty and economic slowdown, as well as the decline in on-premise consumption. However, towards the end of the year, the business recovered in line with the improvement in the economy. Over the course of the year, Oishi launched several attractive campaigns such as the "Return Happiness to Thailand" campaign, which involved offering 50% discounts over a period of seven days to customers dining at Oishi Group restaurants. This won the hearts and minds of consumers in Thailand, and Oishi gained market share as a result. Awareness of other brands under Oishi Group also increased. Besides experiencing domestic growth, Oishi also expanded overseas, opening two "Shabushi by Oishi" restaurants in Myanmar – one in Yangon, and one in Mandalay. This primes Oishi to benefit from the anticipated growth of Myanmar's economy, and thereby disposable income and consumer expenditure, with the upcoming commencement of the ASEAN Economic Community (AEC).

In addition, Oishi opened a central kitchen in the Chonburi province around the end of 2014 to facilitate the expansion of its Japanese food chains, as well as its chilled and frozen food business in Thailand and overseas. With a larger business, Oishi will be better able to cement its position as the King of Japanese Food in consumers' minds. Moving forward, Oishi is also targeting to export ready—to—eat meals to other countries in Southeast Asia.

Overall, the food business achieved a sales increase of 10.5%, on a year-on-year basis, in 2014. This was primarily due to the expansion of Oishi's restaurant chains. However, the increase in expenditures for funding promotional campaigns in the second half of 2014 resulted in net profit decreasing to Baht 74 million.

INTERNATIONAL BUSINESS

Strategy

The strategies of International Beverage Holdings Limited ("IBHL") are aligned with the group's Vision 2020 to become a sustainable ASEAN leader in the beverage market. IBHL will play an important role in achieving the group's goals by accomplishing its strategies in relation to the international business.

Driving Business Growth

To drive and sustain its business growth as well as its market position, the group targets to diversify its revenue stream, which is currently derived mainly from the sale of alcoholic beverages in Thailand, by adopting a consumer and market driven approach. This strategy will involve product diversification aimed at covering all categories in the beverage market, especially non-alcoholic beverages. The group also targets to increase revenue contribution from markets outside of Thailand to more than 50% of total revenue. To achieve that, IBHL plans to expand its reach to overseas markets – with ASEAN countries as our top priority.

Local offices in Singapore and Malaysia were established to develop sales, marketing, and distribution in ASEAN. For Spirits business, our Thai spirits and Scotch whiskey such as Crown 99, Phraya, Mekhong, Royal Legend, Old Pulteney, Speyburn, Balblair, and Hankey Bannister had already been introduced to the ASEAN market.

Professionalizing Business Management, Organization, and Operation

IBHL, following the overall direction of the group, is working to streamline its businesses into three main product groups: spirits, beer, and non-alcoholic products. The rationale behind this action is to allow each group to have its own centralized management team with specific professional expertise and specialization, as well as to have access to necessary and sufficient supporting services. This will allow the management teams to have better focus on their respective areas of responsibilities.

IBHL will strive to ensure that all teams behind three product groups work together seamlessly and function effectively, leveraging cross-product group synergies where applicable. IBHL will also look to enhance the professionalism and productivity of our work force.

Further to the above, IBHL targets to continue to invest in manufacturing plants equipped with the latest technology to keep our operations running even more smoothly and effectively and to enhance productivity where possible.

Our distillery in Scotland, Speyburn Distillery is undergoing an expansion to meet anticipated global demand. The expansion was designed to use the most up-to-date and energy efficient distillation equipment which will significantly reduce energy consumption and improve carbon footprint, with predicted energy savings of more than 20%.

Strengthening and Building Core Brands and Key Markets

IBHL plans to invest in our core brands in the focused markets targeting to have them ranked among the top three brand leaders in each country.

In order to realize the potential of these brands, robust and efficient routes to markets are required. IBHL plans to strengthen the existing distribution networks and build new ones to cater to the specific circumstances of each country.

For Spirits business, we have received various honorable awards in 2014, among others, medals International Wine & Spirit Competition (IWSC), esteemed category award from leading whisky connoisseur Jim Murray, Silver and Bronze from the World Whisky Awards (WWA), and a silver medal in the International Spirits Challenge (ISC).

Moreover, IBHL had participated in exhibitions, trade shows, and marketing and tasting events associated with spirits

business to boost its brands' presence continually such as TFWA Asia Pacific Conference & Exhibition in Singapore, Exhibitions and Trade Shows in Hamburg, Whisky Live London, Hedonism Tasting Event London, and Gothenburg Whisky Festival

As for Chang beer in international markets, IBHL continued to spearhead the growth of Chang beer through exports with renewed vigour. Higher sales were achieved in existing markets, driven by clearer brand positioning and more effective marketing activities and promotional spend as well as improvements in route-to-market. Chang beer's footprint was further expanded by venturing into new markets such as Bhutan and the Philippines. Moving forward, firm plans and strategies are in place to accelerate the volume growth and the regionalization of Chang beer.

Non-Alcoholic Businesses

As regards non–alcoholic businesses, international business expansion is always one of the priorities in framing Oishi's business strategy and business expansion plan which is aligned with the group's Vision 2020. In 2012, Oishi set up Oishi International Holdings Limited ("OIHL"), a wholly owned subsidiary of Oishi Group Public Company Limited, in Hong Kong as a hub for international expansion due to various international investment and trading benefits of Hong Kong entity.

Food Business

In 2014, Oishi incorporated Oishi F&B (Singapore) Pte. Ltd. ("OSPL"), a wholly owned subsidiary of OIHL, in Singapore as a holding company to invest in Oishi Myanmar Limited ("OML"), a subsidiary in Myanmar with CM Foods Company Limited, one of the largest retailer group in Myanmar, as a partner. OML was incorporated as a vehicle for food business expansion in Myanmar with the first international flagship restaurant grand

opening in Yangon under the brand "Shabushi" in July 2014. The feedback from customers was very positive and the second outlet was opened in Mandalay in October 2014 with an expansion plan in the near future.

Beverage Business

Oishi beverages are currently exporting to more than 30 countries. In 2013, Oishi appointed F&N as an international licensee in Malaysia, Singapore and Brunei. In late 2014, F&N set up local production in Malaysia by utilizing its owned facilities in order to support this business project. Malaysia has become one of the key hubs for international production and export across ASEAN.

International footprint of Oishi green tea in some countries is very strong including Laos and Cambodia where Oishi currently has biggest market share.

Development of the International Business in 2014

Overall Performance

Large fluctuations in the worldwide economy has impacted the international operations of the Group. It does not only affect the exchange rates of various currencies against Thai Baht but also affect our sales in individual geographical markets.

Overall turnover of the international business reported a 24% growth in value over 2013.

Beer

The growth was satisfactory in all markets, especially for Chang Beer in ASEAN. Profitability was further improved by effectively monitoring the marketing and promotion spending. Sales of Chang Beer in Europe saw a satisactory growth in 2014. Performance in USA decreased slightly in line with the overall imported Thai Beer in US.

Thai Spirits

Sales of Thai Spirits still accounted for a small portion of the overall international business in 2014 but we are looking for the growth in ASEAN in the coming future.

Chinese Spirits

Overall turnover of Yulinquan Products reported a slightly drop of 5% compared with 2013. However, the losses of the related operations were reduced. The white spirits industry in China started with some positive changes, like the decrease in government consumption be offset by the increase in commercial and private consumption. Inventory levels at distribution channels were also dropped to reasonable level.

Scotch whisky

Volumes and net sales of our core brands (which consist mainly of our four single malt brands) reported double digits increases in 2014, in line with our long term goal of investing behind these brands.

In contrast, the sales of OEM brand in markets like Russia and Latin America were seriously affected by the unstable political and economic environment in relevant countries. We will continue to opportunistically pursue this business where it makes sense, but will not invest to defend volumes where it does not.

Finally, our bulk sale business did well, mainly driven by sales in Asia.

Management Discussion and Analysis

Performance for year ended 31 December 2014

Effective from 4 September 2013, the Ministry of Finance has changed the method for alcohol excise tax. Previously, the alcohol excise tax was imposed by one of the two methods whichever was higher, an ad valorem rate or a specific rate. The ad valorem rate is based on value from a percentage of the ex-factory price. The specific rate is based on alcohol content from an amount in Baht on every one litre of pure alcohol of the product. Now, the alcohol excise tax will be based on both value and alcohol content. The changes have increased the excise tax rate for the Company products per below:

Beer,

Prior: The higher of 100 Baht per litre of 100% alcohol content or 60% of the ex-factory price.

New: The higher of 155 Baht per litre of 100% alcohol content or 8 Baht per litre plus 48% of the last wholesale price excluding value-added tax.

White spirits,

Prior: The higher of 150 Baht per litre of 100% alcohol content or 50% of the ex-factory price.

New: The higher of 145 Baht per litre of 100% alcohol content or 40 Baht per litre plus 4% of the last wholesale price excluding value-added tax.

Other distilled liquor,

Prior: Compounded spirits, the higher of 350 Baht per litre of 100% alcohol content or 50% of the ex-factory price.

Special/blended spirits, the higher of 400 Baht per litre of 100% alcohol content or 50% of the ex-factory price.

-New : All other distilled liquor, the higher of 250 Baht per litre of 100% alcohol content or 50 Baht per litre plus 25% of the last wholesale price excluding value-added tax.

Frasers Centrepoint Limited ("FCL") was demerged from Fraser and Neave, Limited ("F&N") and has been listed on the main board of the Singapore Exchange Securities Trading Limited on 9 January 2014. FCL is an associate of indirect subsidiary of the Company and principally engaged in property business.

In April 2014, the Company recognized a capital reduction in cash from F&N, for a net consideration of Baht 4,465 million. The proceeds were repaid to financial institutions for loans prior to maturity without penalty.

In October 2014, the Company was informed by F&N that the arbitral tribunal has ruled F&N to sell its 55% stake in Myanmar Brewery Limited ("MBL") to Myanmar Economic Holdings Limited ("MEHL") and MEHL's valuation of US\$ 246 million does not represent a fair value of F&N's stake in MBL. Furthermore, the sales should take place at the price to be determined by an independent valuer to be appointed by both parties, failing which by a valuer named by the tribunal.

On 24 December 2014, Great Brands Limited ("Great Brand"), a direct wholly-own subsidiary of Sermsuk Public Company Limited ("SSC"), an indirect subsidiary of the Company, sold trade mark of "est" brand and its formulae to Super Brands Company Pte, Ltd ("Super Brands"), a direct wholly-own subsidiary of InterBev (Singapore) Limited, another indirect subsidiary of the Company, at the total amount of Baht 1.56 billion including consultancy fee. In accordance with the sales agreement of trademarks "est" and the formulae ("the agreement"), Super Brands had to pay for the trademarks and the formulae on the submission of registration of the transfer of the trademarks of Baht 1.3 billion. The remaining consultancy and industry knowledge advisory will be paid equally of Baht 130 million per annum for two years from 2015 to 2016 according to the consultancy agreement to SSC from Super Brands for overseas market expansion. This transaction is in line with the Company's vision 2020 to develop "est", one of core brands for cola drink and other soft drinks, with the greatest growth potential in Asean.

Performance for the year ended 31 December 2014

Group

| | ThaiBev | F&N/FCL | Total(Mil.Baht) |
|-----------------------|---------|---------|-----------------|
| For the year 2014 | | | |
| Sales | 162,040 | _ | 162,040 |
| Gross profit | 47,330 | | 47,330 |
| EBITDA | 28,275 | 3,249 | 31,524 |
| Net profit | 19,308 | 2,125 | 21,433 |
| For the year 2013 | | | |
| Sales | 155,771 | = | 155,771 |
| Gross profit | 43,738 | _ | 43,738 |
| EBITDA | 25,878 | 3,612 | 29,490 |
| Net profit | 17,357 | 1,645 | 19,002 |
| Increase (decrease) | | | |
| Sales | 6,269 | | 6,269 |
| Gross profit | 3,592 | | 3,592 |
| EBITDA | 2,397 | (363) | 2,034 |
| Net profit | 1,951 | 480 | 2,431 |
| % increase (decrease) | | | |
| Sales | 4.0 | | 4.0 |
| Gross profit | 8.2 | | 8.2 |
| EBITDA | 9.3 | (10.0) | 6.9 |
| Net profit | 11.2 | 29.2 | 12.8 |
| | | | |

For the year 2014, total sales revenue of the Company was Baht 162,040 million, an increase of 4.0% or Baht 6,269 million, from Baht 155,771 million of last year, due to an increase in sales revenue of the spirits business of 4.7%, the beer business of 6.9% and the food business of 10.5% although there was a decrease of sales revenue from the non–alcoholic beverages business of 7.3%.

Gross profit was Baht 47,330 million, an increase of Baht 3,592 million, or 8.2%, due to an increase of gross profit in the spirits business of 6.8%, the beer business of 30.8% and the food business of 7.5% although there was a decrease of gross profit in the non–alcoholic beverages business of 6.3%.

Earnings before interest, tax, depreciation and amortization (EBITDA) was Baht 31,524 million, an increase of Baht 2,034 million, or 6.9%, due to an increase of EBITDA in the spirits

business of 5.9% and the beer business of 420.6% although there was a decrease of EBITDA from F&N/FCL operating results of 10.0% and the food business of 5.8% and an increase of EBITDA loss in the non-alcoholic beverages business of 17.9%. EBITDA excluding F&N/FCL operating results was Baht 28,275 million, an increase of Baht 2,397 million, or 9.3%.

Net profit was Baht 21,433 million, an increase of Baht 2,431 million, or 12.8%, due to an increase of net profit in the spirits business of 6.4%, the beer business of 188.6% and F&N/FCL operating results of 29.2% although there was an increase of net loss in the non–alcoholic beverages business of 0.3% and a decrease of net profit in the food business of 58.0%. The increase in net profit of F&N/FCL was mainly due to a decrease in finance cost although there was the decrease in EBITDA. Net profit excluding F&N/FCL operating results was Baht 19,308 million, an increase of Baht 1,951 million, or 11.2%.

Spirits Business

For the year 2014, sales revenue was Baht 104,592 million, an increase of Baht 4,676 million, or 4.7%, mainly due to an increase of sales price. Total sales volume of spirits was 559.3 million litres, a decrease of 0.3%.

Gross profit was Baht 34,409 million, an increase of Baht 2,189 million or 6.8%, mainly due to an increase in sales price.

Earnings before interest, tax, depreciation and amortization (EBITDA) was Baht 27,144 million, an increase of Baht 1,514 million, or 5.9%, mainly due to an increase in gross profit and a decrease in idle costs although there was an increase in advertising and promotion expenses.

Net profit was Baht 20,307 million, an increase by Baht 1,215 million or 6.4 %, mainly due to an increase in EBITDA although there was an increase in related corporate income tax.

Beer Business

For the year 2014, sales revenue was Baht 35,193 million, an increase by Baht 2,258 million, or 6.9%, mainly due to an increase in sales price. Total sales volume of beer was 571.0 million litres, a decrease of 2.4%.

Gross profit was Baht 6,376 million, an increase by Baht 1,500 million, or 30.8%, mainly due to an increase in sales price and a decrease in material costs and energy costs.

Earnings before interest, tax, depreciation and amortization (EBITDA) was Baht 1,265 million, an increase by Baht 1,022 million, or 420.6%, mainly due to the increase in gross profit although there was an increase in staff costs.

Net profit was Baht 396 million, an increase of Baht 843 million, or 188.6% from the year 2013 net loss, mainly due to the increase in EBITDA although there was an increase in related corporate income tax.

Non-Alcoholic Beverage Business

For the year 2014, sales revenue was Baht 15,775 million, a decrease by Baht 1,243 million or 7.3 %, mainly due to a decrease in sales volume of carbonated soft drink of Sermsuk and ready to drink teas of Oishi although there was an increase in sales volume of drinking water both Sermsuk and ThaiBev products.

- Sales volume of Sermsuk products which consist of carbonated soft drinks and other beverages was 1,005.4 million litres, an increase of 127 million litre, or 14.5% was mainly due to an increase in sales volume of drinking water of 145.5 million litre, or 28.2%.
- Sales volume of Oishi beverages, which consist of green tea, black tea, and other non-alcoholic beverages, was 274.5 million litres, a decrease of 1.5%.
- Soda and drinking water of ThaiBev products generated sales volume of 26.0 million litres and 205.5 million litres respectively, a decrease of 0.7% and an increase of 11.4% respectively.

Gross profit was Baht 4,002 million, a decrease by Baht 270 million or 6.3%, mainly due to a decrease in sales.

Earnings before interest, tax, depreciation and amortization (EBITDA) loss was Baht 691 million, an increase in EBITDA (loss) of Baht 105 million or 17.9%, mainly due to a decrease in gross profit and an increase in staff cost.

Net loss was Baht 1,469 million, an increase in net loss by Baht 5 million or 0.3% mainly due to an increase in EBITDA (loss) and an increase in finance cost although there was a corporate income tax impacts and a decrease in depreciation and amortization.

Food Business

For the year 2014, sales revenue was Baht 6,602 million, an increase by Baht 626 million or 10.5%, mainly due to an increase in number of restaurant outlets and sales price.

Gross profit was Baht 2,577 million, an increase of Baht 179 million or 7.5%, mainly due to an increase in sales although food costs increased in accordance with the variety of foods offering and an increase in material costs but this was under closely control.

Earnings before interest, tax, depreciation and amortization (EBITDA) was Baht 557 million, a decrease of Baht 34 million or 5.8%, mainly due to an increase in staff costs and rental costs although there was the increase in gross profit.

Net profit was Baht 74 million, a decrease by Baht 102 million, or 58.0%, mainly due to the decrease in EBITDA and an increase in depreciation.

Financial Position

Assets

Total assets as at the end of December 2014 was Baht 171,987 million, a decrease by Baht 11,342 million, or 6%, compared with the end of 2013. Current assets decreased by Baht 2,656 million, mainly due to a decrease in cash and cash equivalents. Non-current assets decreased by Baht 8,686 million, mainly due to a decrease in overseas investment in associates.

Liabilities

Total liabilities as at the end of December 2014 was Baht 67,311 million, a decrease by Baht 18,025 million, or 21%, compared with the end of 2013. This was mainly due to a net decrease in bank overdrafts and loans from financial institutions.

The periods to maturity of interest–bearing liabilities were as follows.

Unit: Million Baht

| 21,947 |
|--------|
| 19,324 |
| 8,231 |
| 49,502 |
| |

Shareholders' Equity

Total equity as at the end of December 2014 was Baht 104,676 million, an increase of Baht 6,683 million, or 7 % compared with the end of 2013. This was mainly due to an increase in net retained earnings from the profit for the year which deducted with dividend payments.

Liquidity

Cash and cash equivalents, as at 31 December 2014, was Baht 2,230 million. The net decrease from the beginning of the period was Baht 2,872 million. Details of activities were as follows.

| Unit: | Million Baht |
|--|--------------|
| Net cash from operating activities | 24,407 |
| Net cash from investing activities | 2,607 |
| Net cash used in financing activities | (29,821) |
| Decrease in cash and cash equivalents in period | (2,807) |
| Adjustment from financial statement translation | (65) |
| Cash and cash equivalents at beginning of period | 5,102 |
| Cash and cash equivalents at end of period | 2,230 |

Net cash from operating activities of Baht 24,407 million was derived from the profit for the year of Baht 21,433 million plus $\frac{1}{2}$

non-cash items from depreciation and amortization of Baht 3,986 million and working capital and others increases of Baht 2,377 million deducted with sharing of profit from associates of Baht 3,389 million.

Net cash from investing activities of Baht 2,607 million was derived from proceeds from capital reduction of associate of Baht 4,465 million, dividend received from associate of 2,438 million plus others increases of Baht 499 million and deducted with a purchase of property, plant and equipment and intangible assets of Baht 4,795 million.

Net cash used in financing activities of Baht 29,821 million was due to net decrease of bank overdrafts and loans from financial institutions of Baht 17,203 million, dividend payments of Baht 11,359 and interest paid of Baht 1,259 million.

Risk Management

ThaiBev places importance on risk management, which forms part of corporate governance and principal foundation for the Company to achieve goals and objectives; to add value to the organization, shareholders, and stakeholders; and to enable stable and sustainable growth. With regard to enterprise-wide risk management, the Board of Directors has established the risk management policy and governs risk management through the appointed Risk Management Committee in order to ensure that key risks are monitored and managed following the defined risk management framework in a systematic, timely, and appropriate manner, which could reduce their impacts to an acceptable level for the organization. The Risk Management Committee organizes a meeting on a quarterly basis to consider and review risks and activities thereof, whereby a related report is proposed to the Board of Directors for acknowledgement in each quarter.

Continuous and systematic management of risks incurred in business operation has assisted the Company to attain continual growth in sales and earnings. In 2014, it could be regarded as particularly challenging due to the political and economic issues that led to negative impacts on the beverage business, especially alcohol beverage. Based on the risk assessment, taking into account the future tendency in economic, social, and environmental aspects as well as the business goals of ThaiBev, the following major risks are identified as summarized below.

1. Market Trends and Competition Risk

The ups and downs of the alcohol business partly depend on on–premise consumption, especially at restaurants or night life and entertainment venues. The persisting political unrest and protests since early 2014 plagued the night entertainment businesses as consumers were concerned about their safety of dining out. In addition, the rising household debt deterred consumers' purchasing powers significantly. Market researchers

revealed that beer and spirits consumption decreased by 7 and 11 percent, respectively. The decrease in consumer consumption affected the alcohol business, especially imported spirits and Blend 285 of the Company, which was positioned as premium whiskey of which its consumption mostly incurred at night entertainment venues.

With regard to the white spirits business, local spirit producers are key competitors who launched hundreds of brands with the looks similar to the Company's Ruang Khao brand, but their prices were 15–20 percent lower. As a result, certain consumers switched to these products during the economic slowdown for the lower price although they were of less quality. In addition, the latest excise tax increase resulted in a surge of alcohol tax cost per bottle that made it impossible for several local spirits producers to survive in the market. Therefore, they turned to illegal production to avoid excise tax payment and sold illegal spirits in various sizes of containers including plastic bags. Such activities stole quite a portion of market share, since the sales price was very low. Some forged brown spirits products of the Company by buying used boxes and bottles and sold the counterfeit spirits to retailers at a lower price.

In 2014, the overall beer business saw a decrease due to the excise tax increase since the end of 2013, the political events, and the agricultural commodity price slump throughout the year 2014. Most beer players deployed different strategies to stimulate the market in all distribution channels, including retailers, modern trade stores, and night entertainment venues. This intensified the market competition and made it more difficult for the Company to increase growth in sales and market share.

The non-alcohol beverage business consists of a variety of product categories. The overall competition remained intense, especially carbonated soft drinks, which tended to see flat

growth. As such, major players dedicated their resources to marketing and price point campaigns while constantly launching new products and promotions to win the market share and brand loyalty of consumers. Another product category that encountered a constantly fierce competition was the ready-todrink green tea. Although our brands have enjoyed continuous growth over the years, such growth was derived from sales, which had been stimulated by price-point and lucky draw campaigns all along. The growth did not stem from actual consumption demands, but attracted new players to the market; hence, heightened the level of competition. Since modern trade was the main sales channel accounted for 62 percent of sales, it was more difficult to prevent high potential newcomers from entering the market, both for the green tea and functional drink segments, which led to a highly competitive environment.

Preventive and Mitigating Measures

ThaiBev was well aware of the declined alcohol consumption rate at night entertainment venues. Therefore, the Company focused more on driving off–premise consumption. The retail sales teams were emphasized to increase distribution at retailers and modern trade stores in order to increase sales opportunity. Hong Thong and Mungkorn Thong spirits were among brands targeting the off–premise consumption increase that enables the Company to compensate for the decrease in sales of Blend 285.

ThaiBev launched various white spirit brands to prevent the loss of its market share to local spirit producers in different areas. These products were sold at lower prices than Ruang Khao, but slightly higher than the local spirit brands in order to attract consumers with lower purchasing power. These brands were positioned as branded products produced by standardized production facilities. In addition, our brands were displayed on a separate shelf to maintain their image and avoid any consumer's misunderstanding. In dealing with the counterfeit

spirits, ThaiBev provided knowledge to our employees and retailers to pay extra attention on the subject matter. Retailers were informed to notify any leads of these illegal spirit producers for further arrest. Our employees worked in coordination with governing agencies, namely, the Suppression Division of the Excise Department and police officers to make such arrests on a regular basis.

The Company's policy on the domestic beer business is to build growth in alignment with the vision of ThaiBev Group to be No.1 in ASEAN with stability and sustainability. ThaiBev would focus on innovative products and marketing activities to reach out the targeted demographics. Moreover, the Company has a policy to control expenditure, and that it opted for cost optimization and the most effective and efficient PR and advertisement expenses.

For the non-alcohol beverage business, the Company focused on the carbonated soft drink and green tea markets with an emphasis on marketing activities to continuously raise brand awareness. The Company has deployed creative PR and advertising campaigns to enhance the brand image along with new product development. These included new flavors of green tea launched in outstanding packaging and new sizes of the carbonated soft drinks introduced to best serve the demand of consumers. The Company avoided the discount war and leveraged our extensive distribution networks instead. Additionally, marketing research was conducted to ensure that our marketing expenses were continuously optimized and effective.

2. Finance and Investment Risk

A large amount of fund is required on a continuous basis for ThaiBev in respect of business operations and expansion in Thailand and overseas, including new product development, new facility construction and improvement of existing ones, and modernization to stay ahead of the beverage market trends in Thailand and other countries. The source of operating and expansion funds in the past and in the future have been mobilized from external borrowings and internal cash flow of the Company. ThaiBev expected that the funds would derive from additional borrowings, especially overseas investments, which require a large amount of foreign-currency fund. This could lead to various risks and uncertainties such as risks on interest rate, exchange rate, and liquidity.

Preventive and Mitigating Measures

ThaiBev has obtained credit facilities in various formats, i.e. overdrafts, promissory notes, and bills of exchange. Currently, the Company has liquidity equivalent to 4 times of average sales for the period of 1 month. For loan application, ThaiBev considered the source of funds and currencies of the loans, and continuously and closely monitored the current situations, as well as trends and movements of financial markets and interest and exchange rates. Also, various financial instruments were utilized to enhance effectiveness of interest and exchange cost management. The Office of Treasury plays an important role in investment planning and such risk mitigation activities.

3. Risk on Supply of Major Production Materials

Raw materials for production of beverages are domestic and overseas agricultural products, namely, rice, malt, hops, and molasses. In addition to the said raw materials, cans, glass bottles, and heavy fuel oil are key production materials. The quantity and price of said items fluctuate based on various factors, namely, the natural conditions in each year, and demand and supply of particular items. The Company therefore bears the risk of raw material supply where price could affect the cost or production and profit.

Preventive and Mitigating Measures

ThaiBev assessed and selected trade partners by taking into account the quality of products and services as well as the business operation policy to ensure alignment with the operation of the Company that upholds corporate governance and sustainable development of the business, society, and environment. The Company has determined "Guidelines for Sustainable Development Practice for Trade Partners", which was published on the Company's website for further study and practice by existing and potential trade partners. In addition, the Company issued a policy on supply of each key raw material which requires more than one supplier. Joint strategies were put in place for the Company and trade partners with regard to goods reservation and disaster and crisis management in order to ensure the ability of trade partners to deliver goods and undisrupted production plan of the Company. Moreover, purchase price was agreed in advance with key raw material suppliers to mitigate risk on price fluctuation and to ensure stable and clear cost of production.

4. Risk on Environment, Health and Safety

These risks mostly involve production. Main risks are as follows:-

4.1 Risk on water resources

Water is the main natural resource for operation of ThaiBev Group as it is the component of various activities, including molasses fermentation for spirit production, mixing/blending, and spirit and beer bottle cleaning. The water comes from 3 main sources: public resource, underground water, and tap water. The risks on water resources throughout the product life cycle are as follows:-

Risk on water shortage and quality of water for production
process

The incremental growth of the industrial and household sectors has led to the increasing demand for water while

the natural sources of water are limited and declining due to the global warming. This could lead to water shortage and would interrupt the production process of ThaiBev, or it would incur the higher production cost from substitute resources. In addition, human use of water has caused pollution from waste and chemical substances released into the water. Should the polluted water enter the production process, it would increase the cleaning cost and might affect the product quality as well as the efficiency and utilization years of machinery.

Risk on volumes and quality of water after the production process

Water utilized in the production process was treated before being released to the public water resources to ensure it would incur no impact on the environment and the Company's compliance with the related laws. Otherwise, the water might impact the environment and the ecosystem around the facility. As a result, there might be complaints or resistance from the nearby community; or the Company might incur compensation liability or the expense on waste elimination as stipulated by the laws; or it may suffer from damaged reputation, which would be invaluable.

Preventive and Mitigating Measures

ThaiBev has surveyed and monitored the volumes of water in public resources where its production facilities were located, based on the information of related public agencies. The pilot project on water footprint was launched, the result of which could contribute to development of a systematic water management system throughout the entire production supply chain. From 2015 onward, effective tools, namely, Global Water Tool by World Business Council for Sustainability Development (WBCSD) and World Resource Institute (WRI) Aqueduct, are to be deployed for water volume assessment so as to determine the critical water level and water shortage

tendency. Furthermore, other actions were taken for the purpose of preparation such as arrangements for additional wells of SangSom production facility in Kanchanaburi province. Regarding water treatment, all production facilities of ThaiBev have been effectively and continuously operating in accordance with the ISO14001:2004 certification for environmental management system, while the quality of water has been monitored and tracked with the quality measuring devices.

4.2 Climate changes

Changing climate and global warming have had pervasive impacts domestically, regionally and globally. These changes caused risks in respect of the environment and natural disasters which could impact the business of ThaiBev Group. For example, change of temperature may endanger certain species and crops, or cause severe flash flood. The higher temperature may cause fire, drought, and water shortage in certain areas. The main causes of today's global warming are the result of individual and industrial sector actions involving fuel burning and emission of greenhouse gases.

Preventive and Mitigating Measures

ThaiBev recognizes importance of air quality and sound management thereof. Chang Beer was the first and only beer in Thailand that was awarded with the Carbon Footprint certification by the Thailand Greenhouse Gas Management Organization (Public Organization), the Ministry of Natural Resources and Environment. Furthermore, the Company has established the policy on control of pollution emission and assigned our employees who were registered as the air pollution controller to measure the air quality. Our facilities are equipped with the air pollution treatment system, consisting of gas washer, which reduces the sulphur level in biogas before being input into the steam generator, wet scrubber, and bag filter machines to filter the polluted air at the ventilator of the steam generator, and so on. The 3Rs (Reduce, Reuse, Recycle) principle was adopted to reduce emission of greenhouse gases.

For instance, used box partitions were reused, paper gram of spirit box was reduced, bottles were recycled, and cooperation with suppliers was made to reduce the bottle weight and height of spirit box. These initiatives reduced CO₂ emission by 187.7 million kilograms in the year 2014. In addition, glass scraps were sold to bottle producers for recycling, and the Company registered to the Clean Development Mechanism (CDM) Project of the United Nations Framework Convention on Climate Change (UNFCCC) whose aim was to reduce CO₂ emission into the atmosphere. The Company commenced research on use of CO₂ emitted from molasses fermentation for adjustment of pH of bottle cleaning water. In 2015, the Carbon Footprint project is to be rolled out at the distilleries including Banguikhan, Feungfuanant, Kankwan, United Winery and Distillery, Simathurakij, Theparunothai, and Thanabhakdi. Our distilleries have engaged in projects to improve the air condition on a continuous basis. For example, the Company participated in the mangrove planting project at the Development Center of Koongkabane Bay in Chantaburi province, the activities organized on the 2014 National River and Canal Conservation and Development Day to conserve and restore the upstream forest in the forest of the Ban Trok Pla Lai Community in Tambon Yanree, Amphur Kabinburi, Pracheenburi province, the "Plant Tree and Build Moistened Soil at Ban Nong Tub Khai, Tambon Tung Wang, Amphur Satuk, Buriram province", and the Project in Honour of His Majesty the King: Community Forest Planting at Ban Nong Sam Pran Community in Karnchanaburi province.

To prevent the effect from the climate change, all the facilities of ThaiBev Group in flood-prone areas, i.e. Sura Bangyikhan Distillery in Pathum Thani province, Nateechai Distillery in Surat Thani province, and Cosmos Brewery and Beer Thip Brewery in Ayutthaya province were all surrounded with the earthen dykes to prevent flooding.

4.3 Industrial waste and pollution emission

The core businesses of ThaiBev Group rely on the use of energy, machinery, and chemicals, all of which could affect the environment and nearby communities to the extent that might result in environmental activism or social resistance.

Preventive and Mitigating Measures

ThaiBev Group has a policy to manage production waste through control of slops, chemicals, dust, smell, and noise to the level below the threshold stipulated by the laws/ regulations. The industrial waste management has been continuously improved whereby the 3Rs principle has been strictly adhered to, with the focus on internal reuse in order to minimize the waste to be eliminated. All facilities have had a dedicated team to monitor the environmental issues as well as treatment and elimination of industrial waste, and customer and community complaints. The team worked in a concrete manner where communication channels were opened up for customers, communities, and stakeholders to file complaints through the call center, direct line, postage mails, emails, and so on. Under the ISO 14001 for environmental management system, ThaiBev put in place the treatment of water with low concentration of organic matter using aeration technology. For waste water with high concentration of organic matters such as distillery slops, the burning technique was adopted to create an alternative energy to reduce the use of heavy fuel oil for steam generation and to produce biogas for replacement of heavy fuel oil as well. Furthermore, treated distillery slops contained high nutrition and they were distributed to agriculturists under supervision of related government authorities to replace chemical fertilizers without any impact on adjacent areas and water resources.

4.4 Health and occupational safety

ThaiBev places importance on safety as well as quality of products and services with awareness of its responsibility for health and safety of operating officers, communities, and stakeholders. This is because in business operation there may contribute to possible accidents or other undesirable health and safety incidents that affect not only the injured party on both physical and mental levels, but may also damage Thaibev's reputation as well as its costs.

Preventive and Mitigating Measures

Our beer production facilities have obtained certification of biosafety management standard OHSAS18001 since 2008. Various systems were implemented to ensure safety as well as quality of our products and services, i.e. 5S system (organization, orderliness, cleanliness, standardizing, and discipline), ISO 9001:2008 the quality management system, and ISO 22000:2005 the Food Safety Management System requirements for any organization in the food chain, which include the Sanitation & Hygiene, Good Manufacturing Practice (GMP), and Hazard Analysis and Critical Control Point (HACCP). For Chang drinking water, the product met all standard requirements of the public sector and obtained certification of standards of the National Sanitation Foundations (NSF) in accordance with USFDA. Furthermore, the Company adopted the environmental management system ISO 14001:2004 to ensure health and safety of operating officers, communities, and stakeholders. In addition, a work safety manual, training courses, and workshops on biosafety and safety practice for operating officers were organized in compliance with the Occupational Safety, Health and Environment Act B.E. 2554 to provide reference and guidelines for practice. In addition to adopting various international systems to the operation and management, the Company appointed a taskforce to conduct internal quality assessment of all systems. The taskforce conducted the assessment every 6 months to detect any failure to compliance so as to ensure the sustainability of the systems.

In case any risks or failure to compliance in the systems were identified, the assessment officer would report the findings to related functions for any related remedy and mitigation based on the Corrective Action & Preventive Action system. In this regard, implementation of the ISO management systems were under assessment and certification of internationally accredited certification bodies such as Bureau Veritas (Thailand) Ltd. and TUV NORD (Thailand) Ltd.

Risk on Compliance with Laws, Rules, and Regulations

The government sector continued to ensure strict enforcement of laws on alcohol business and consumption of alcohol beverages. Different interpretation of laws between business operators and government agencies might lead to more difficulties in launches of marketing campaigns such as PR, advertisement, outdoor activities, and on-premise activities. The severity of such issue varied in different areas, depending upon the legal interpretation of the officials. Currently, there has not yet been any clear judgment from the Supreme Court for existing disputes and cases governed by such laws.

Preventive and Mitigating Measures

ThaiBev particularly sees significance of risk on compliance with laws, rules, and regulations, since failure to comply with or partial compliance might result in damages from legal disputes, which could affect the reputation of the Company, or incur punishment and penalties. To mitigate the risk on failure to comply with the alcohol beverage control law, the Company has established an internal regulation requiring endorsement of the Office of Legal Affairs on all advertisement materials prior to public release. Moreover, discussion with the Office of Legal Affairs was required prior to the launch of any marketing activities to ensure they were carefully reviewed from the legal perspective prior to implementation. Knowledge and understanding were provided to executives, employees, and

customers to prevent any violation of the law. The Company was of an opinion that although the alcohol beverage control law made works of the sales and marketing teams of the Company more difficult, it also served as a barrier against new brands which might wish to enter the market.

6. Human Resources Preparation for Overseas Business Expansion

Since ThaiBev has enjoyed expedited growth, especially from the overseas expansion in ASEAN region, personnel who are equipped to work in the international environment are essential to ensure that the overseas businesses will run smoothly and continuously, and that there will be no impact from human resource shortage in our business operation.

Preventive and Mitigating Measures

To achieve the goals of recruiting and grooming human resources who are willing, able, and ready to work abroad, the Office of Human Resources has implemented the initial phase of the plan, i.e. to survey the requirements of functions where personnel of these qualifications are in demand such as finance and accounting, spirit production, beer production, supply chain (overseas procurement and logistics), and general administration. Then, it arranged for the development necessary knowledge and skills of personnel in response to such demand in short-term and long-term. In a case where internal recruiting could not fill in any vacancies which urgently needed workforce, external personnel with the said qualifications would be recruited to fill in the vacancy. Besides foreign language skills training courses, the Office of Human Resources coordinated with management of various departments to provide training programs to enhance knowledge and skills necessary for different functions. For instance, Thaibev Management Development Program or MDP was organized by collaboration between the Company and Sasin Graduate Institute of Business Administration with the aim of developing international management skill and inclusive

leadership skill for high potential employees and the target group who were groomed for overseas assignment.

In addition, the Office of Human Resources was endorsed by the Board of Directors of the Company to implement the International Assignment Remuneration Package program and to consider provision of assistance and support for employees and attaché in case they agree to take overseas assignment for a long period of time. The supports are for residence, hometown traveling, children education, living cost allowance, and tax. This is in order to provide morale support to these employees so that they could devote full attention to work without having to be concerned with ordeals and difficulties of living abroad.

Our People...Our Success

Keep Empowering "Corporate Core Values" Success of Our People is the Pride of Ours

Entering the third year of the "ThaiBev Core Values" Project managed by the Corporate Culture Committee, employees of Thai Beverage Public Company Limited and its subsidiary companies have joined hands in sustaining its intent, as well as jointly maintained the existence of our Corporate Culture known as "ThaiBev Core Values" in a more concrete manner through the alphabets T H A I B E V, representing 7 aspects and 9 meanings, namely, Team Spirit, Heart, Accountability, Be Best – Be Bold – Be Bright, Efficiency, and Virtue. Employees are advised to adhere to "ThaiBev Core Values" to carry out their duties to the best of their ability, contributing to efficient and effective operations within the organization which reflect the ongoing commitment to the organizational achievements.

The projects involving work initiative contest to promote work efficiency based on "ThaiBev Core Values" according to the annual campaigns, such as **The Biggest Saver Contest 2012**, **The Greater Efficiency Contest 2013**, and **ThaiBev Core Values Awards 2011–2013**, have been constantly initiated, with the key target to promote work efficiency. As such initiative is not only believed to provide opportunities, but also help turn each idea and action created by employees into a reality, as well as maximize benefits to themselves, their working team, units, and organization, our employees are opportune to present their knowledge and capability, together with harmony, which will lead to knowledge sharing and goal-oriented teamwork, resulting in efficient outcomes.

In 2014, "**Power of the Values**" Project had been initiated with an integration of "The Biggest Saver Contest 2012" or "The Greater Efficiency Contest 2013", and "ThaiBev Core

Values Awards" to become "ThaiBev Core Values Contest 2014". The working teams formed by employees representing each business group had paid attention to and submitted over 40 initiatives to join the contest. In addition to sustaining the intention and ensuring alignment of the working teams' behaviors with ThaiBev Core Values, these working teams and units have also generated and added value to the organization in a sustainable manner.

ThaiBev is confident that enhancing strong "corporate culture" would be a key to cultivating our employees to drive the organization to step towards success in line with our vision, mission, and business goal. With harmony and unity, it would not be difficult for us to overcome obstacles since "Every Success of Our People is the Pride of Ours."

Explicit and Continuous Human Resource Development Roadmap in Combination with the Development for the Future

In order to enable the organization to be more competitive at the international level, the Company gives priority to human resource development. The Supervisory Development Program (SDP) which commenced since 2012 remains active for high potential employees, developing specific skills and knowledge of our employees in response to the context of the Nation entering the ASEAN Economic Community (AEC) in 2015.

In 2014, the Company initiated another project for the supervisory development called "the Management Development Program" (MDP), which had been developed under the cooperation with Sasin Graduate Institute of Business Administration of Chulalongkorn University, with the aim to ensure that selective employees who are of high potential and high performance be fully equipped with all aspects of

knowledge, including economics, finance, marketing, general management, logistics management, change management, human resource management, and so on, in preparation for regional and international competitions. Knowledge for attendants of this project had been disseminated by specialized trainers. The application of such knowledge to corporate strategies would be extremely beneficial and further enable the Company to attain the goal of Vision 2020 in the years ahead.

Furthermore, the projects to develop internal trainers and knowledge management of ThaiBev remain our key operations which have been continuously carried out with the aim to create sustainable achievement.

To increase the capability of employees and to grant them the career advancement opportunity, the Internal Trainer Development Project has been carried out consistently. In addition to the trainer development for the core program on a yearly basis, the trainer development for the productivity program and the computer program, i.e., Microsoft Excel, have also been initiated over the past year. The development ranges from the process of standardizing the curriculum, training the trainers, and certifying knowledge by outside institutions for accreditation of qualities of the participating trainers. In this regard, there are more than 120 trainers who achieved the accreditation.

The Knowledge Management Project of ThaiBev Group has been carried out constantly, with the primary aim to move towards the learning organization in which employees can utilize their existing knowledge to be extended or create new knowledge in the organization, leading to significant innovations. The Knowledge Management Project will facilitate the dynamic learning within the organization, with an emphasis on overall employees' participation.

Finally, the next challenge of the organization is how to enable the new generation of employees to achieve business succession in a sustainable manner. The Company, therefore, has initiated the Succession Management Project in some core business units, starting from selecting employees and assessing their competency as well as readiness, formulating the Individual Development Plan, and significantly, providing employees and their immediate supervisors, as well as executives in each business unit with the opportunity to cooperate in closely analyzing, planning, and monitoring the development plan for each employee. On the capacity of the organization, the effective way to drive all employees to be High Performer requires formulating diverse strategic plans, but in alignment with individual's preference and readiness. All of the abovementioned projects are considered the significant mission of ThaiBev in building competitive advantages for our group of companies in the upcoming 2015.

In 2014, the Company also provided another alternative to human resource development in order to fulfill changing training requirements. Thai Beverage Training Co., Ltd. had developed 5 self-learning materials through electronic system or e-learning, titled Business Ethics, The Company-Related Knowledge, Corporate Products, The Company Rules, Regulations and Welfare, Spirits Production Process, and Beer Production Process. These learning materials are projected to be released every year, covering all business groups of the Company.

Credit Ratings

On 21 August 2014, following its annual review of the credit worthiness of Thai Beverage Public Company Limited ("ThaiBev" or the "Company"), TRIS Rating Co., Ltd. ("TRIS") affirmed the "AA- with Stable Outlook" credit rating.

ThaiBev has also engaged the services of Moody's Investor Service, Inc. ("Moody's"), a leading global credit rating agency, to obtain a more internationally-recognized credit rating that would enhance the Company's standing in overseas financial markets and funding flexibility.

Following its assessment of ThaiBev's credit worthiness, Moody's accorded ThaiBev a "Baa3 with Stable Outlook" credit rating on January 13, 2015.

Note

- 1. Thailand is rated "AAA" and "Baa1" by TRIS and Moody's, respectively.
- 2. The ratings are subject to revision or withdrawal by TRIS and Moody's following their respective annual reviews of ThaiBev's credit worthiness and/or when there are material changes to their opinions and/or rating methodologies.

Corporate Governance Report

At ThaiBev, we adhere to good corporate governance principles, and we conduct our business in compliance with all applicable laws, rules, and regulations, including the SGX Listing Manual ("Listing Manual"), and the principles and guidelines of the Code of Corporate Governance 2012 ("CG Code 2012"). The CG Code 2012 is applicable to ThaiBev in respect of its annual report for the financial year commencing January 1, 2013, and ThaiBev has sought to comply with the CG Code 2012 to the extent possible.

ThaiBev, which is a Thai company listed on the Main Board of Singapore Exchange Securities Trading Limited ("SGX"), has received the Most Transparent Company Award in the Foreign Listings Category from Securities Investors Association (Singapore) (SIAS) in 2009 and 2014 and received Runner–Up awards in 2010, 2012 and 2013.

A. Board Matters

Principle 1: The Board's Conduct of Affairs

Our Board of Directors ("Board") oversees the Company's business and affairs in accordance with the resolutions of shareholders, the applicable laws and the Listing Manual. The Board must exercise good business judgment and act in good faith in the best interests of the Company.

The Board is responsible for the overall business leadership, strategic direction, performance objectives and long–term success of the ThaiBev group of companies, both domestic and overseas ("ThaiBev Group of Companies"). It also seeks to align the interests of the Board and Management with that of shareholders, and balance the interests of all stakeholders.

The Board comprises directors, namely:

| 1. | Mr. Charoen Sirivadhanabhakdi | Chairman |
|-----|----------------------------------|---|
| 2. | Khunying Wanna Sirivadhanabhakdi | Vice Chairman |
| 3. | Mr. Narong Srisa-an | Vice Chairman |
| 4. | Mr. Komen Tantiwiwatthanaphan | Vice Chairman |
| 5. | Mr. Puchchong Chandhanakij | Director |
| 6. | Ms. Kanoknart Rangsithienchai | Director |
| 7. | Mr. Prasit Kovilaikool | Independent Director and Audit Committee Chairman |
| 8. | Prof. Kanung Luchai | Independent Director and Audit Committee Member |
| 9. | Mr. Manu Leopairote | Independent Director and Audit Committee Member |
| 10. | Mr. Ng Tat Pun | Independent Director and Audit Committee Member |
| 11. | Mr. Michael Lau Hwai Keong | Independent Director |
| 12. | Prof. Pornchai Matangkasombut | Independent Director |

| 13. Dr. Sakthip Krairiksh | Independent Director |
|--|---------------------------------------|
| 14. Gen. Dr. Choo-Chat Kambhu Na Ayudhya | Independent Director |
| 15. Mr. Vivat Tejapaibul | Director |
| 16. Mr. Panote Sirivadhanabhakdi | Director |
| 17. Mr. Thapana Sirivadhanabhakdi | President and CEO |
| 18. Mr. Ueychai Tantha-Obhas | Director and Executive Vice President |
| 19. Mr. Sithichai Chaikriangkrai | Director and Executive Vice President |
| 20. Dr. Pisanu Vichiensanth | Director and Executive Vice President |
| | |

Matters Requiring Board Approval

Our Board recognizes its utmost duty to administer the Company's business and oversee the Company's operations in the best interests of the Company. This includes the administration of the subsidiary companies to be in line with the Company's core business plans to ensure due compliance with the shareholders' resolutions, in good faith and due compliance with the laws, the Company's business objectives and Articles of Association ("AOA"). In addition, our Board ensures that the Company and its subsidiary companies comply with the Listing Manual. Our Board is also responsible for the determination of visions and business strategies of the Company, the oversight of Management's performance of their duties according to the Company's policies, and the reporting of the financial statements and general information to shareholders and investors with accuracy and sufficiency.

According to the Thai Law, the Board is required to meet in person and not less than four times in each year. In 2014, a total of 4 Board meetings were held in order to consider matters proposed by Management.

Training

All Directors have undergone and passed the Director Accreditation Program (DAP) of the Thai Institute of Directors. Certain Directors have also received accreditation under the Director Certification Program (DCP) of the same institution. We also provide training and information updates to the Directors to encourage and support their understanding of Singapore Law and the Listing Manual which are applicable to our Company. They also receive information updates as well as amendments made to the regulations on a regular basis. All Directors have received a clear explanation of their roles and responsibilities at the time of their proposed appointment to the Board.

In this regard, Directors and Executives of the Companies and its subsidiaries have received the manual comprising of the summary of relevant aspects of current Singapore laws and regulations, e.g., continuing listing obligations, dealing in securities, disclosure of interests, Code of Corporate Governance, in order to act as Board of Directors of the Company and executives appropriately.

Delegation of Authority on Certain Board Matters

Various Board committees, including the Audit Committee, Nomination Committee, Remuneration Committee, and Risk Management Committee, have been constituted to assist the Board in the discharge of its specific responsibilities, and effectively discharge its oversight duties and functions. The Board has also established financial authorisation and approval limits for operating and capital expenditure, and the procurement of goods and services, and in order to optimise operational efficiency, has clearly delegated authority to the relevant Board Committees (including the Executive Committee and the Management Committee) to review and approve transactions which fall within the said limits. In addition to matters that specifically require the Board's approval, the Board is also responsible for the review and approval of annual budgets, financial plans, financial statements, business strategies and material transactions, such as major acquisitions, divestments, funding and investment proposals, and will also be responsible for reviewing and approving transactions exceeding certain threshold limits.

To address and manage possible conflicts of interest that may arise in relation to Directors' interests, Directors are required to abstain from voting on any matter in which they are so interested or conflicted.

Audit Committee

The Board established the Audit Committee ("AC") and determined qualifications of the members, authority and responsibility of the committee in the Audit Committee Charter. The AC comprises four independent directors, namely: Mr. Prasit Kovilaikool, Prof. Kanung Luchai, Mr. Manu Leopairote, and Mr. Ng Tat Pun. Mr. Prasit Kovilaikool is the Chairman of the AC and Mr. Somsak Sae–Kuay, Vice President of the Office of Internal Audit, is the Secretary to the AC.

The AC is not authorized by the Board to make decisions on the business operation of the Company, subsidiaries, affiliates or juristic persons which may have conflicts of interest.

Mr. Ng Tat Pun was appointed by the Board to be the lead Independent Director for interested person transactions undertaken by the ThaiBev Group of Companies.

The AC is primarily responsible for reviewing the financial reporting process of the Company, the internal controls and the internal audit systems, compliance with laws relating to the business of the Company, connected transactions, interested person transactions or transactions which may give rise to conflicts of interest, and considering and selecting the Company's external auditors, etc. The AC meets at least once quarter or more as circumstances require. Please refer to the Audit Committee Report regarding performance of the duties and responsibilities by the AC in 2014.

Nomination Committee

The Board established the Nomination Committee ("NC"). The NC consists of Mr. Prasit Kovilaikool, Mr. Manu Leopairote and Khunying Wanna Sirivadhanabhakdi. The Chairman of the NC is Mr. Prasit Kovilaikool. Mr. Thidi Suwanarat is the Secretary to the NC. In this regard, the majority of NC members including the NC Chairman are independent directors.

The NC is primarily responsible for the selection of suitable persons to be appointed as director and/or President and CEO, and setting the procedures and the guidelines for such selection, including reviewing nominations for re-appointment of director, and assisting the Board in the determination of independence of independent directors. For further details, please refer to Principle 2: Board Composition and Guidance of this report.

• Remuneration Committee

The Board established the Remuneration Committee ("RC"). The RC consists of three independent directors, namely, Mr. Prasit Kovilaikool, Prof. Kanung Luchai and Mr. Manu Leopairote. The Chairman of the RC is Mr. Prasit Kovilaikool. Mr. Thidi Suwanarat is the Secretary to the RC.

The RC is primarily responsible for setting the policies and the guidelines in the determination of remunerations of any kind including to consider and review the remuneration of the Directors and key executives, for recommending to the Board a framework and criteria of remuneration for the directors and key executives, and for recommending specific remuneration packages for each director and key executive and to perform any other act as delegated by the Board. For further details, please refer to Principle 9: Disclosure of Remuneration of this report.

• Risk Management Committee

The Board established the Risk Management Committee ("RMC"), which comprises Directors and top executives. The RMC Chairman is Mr. Narong Srisa-an. Mr. Somsak Sae-Kuay, Vice President of the Office of Internal Audit, is the Secretary to the RMC. Any executive who is appointed as a Senior Vice President is automatically appointed as an RMC member. In 2014, the RMC consists of 15 members, namely,

- the following Directors: Mr. Narong Srisa-an, Mr. Puchchong Chandhanakij, Ms. Kanoknart Rangsithienchai, Mr. Thapana Sirivadhanabhakdi, Mr. Ueychai Tantha-Obhas, Mr. Sithichai Chaikriangkrai and Dr. Pisanu Vichiensanth; and
- the following executives: Mr. Jean Lebreton, Mr. Vichate Tantiwanich, Mr. Marut Buranasetkul, Mr. Prapakon Thongtheppairot, Ms. Vaewmanee Soponpinij, Mr. Kosit Suksingha, Mr. Mahin Kraivixien and Mr. Pramote Hassamontr.

From January 5, 2015, Dr. Agapol Na Songkhla who was appointed as Senior Vice President – Human Resources has automatically been a RMC member.

According to the RMC Charter approved by the Board, the RMC is responsible for determining the ThaiBev Group risk management policy and levels of acceptable risk before proposing them to the Board for consideration and approval, as well as establishing the risk management framework, the strategy on the organization and resources used for the risk management in line with the risk management policy of ThaiBev Group. The RMC must ensure that the established

risk management framework must enable the identification, analysis, evaluation, response and monitoring of all material risks of ThaiBev Group risk management in an effective and efficient manner. In addition, the RMC shall report the material risks, risk management strategy and activities to the Board after each RMC meeting to be held quarterly, and when the RMC deems necessary, in order to fulfill the RMC's duties and responsibilities.

• Executive Committee

The Board appointed an Executive Committee, which comprises Directors and top executives. As at January 5, 2015, the Executive Committee had 17 members, namely,

| 1. | Mr. Charoen Sirivadhanabhakdi | Executive Chairman |
|-----|----------------------------------|---|
| 2. | Khunying Wanna Sirivadhanabhakdi | 1st Executive Vice Chairman |
| 3. | Mr. Narong Srisa-an | 2 nd Executive Vice Chairman |
| 4. | Mr. Komen Tantiwiwatthanaphan | 3 rd Executive Vice Chairman |
| 5. | Mr. Puchchong Chandhanakij | 4 th Executive Vice Chairman |
| 6. | Ms. Kanoknart Rangsithienchai | 5 th Executive Vice Chairman |
| 7. | Mr. Thapana Sirivadhanabhakdi | President and CEO |
| 8. | Mr. Ueychai Tantha-Obhas | Director and Executive Vice Chairman |
| 9. | Mr. Sithichai Chaikriangkrai | Director and Executive Vice Chairman |
| 10. | Dr. Pisanu Vichiensanth | Director and Executive Vice Chairman |
| 11. | Mr. Prapakon Thongtheppairot | Senior Vice President |
| 12. | Mr. Marut Buranasetkul | Senior Vice President |
| 13. | Mr. Jean Lebreton | Senior Vice President |
| 14. | Mr. Kosit Suksingha | Senior Vice President |
| 15. | Mr. Vichate Tantiwanich | Senior Vice President |
| 16. | Ms. Vaewmanee Soponpinij | Senior Vice President |
| 17. | Dr. Agapol Na Songkhla | Senior Vice President |

Ms. Vaewmanee Soponpinij is the Secretary to the Executive Committee and Ms. Nantika Ninvoraskul is the Assistant Secretary to the Executive Committee.

To enhance Company business operation, the Board granted them the authority to perform their duties. In this regard, some of the Executive Committee members are assigned to oversee business units under the supervision of the President and CEO. The Executive Committee may appoint other sub-committees to support the Executive Committee and the Board in order to ensure the good corporate governance of the Company.

The Executive Committee's responsibilities are as follows:

- Prepare and propose business plans, targets, operational plans, business strategies and annual budgets of the Company and its subsidiary companies to the Board;
- Determine and propose business plans, budgets and management roles and responsibilities of the Company and its subsidiary companies to the Board for approval;
- Monitor the operations of the Company and its subsidiary companies to be in line with business policy, targets, operational plans, business strategies, budgets and management roles and responsibilities as approved by the Board for the efficiency of and to facilitate business conditions:
- Authorized to approve payments for investments or operations, borrowing or requesting for any facility from financial institutions, lending, including being a guarantor with respect to the normal business of the Company and its subsidiary companies as stipulated by the Board;
- Authorized to approve the annual budget for annual increase or adjustment of salary and annual incentive payment (bonus) for employees of the Company and its subsidiary companies;
- Authorized to approve payments as determined by Board;
- Propose the efficient organization and management structure of the Company and its subsidiary companies to the Board;

- Recruit, employ, terminate employment, promote, impose disciplinary penalty, transfer, adjust salary level, increase salary, adjust salary rate, and determine bonus, welfare and other benefits as well as consider all other remunerations for all levels of employees of the Company. The Executive Committee also has the authority to appoint the President and CEO or any appointee of the Company to be the authorized representative of the Company to sign related employment contracts within the budget approved by the Board;
- Approve the appointment of the Company's representatives to the Board of Directors and/or the sub-committee of its subsidiary companies in order to supervise all administrative matters as approved by the Company for the efficiency and best interest;
- Supervise and approve matters relating to the operation of the Company. It may appoint or authorize any one or more persons to engage in any act on behalf of the Executive Committee as it deems appropriate such as appointment of the sub-committee to consider salary increase and bonus of executive level employees ranking from Vice President to Executive Vice President, appointment of any of the sub-committees that have particular knowledge and expertise to manage and monitor before proposing to the Executive Committee, provided that the Executive Committee is entitled to repeal, change or modify the scope of the authorization; and
- Perform any other act as delegated by the Board.

However, the abovementioned approval does not grant power to the Executive Committee or the relevant authorized representative to approve any transaction in which the Executive Committee or said authorized representative, or any related person has an interest or may have any conflict of interest with the Company or its subsidiary companies (as defined in the Notification of the Securities and Exchange Commission). Any such matter must be proposed to the meeting of the Board and/or the meeting of shareholders, as the case may be, for approval, as stipulated in the AOA of the Company or its subsidiary companies, or any applicable laws.

In addition to the business conduction of Thai Beverage, the Board also appoints certain Executive Committee members to hold directorships in both its domestic and overseas subsidiary companies and/or business units, to monitor and control the business administration at maximum efficiency according to the Company's policy and for the best interest of the Company.

The Executive Committee meets normally once a month to discuss the Company's business administration, except in case of urgency wherein the meeting will be held as deemed necessary.

• Management Committee

The Board established the Management Committee ("MC") and authorized the President and CEO to be in charge of all MC activities. The MC was formed in January 2008 and consists of the top executives of business and support units. The composition of the MC evolves during the year due to the changing appointments and responsibilities of the top executives during the year.

As at January 5, 2015, there was a management restructuring in order to meet the business plan under Vision 2020 of the President and CEO. Therefore, the MC has been reorganized which consists of 11 members, namely, Mr. Thapana Sirivadhanabhakdi, Mr. Ueychai Tantha-Obhas, Mr. Sithichai

Chaikriangkrai, Dr. Pisanu Vichiensanth, Mr. Prapakon Thongtheppairot, Mr. Marut Buranasetkul, Mr. Jean Lebreton, Mr. Kosit Suksingha, Mr. Vichate Tantiwanich, Ms. Vaewmanee Soponpinij, and Dr. Agapol Na Songkhla. The Chairman of the MC is Mr. Thapana Sirivadhanabhakdi, the President and CEO and Ms. Nantika Ninvoraskul is the Secretary to the MC. Executives from various business units are also invited to join the MC meeting as circumstances require.

• Investment Committee

The Company is particularly cautious when considering investments for business expansion. In this regard, the Executive Committee established the Investment Committee ("IC") which consists of seven members from various units. Mr. Narong Srisa-an is the Chairman of the IC and Mr. Thapana Sirivadhanabhakdi is the Vice Chairman of the IC. Ms. Nantika Ninvoraskul is the Secretary to the IC. The IC is responsible for the consideration of and advises the Executive Committee on the acquisition/disposal of businesses, assets, including any merger of businesses, of the ThaiBev Group of Companies.

In 2014, the Company held the Board meetings, the Executive Committee meetings, including the other sub-committee meetings, and the following table shows the details of the attendance of each director and each committee at these meetings:

| Nan | ne ⁽³⁾ | Board | Executive
Committee | AC | RMC ⁽⁴⁾ | RC | NC |
|-----|--|-------|------------------------|-----|--------------------|-----|-----|

Remarks: (1) Mr. Komen Tantiwiwatthanaphan, Vice Chairman and 3rd Executive Vice Chairman, did not attend the Board of Directors Meeting; however, he attended one time of Executive Committee Meeting due to under wellness recovery.

⁽²⁾ Dr. Pisanu Vichiensanth, Director and Senior Vice President, was promoted to Director and Executive Vice President, Technology and Engineering, since November 17, 2014.

⁽³⁾ Dr. Agapol Na Songkhla was appointed as Senior Vice President, Human Resources which became effective on January 5, 2015.

⁽⁴⁾ Other two management, Mr. Mahin Kraivixien and Mr. Pramote Hassamontr, who are members of RMC also attended all Risk Management Committee Meeting in 2014.

Principle 2: Board Composition and Guidance

Board of Directors

As at December 31, 2014, our Board consists of 20 directors, including 8 independent directors representing more than one–third of the total number of the Board members.

All directors have long–term experience in business or attained honorary position.

The size and composition of the Board are reviewed from time to time by the NC, which seeks to ensure that the size of the Board is conducive to effective discussion and decision making, and that the Board has an appropriate number of independent directors. The NC also seeks to maintain diversity of expertise, skills, and attributes among the Directors, including relevant core competencies in areas such as accounting and finance, business and management, industry knowledge, strategic planning, and regional business expertise, as well as taking into account broader diversity considerations, such as gender, age, nationality, in making appointments. When a Board position becomes vacant or additional Directors are required, the NC will select and recommend candidates on the basis of their skills, experience, knowledge and diversity. Any potential conflicts of interest are also taken into consideration.

Independent Director

All directors exercise due diligence and independent judgement and make decisions objectively in the best interests of the Company. The qualifications of the independent director and the determination of the NC adhere to the requirements of Singapore's CG Code 2012. An independent director under the CG Code 2012 is one who has no relationships with the Company, its related corporations, its 10% shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement with a view to the best interests of the Company, and such director should be independent both in character and judgement.

In addition, the Board notes Guideline 2.4 of CG Code 2012 which recommends that the independence of any director who has served on the Board beyond nine years, from the date of first appointment, be subject to particularly rigorous review.

In this regard, the Board is of the opinion with the concurrence of the NC that all Independent Directors consist of Prof. Kanung Luchai, Mr. Manu Leopairote, Mr. Ng Tat Pun, Mr. Michael Lau Hwai Keong, Prof. Pornchai Matangkasombut, Dr. Sakthip Krairiksh, and Gen. Dr. Choo-Chat Kambhu Na Ayudhya, totalling seven persons should each continue serving as Independent Directors of the Company, notwithstanding their tenures which complete or exceed 9 consecutive years. The Board has considered and found each of them had actively expressed their independent opinions with regard to the Company's business operations and the recommendations of Management, and continued their ability to discharge their duties with independent business attitude with regard to the best interests of the Company, as well as illustrating their qualifications to be beneficial for the Board as a whole.

Principle 3: Chairman and CEO

Our Chairman encourages constructive relations among the Board, Executive Committee and Management. The Chairman approves the agenda to be considered at the Board meetings and the Executive Committee meetings (as he is the Chairman of the Executive Committee). The President and CEO supervises the disclosure of adequate and appropriate information to Management and to the Board for further consideration and actions at the appropriate time.

The Chairman and the President and CEO are each responsible for their roles in overseeing the business operation and administration in accordance with the policy of the Board and structure of the organization of the Company.

Mr. Charoen Sirivadhanabhakdi is the Chairman of our Company and the father of Mr. Thapana Sirivadhanabhakdi who is the President and CEO of the Company. In this regard, the Board appointed Mr. Prasit Kovilaikool as the Lead Independent Director. The Lead Independent Director acts as the principal liaison between the Independent Directors and the Chairman on sensitive issues, and also addresses shareholder concerns which could not have been resolved through the normal channels of the Chairman or the President and CEO, or for which such contact is inappropriate.

In the year 2014, the Lead Independent Director, Mr. Prasit Kovilaikool, requested to hold the total of 2 meetings for Independent Directors to meet in March and August 2014. The Independent Directors have observed and exchanged contributive suggestions for the further improvement of the Company's business operation efficiency.

Principle 4: Board Membership

In order to ensure a transparent process for the appointment and re–appointment of the directors to the Board, the NC establishes and reviews the profile required of Board members and makes recommendations to the Board on the appointment, re–appointment and retirement of Directors. The NC also reviews all nominations for appointment of President and CEO, Executive Vice President, and Senior Vice President, and submits its recommendations for approval by the Board. The NC takes into account an appropriate mix of core competencies for the Board and Executives to fulfil its roles and responsibilities.

Directors must ensure that they are able to give sufficient time and attention to the affairs of ThaiBev and, as part of its review process, the NC decides whether or not a Director is able to do so and whether he/she has been adequately carrying out his/her duties as a Director of ThaiBev. Currently, the Company has not yet determined the maximum number of listed company board representations which a director may hold. The Company believes that each director has carefully considered that he/she will be able to devote sufficient time to manage the business of ThaiBev.

A Director must retire from office as per the provision of the AOA of ThaiBev. The following is a summary of the composition, appointment, removal or retirement from our Board of Directors set forth in the AOA of the Company:

 The Board of Directors of the Company shall consist of at least five persons. Not less than one-half of the total number of directors shall reside within the Kingdom of Thailand. The directors of the Company shall have the qualifications as prescribed by the laws on public limited companies and securities and exchange.

- 2. The directors shall be elected by majority votes at the shareholders' meeting in accordance with the criteria and procedures as follows:
 - (1) Each shareholder shall have one vote for one share.
 - (2) A shareholder who wishes to exercise the right of election may use all the votes he/she has under (1) to elect on or several persons as director or directors; however, he or she may not split unequally between any persons in any number.
 - (3) The persons who receive the most votes shall be elected as directors, in the number of directors required or to be elected on the relevant occasion. In the event that votes of two or more nominees are equal in number, causing the number of directors required or to be elected on such relevant occasion to be exceeded, the chairman of the meeting shall have a casting vote.
- 3. At every annual ordinary shareholders' meeting, one-third of the directors, or, if the number of directors is not a multiple of three, then the number nearest to one-third shall retire from office.

The directors to retire during the first and second years following the registration of the Company shall be drawn by lots. In subsequent years, the directors who have remained in office for the longest time shall retire. A retiring director may be eligible for re–election.

- 4. Any director wishing to resign from office shall submit his/ her resignation letter to the Company. Such resignation shall become effective on the date of receipt of the said letter of the Company.
- 5. The shareholders' meeting may pass a resolution to remove any director from office prior to rotation, by a vote of not less than three-fourth of the number of the shareholders attending the meeting and having the right to vote, whose shares represent a total of not less than one half of the number of shares held by the shareholders attending the meeting and having the right to vote.

In performing their roles, our NC adheres to the laws applicable to our Company and the Listing Manual. The NC also adopted a charter and proposed it to the Board for approval.

Principle 5: Board Performance

In conducting the business of the Company, the Board performs its duties in good faith and due care according to the laws, shareholders' resolutions and to preserve the interests of the Company. Our Board will do the self-assessment of its performances and responsibilities.

Each year, the NC undertakes a process to assess the effectiveness of the Board. They include Directors' attendance, participation and contribution during Board meetings. Due consideration is also given to the factors set out in the Guidelines to Principle 5 of the CG Code 2012.

Principle 6: Access to Information

We are committed to providing our Board members with adequate, complete, continuous and timely information before the Board meetings and an on–going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.

The Board members have separate and independent access to the Company Secretary. The Company Secretary, in consultation and cooperation with the Office of Legal Affairs, is responsible for advising the Board on private and public limited company laws including securities laws and relevant regulatory matters. In this respect, we set up a Compliance Unit, having a Compliance Manager responsible for this Unit under supervision of the Office of Corporate Secretariat and also supports the Company Secretary. This is to ensure compliance with the legal and regulatory requirements. The Board approves the appointment and the removal of the Company Secretary. In 2014, the Company Secretary attended all Board and Executive Committee meetings.

The Office of Corporate Secretariat plans a year in advance, a calendar of activities for the Board. For preparation of the meeting, the Office of Corporate Secretariat will deliver the Board papers, financial statements including management

reports, agenda items and related materials, background or explanatory information relating to be brought are also dispatched beforehand on a timely basis to Directors, so that Directors have sufficient lead-time to peruse, review and consider the items tabled, and in order for discussions at Board and Board Committee meetings to be even more meaningful and productive. Senior Management is requested to attend the Board of Directors Meetings and other sub-committee meetings in order to provide input and insight into matters being discussed, and to respond to any queries that the Directors may have. The Board members have separate and independent access to management to ensure that Board procedures are followed.

Where it is necessary for the efficacious discharge of their duties, the Directors and Board Committees, either individually or as a group, may seek and obtain independent professional advice at the Company's expense.

B. Remuneration Matters

Principle 7: Procedure for Developing Remuneration Policies

The main responsibility of the RC is to assist the Board in establishing a formal and transparent process for developing policies on executive remuneration and development. The RC will also review the terms of compensation and employment for executive directors and key management personnel (such as the President and CEO, and top executives) at the time of their respective employment or renewal (where applicable) including considering the Company's obligations in the event of termination of services.

The RC is authorized by the Board to determine the remuneration of directors and/or executives in consultation with the Chairman to propose for the approval of the shareholders' meetings. The RC has reviewed and recommended to the Board the remuneration for each director and for the top executives and the recommendations of the RC are submitted for endorsement by the entire Board. All aspects of remuneration are considered by the RC, including director's fees, salaries, allowances, bonuses, and benefits-in-kind.

If a member of the RC has an interest in a matter under deliberation, he will abstain from participating in the review and approval process for that matter.

The RC may from time to time, and where necessary or required, consider engaging external consultants to assist in framing the remuneration policy and determining the level and mix of remuneration for Directors and Management.

Principle 8: Level and Mix of Remuneration

The determination of level and band of remuneration of the Directors, Executive Directors, and top executives of the Company were based on corporate performance, duties, responsibilities and individual performance, having regard to due compliance with applicable laws and the recommendations of the CG Code 2012.

In this regard, the Company entered into a long-term employment agreement with Dr. Pisanu Vichiensanth, who is the director and the Managing Director of Beer Thai (1991) Public Company Limited and Managing Director of Cosmos Brewery (Thailand) Co., Ltd., and a Senior Master Brewer.

With the exception of the aforementioned, there are currently no long–term incentive schemes for Directors, Executive Directors, and key management personnel, or employee share schemes.

Principle 9: Disclosure of Remuneration

9.1 Remuneration of Directors

Details of remuneration of the directors (including those who are in an executive capacity) of the Company in the accounting year ended December 31, 2014 (assuming a foreign exchange rate of SGD 1 = Baht 25), together with a percentage breakdown into the following categories (1) director fee; (2) salaries; (3) bonuses as well as funds paid based on the operating results of the Company; (4) other benefits; and (5) compensation in the form of shares and long-term benefits, are set out in the tables below.

In respect of the directors who are in an executive capacity, the Company, having duly considered the highly competitive human resource environment of the industry and the confidential nature of staff remuneration matters, is of the view that full disclosure of their remuneration may be prejudicial to the interests of the Company and may hamper the Company's efforts to retain and nurture its talent pool. In the alternative, the Company has disclosed their remuneration in bands of SGD 250,000 or equivalent (as described below).

Remuneration bands:

- "A" refers to remuneration below SGD 250,000 or equivalent
- "B" refers to remuneration between SGD 250,000 and SGD 499,999 or equivalent
- "C" refers to remuneration between SGD 500,000 and SGD 749,999 or equivalent
- "D" refers to remuneration between SGD 750,000 and SGD 999,999 or equivalent
- "E" refers to remuneration between SGD 1,000,000 and SGD 1,249,999 or equivalent
- "F" refers to remuneration between SGD 1,250,000 and SGD 1,500,000 or equivalent

In this regard, pursuant to the resolutions of the Board of Directors' Meeting No. 2/2004 held on May 21, 2004, Directors and/or Executive Committee Directors of ThaiBev and/or its subsidiaries who receive a monthly salary from the Company and/or any subsidiaries will not receive any directors' fees.

9.2 Remuneration of Top Executives

Details of remuneration of the top six executives (excluding persons who are directors or the CEO) of the Company in the accounting year ended December 31, 2014 (assuming a foreign exchange rate of SGD 1 = Baht 25), together with a percentage breakdown into the following categories: (1) salaries, (2) bonuses as well as funds paid based on the operating results of the Company, (3) other benefits, and (4) compensation in the form of shares and long-term benefits, are set out in the table below. Total remuneration has been disclosed in bands of SGD 250,000 or equivalent (as described above).

Remarks: (1) Dr. Agapol Na Songkhla was appointed as Senior Vice President, Human Resources, which became effective on January 5, 2015.

The aggregate amount of the total remuneration paid to the top 6 executives (excluding persons who are directors or the CEO) for the accounting year ended December 31, 2014 is SGD 2,075,000.

During the financial year ended December 31, 2014, the Company did not compensate any termination, retirement and post-employment benefits to the directors, the CEO, and the top executives (who are not the directors and the top executives or the CEO). Save for Mr. Thapana Sirivadhanabhakdi and Mr. Panote Sirivadhanabhakdi, who are the sons of our directors, Mr. Charoen Sirivadhanabhakdi and Khunying Wanna Sirivadhanabhakdi, and directors themselves, there are no other employees who are immediate family members of a director or the CEO and whose remuneration exceeds SGD 50,000 during the year. The remuneration of Mr. Charoen Sirivadhanabhakdi, Khunying Wanna Sirivadhanabhakdi, Mr. Thapana Sirivadhanabhakdi, and Mr. Panote Sirivadhanabhakdi has been disclosed in our 2014 Annual Report.

C. Accountability and Audit

Principle 10: Accountability

The Board is responsible for providing a balanced and understandable assessment of the performance, position and prospects of the ThaiBev Group of Companies, including through quarterly and annual financial reports. The financial statements for the first three quarters are released to shareholders within 45 days of the end of each quarter, and the annual results are released within 60 days of the end of each financial year, in each case primarily via SGXNET in line with the Listing Manual. Material price sensitive information is also disseminated to shareholders via SGXNET in compliance with the Listing Manual, as well as through press releases, the Company's website, and information briefings. In addition to such disclosures, our top executives also participate in quartly results briefings and telephone conferences from time to time, with a view to providing a timely update and clarification to our investors.

Principle 11: Risk Management and Internal Controls

Risk Management

The Board of Directors accepts overall responsibility for the governance of risk. The RMC, consisting of the directors and the top executives of each business unit, was appointed by the Board to assist the Board in discharging its responsibility in this regard to ensure that the ThaiBev Group of Companies has implemented an effective risk management framework. The RMC focuses on the identification and management of all material business risks, including but not limited to strategic, financial, operational, reputational, environmental, information technology, and compliance risks that may prevent the business from achieving its objectives.

In connection with its responsibility, the RMC determined the Company's risk management policy, levels of acceptable risk and proposed them to the Board for approval, as well as determined the risk management framework. The RMC's further roles are to oversee Management who is responsible for managing risks in accordance with the approved policy and framework, designing, implementing and monitoring the risk management measures.

The RMC meets every quarter, or as often as the RMC members deem necessary, in order to fulfill the RMC's duties and responsibilities. In 2014, the RMC meetings were held four times. After each meeting, the RMC is required to quarterly report the progress and status of significant risk management to the Board. This enables the Board to provide advice necessary to strengthen the efficiency and effectiveness of risk management.

The Company's risk management processes can be summarized as follows:

- Stipulate the Company policy and framework on risk management and communicate them to the Company executives and employees by emphasizing on the importance of risk management and the practical implementation of such policy to ensure the achievement of the Company objectives.
- Identify material corporate risks, set risk assessment criteria and risk appetite to manage high level risks.
- Conduct risk assessment according to risk assessment criteria.
- Set risk treatment procedures for risks that exceed the Company risk assessment criteria and levels of acceptable risk.
- Monitor and review major risks and risk treatment procedures to ensure that risks are appropriately managed.

Internal Controls

The Board recognizes its responsibility to ensure a sound system of risk management and internal controls to safeguard the shareholders' investments and the Company's assets. In this regard, the Board established an Executive Committee, each member of which oversees different departments and business units to ensure the adequacy and effectiveness of financial, operational, compliance and information technology controls, including systematic risk management through determining structure, strategy and risk owner, controlling and monitoring the results of risk management and reporting to the RMC.

In support of compliance with applicable laws and regulations, the Board also assigned the Office of Corporate Secretariat to oversee compliance with the private and public limited laws (including securities laws) which are applicable to the Company.

In addition to the relevant laws and regulations, the Board sets the tone on acceptable Business Ethics and has instructed that all directors, executives and employees comply with the same. As part of the Business Ethics, the Board instituted a policy for proper handling of information in order to prevent mishandling of information either for personal benefit or the benefit of other persons. It is the responsibility of the directors, executives and employees of the Company to prevent any access by unauthorized persons to, and/or disclosure of, non-public information that may affect the market price or value of the Company's shares and other financial instruments issued by the Company, before it has been received by the SGX, or before the information has been made public through SGXNET.

In addition, the Board of Directors has a policy for the Company, directors and executives on dealing in the Company securities. The Company, directors and executives of the Company are prohibited from dealing in the Company securities from the date commencing two weeks before the announcement of the Company financial statements for each of the first three quarters of the Company's financial year and one month before the announcement of the Company's full year financial statements, and from trading at any time on short-term considerations. Under the AOA of the Company and applicable law, the directors must also notify the Company and the SGX of the particulars of his/her shareholding interest in the Company at the time of his/her appointment and, for so long as he/she remains as a director, of any interest in, and all changes to, his/her shareholding in the Company within 2 business days of any such change. The Company Secretary immediately announces such notice through SGXNET and within 7 days provides a copy of the notice received to all other directors.

The AC, with the assistance of the internal and the external auditors, reviews and reports to the Board at least annually on the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and

information technology controls, all of which have been established and maintained by the management in order to ensure the Company's operational achievement towards its goals and objectives, ensure compliance with the applicable laws and regulations and safeguard its significant assets from misconduct or loss. The AC also oversees the accuracy and reliability of financial information and reporting. In assessing the adequacy and effectiveness of the Company's internal controls, the AC has considered the results of audits by the internal and external auditors in conjunction with the evaluation result based on the "Assessment Form of Adequacy of Internal Control System" which was designed in accordance with the COSO (The Committee of Sponsoring Organizations of the Treadway Commission) Internal Control Framework which was recommended by the Securities and Exchange Commission of Thailand (SEC) for the Stock Exchange of Thailand's listed companies to use as a quideline to perform self-evaluation or review on the adequacy of their own internal controls. Based on the aforesaid considerations, the AC is of the opinion that in 2014, the Company had in place adequate and effective internal controls including financial, operational, compliance and information technology controls.

Additionally, the Board, with the assistance of the RMC and the AC, annually reviews the adequacy and effectiveness of the Company's risk management and overall internal controls systems. Based on the internal controls and the risk management processes established and maintained by the Company, the independent audits performed by the internal and external auditors, and the assurance from the President and CEO and the Chief Financial Officer that the financial records have been properly maintained and the consolidated financial statements of the ThaiBev Group of Companies for the financial year ended December 31, 2014 ("FY2014") give a true and fair view of the operations and finances of the Company and the ThaiBev Group of Companies, and that the ThaiBev Group of Companies has in place adequate and effective internal controls and risk management systems which considers relevant and material to the current ThaiBev Group of Companies' business and operations, the Board, with the concurrence of the AC, is of the opinion that throughout FY2014 the ThaiBev Group of Companies had in place adequate and effective internal controls addressing financial, operational, compliance and information

technology risks and controls and risk management systems which considers relevant and material to the current ThaiBev Group of Companies' business operations.

The system of internal controls and risk management which was in place throughout FY2014 provides reasonable, but not absolute, assurance that the Company or the ThaiBev Group of Companies will not be adversely affected by any event that could be reasonably foreseen as it strives to achieve its business objectives. In this regard, the Board also notes that no system of internal controls and risk management can provide absolute assurance against the occurrence of material errors, poor judgment on decision making, human error, losses, fraud or other irregularities.

Principle 12: Audit Committee

The Board appointed the AC, which in 2014 consisted of four independent directors: three Thais and one Singaporean. The AC responsibilities are clearly set forth in the Audit Committee Charter, for instance, reviewing the financial statements preparation process and information disclosures of the Company and its subsidiaries to ensure accuracy and reliability, overseeing the adequacy and effectiveness of the internal controls and the internal audits of the Company and its subsidiaries, reviewing the Company and its subsidiaries compliance with business related laws, reviewing interested persons transactions to prevent any occurrence of conflicts of interest, and considering and selecting the auditors of the Company and its subsidiaries.

In carrying out the duty on the selection of the external auditors of the Company and its subsidiaries, the AC considers their competency, professional proficiency, recognized past performance and independence in providing audit services before proposing its opinions on the appointment of the external auditors of the Company and its subsidiaries and their remuneration to the Board of Directors in order to propose to the Shareholders' Meeting for approval. At the 2014 Annual General Meeting of Shareholders held on April 25, 2014, the Shareholders appointed Mr. Nirand Lilamethwat (Certified Public Accountant No. 2316) or Ms. Orawan Sirirattanawong (Certified Public Accountant No. 3757) of KPMG Phoomchai Audit Ltd. to be in charge of the audit of the Company's financial statements for the year ended December 31, 2014. This appointment is also in compliance with Rules 712 and 713(1) of the Listing Manual.

ThaiBev and its subsidiaries have appointed KPMG Phoomchai Audit Ltd. ("**KPMG Thailand**") and companies in the group of KPMG Thailand in various countries to provide audit services. The Company's significant subsidiaries, International Beverage Holdings Limited and InterBev Investment Limited, have appointed KPMG China to be their auditor. Although, in 2014, four overseas subsidiaries, namely, International Beverage Holdings Limited, USA Inc.; Best Spirits Co., Ltd.; InterBev Malaysia Sdn Bhd.; and InterBev (Cambodia) Co., Ltd. appointed different auditors from the Company, the AC and Board of Directors have considered and been satisfied that such appointment would not compromise the standard and effectiveness of the audit of the Company, in compliance with Rule 716 of the Listing Manual. The Company's significant associates, Fraser and Neave, Limited and Frasers Centrepoint Limited, listed on the SGX, have appointed Ernst & Young LLP to be their auditor.

According to the financial statements for the year ended December 31, 2014, ThaiBev Group of Companies consisting of ThaiBev and all subsidiaries paid the audit fees to KPMG Thailand and other auditors at the amount of approximately Baht 57.25 million and Baht 11.70 million, respectively. In addition, there was a payment for the non-audit fee to the KPMG Thailand and other auditors at the amount of approximately Baht 0.20 million, and Baht 0.45 million, respectively.

In performing the duties on the review of financial information reporting, the internal control and internal audit systems, compliance with business related laws and connected transactions or transactions may give rise to conflicts of interest, the AC will meet on a quarterly basis or when deemed necessary by the AC, with the auditors, the personnel of the Office of Internal Audit and Management according to the relevant topics. In 2014, apart from the ordinary meetings, the AC held 2 meetings with the internal and the external auditors, without the presence of Management.

The Company's external auditor KPMG Thailand regularly briefs AC members at AC meetings on relevant changes to accounting standards and issues which have a direct impact on the Company's financial statements.

Though the Company has not yet instituted a formal whistleblowing policy, there are certain channels which enable employees to lodge complaints to the Management.

Principle 13: Internal Audit

The Company established the Office of Internal Audit as an independent unit to assist the Board of Directors through the AC by assessing and improving effectiveness of risk management, internal controls and governance processes. In this regard, the AC appointed the Vice President of the Office of Internal Audit as the Secretary to the AC. The Office of Internal Audit reports directly to the AC and administratively to the President and CEO. With this organizational structure and reporting relationships, it enables the Office of Internal Audit to objectively and independently discharge the duties and responsibilities specified in its Internal Audit Charter approved by the AC. The Office of Internal Audit adopts a risk-based audit methodology to develop its audit plans to ensure that audit activities are aligned with key risks of ThaiBev Group of Companies. Based on risk assessments performed, greater focus and appropriate review intervals are set for high risk activities and material internal controls, including compliance with the Company's policies, procedures and regulatory responsibilities. During the year, the Office of Internal Audit Office conducted its audits as detailed in the internal audit plan submitted to and approved by the AC. Findings and internal auditors' recommendations on areas of improvement were reported for management's implementation. Each guarter, the Office of Internal Audit Office submitted to the AC a report on the status of the audit plan and on audit findings and actions taken by Management. Key findings are highlighted at the AC meetings for discussion and follow-up action. The AC monitors the timely and proper implementation of required corrective, preventive or improvement measures undertaken by Management. The AC is satisfied that the Office of Internal Audit has adequate resources and appropriate standing within the Company to perform its function effectively.

D. Shareholders Rights and Responsibilities

Principle 14: Shareholder Rights

The Company acknowledges and gives importance to the rights of the shareholders, who are the owners of the Company. The Company has ensured equal and fair treatment towards every shareholder through its accurate, transparent and timely disclosure of information via SGXNET. The Company pays great attention to the sufficiency of information disclosure so that the shareholders are able to make a well–informed decision at the shareholders' meeting, including casting their votes and expressing their opinions on significant changes and the election

of Directors, based on information which is accurate, complete, transparent, and equally shared.

Principle 15: Communication with Shareholders

Communication with shareholders is done not only through announcements via SGXNET but also through our Investor Relations Unit (currently is under supervision of the Office of Corporate Communication) who works closely with our top executives to ensure active communicate with shareholders through announcements made via SGXNET in a timely manner. The unit arranges quarterly briefings following the disclosure of interim and full year results, so that investors may query Management about financial, marketing or strategic issues. In the interim, the Investor Relations Unit also regularly meets with investors to communicate the policies and strategies of the Company so that investors have a good understanding of the Company operation. The Investor Relations Unit also provides timely detailed information via the corporate website.

The unit also reports to Management in relation to investors' comments and concerns. Contact information for the Investor Relations Unit is set out in section on Investor Information of this annual report and is also available in the investor relations section of our corporate website http://www.thaibev.com/ir.html.

Principle 16: Conduct of Shareholder Meetings

Shareholders' meetings are held in accordance with the agenda mentioned in the relevant invitation to the shareholders' meeting. The Company sends a complete invitation to shareholders' meeting, including attachments, with sufficient information relevant to the meeting to the shareholders. Moreover, the Company posts all information which is relevant to the meeting on SGXNET so that the shareholders will have sufficient time to carefully study this information. In addition, at least fourteen days prior to the date of the meeting, notice of a shareholders' meeting will be given by advertisement in a daily press in Singapore (for one day), and by the advertisement in the daily press in Thailand (for at least three consecutive days) in order to allow shareholders sufficient time to prepare for attending the shareholders' meeting as required by the related laws and regulations and the Listing Manual.

The Chairman of the Board, the Chairman of the Audit, Remuneration, and Nomination Committees, and Directors who are part of the management team are usually present and are available to address shareholders' queries at these meetings. Our external auditors from KPMG Thailand are also present to address shareholders' queries about the conduct of audit and the preparation and content of the auditor's report. Before the commencement of each meeting, the Chairman will give instructions on the voting and the counting methods as clearly prescribed. During the meeting, the Chairman allows the shareholders, equally, to make inquiries and express their opinions as well as to make recommendations.

The Chairman of the Meeting also answers questions and provides complete information as requested by the shareholders. After the meeting and before the commencement of the pre-opening session on the market day following the general meeting, the Company will immediately announce the resolutions of the shareholders' meeting on SGXNET. The Minutes of the shareholders' meeting must be accurately and completely recorded in a timely manner as required by law. Minutes of shareholders' meeting are also available to shareholders for their inspection upon their request.

The Company encourages the shareholders to use ballots for voting on each agenda item. The ballots shall be kept in the meeting room for vote counting prior to the announcement of the voting results of the shareholders. For the purpose of transparency, the Company makes an announcement of the detailed results showing the number of votes cast for, against, and abstain from voting on each resolution and the respective percentages as well as keeps all ballots (bearing signatures of the shareholders or their proxy) for future reference.

For listing rules of the Listing Manual of SGX regarding the requirement of holding of general meetings in Singapore, namely, Rule 730A and Practice Note 7.5. Rule 730A(1) and Practice Note 7.5 require (unless exempted by the SGX) an issuer with a primary listing on the SGX to hold its general meetings in Singapore unless there are legal constraints preventing it from doing so, and such issuer should provide alternative modes of engagement such as webcast and information meetings so that public shareholders have access to the board and senior management.

In this connection, as announced on February 20, 2014, ThaiBev consulted with SGX on this matter, and the SGX advised that Rule 730A(1) of the Listing Manual is not applicable to ThaiBev. Consequently, ThaiBev will continue to hold its general meeting in Thailand but not Singapore. For the purpose of paragraph 2.4 of Practice Note 7.5, SGX advised that it has no objection to ThaiBev not providing video conference

and webcast facility to enable Singapore–based shareholders to follow the proceedings during its shareholder meetings.

We would like to provide the key reasons to hold general meetings in Thailand as follows:

- Pursuant to Thai law, in respect of persons whose accounts with The Central Depository (Pte) Limited ("CDP") have been credited with ThaiBev shares, CDP is the only holder on record of such shares and therefore the only recognised shareholder of ThaiBev to attend and to vote at ThaiBev's general meetings. Depositors in Singapore whose shares are held through CDP (the "Depositors") are not permitted by Thai law to attend and to vote in person at ThaiBev's general meetings, even if such shareholder meetings are held in Singapore.
- ThaiBev has also been advised by our legal advisor that the Public Limited Companies Act (the "PLCA") and the AOA of the Company do not address the issue of whether non-shareholders are permitted to watch a shareholders' meeting from a place outside the meeting room. In addition, the power of the chairman of a general meeting of a Thai company to grant non-shareholders permission to watch a shareholders' meeting from a place outside the meeting room is also limited by the PLCA and the AOA of the Company.

Notwithstanding the legal restrictions described above, in order to provide a forum for interaction with Depositors in Singapore, the Investor Relations Unit of the Company plans to hold an annual information meeting in Singapore soon after its annual general meeting is held in Thailand, to enable as even a level of access to information as possible at the time of such meeting. Attendees will be given the opportunity to share their views and to ask our Directors and top executives relevant questions relating to the Company and its business, operations and performance.

It should also be noted that to be in line with our current practice, Depositors (and Depository Agents) with shares standing to the credit of their securities accounts with CDP, may direct CDP to exercise the voting rights in respect of the number of shares credited to their CDP securities accounts by completing the Voting Instruction Form(s). The Voting Instruction Form(s) will be dispatched to them by CDP and they may return complete forms to CDP on the specific date. The said Voting Instruction Form(s) will set out the resolutions to be considered at the shareholders meeting same as appeared in the invitation to the shareholders meeting.

Audit Committee Report

To Shareholders of Thai Beverage Public Company Limited

As appointed by the Board of Directors, the Audit Committee comprises four independent directors, led by Mr. Prasit Kovilaikool as Chairman, and the 3 Committee Members, namely Prof. Kanung Luchai, Mr. Manu Leopairote, and Mr. Ng Tat Pun, who are competent and qualified to independently discharge their duties assigned by the Board of Directors and specified in the Audit Committee Charter. The duties include the review of financial reporting, interested person transactions and internal controls, the oversight of the internal audit function, compliance and nomination of the external auditor, as well as its fees.

In 2014, the Audit Committee held 6 meetings and the performance results of the Audit Committee in its essence were as follows:

1. Review of Financial Reporting: The Audit Committee reviewed essential information of quarterly and annual financial statements of the Company and consolidated financial statements of the Company and its subsidiaries, which were prepared according to Thai Financial Reporting Standards (TFRS) in conformance with International Financial Reporting Standards (IFRS), jointly with the external auditors, senior management and Vice President of the Internal Audit Office. In its views, the Company had prepared its financial statements comprehensively and credibly in conformance with legal requirements and financial reporting standards, including adequate disclosure of information. Such financial statements were reviewed and audited by the external auditors with unqualified review and opinion given.

In addition, in 2014 the Audit Committee held 2 meetings with the external auditors and the internal auditors without the presence of the management to freely discuss the scope of audits, material data for preparation of the financial statements and information disclosure, and major obstacles encountered during the audits, which were reported that they had no material observation, difficulty, limitation including significant disagreements with the Management.

- 2. Review of Interested Person Transactions: The Audit Committee reviewed interested person transactions and transactions that may lead to conflict of interests. The review result of the transactions that the Company transacted with interested persons revealed compliance with the Company Shareholders' Mandate for the interested person transactions. The interested person transactions were undertaken at an arm's length basis, reasonable, on normal commercial terms and for the best interest of the Company with appropriate approval procedures, including disclosed information sufficiently, accurately and completely.
- 3. Review of Internal Control Systems: The Audit Committee reviewed the results of the internal control system assessment which were reported by the Office of Internal Audit on a quarterly basis, and the annual internal control assessment through using th assessment form of adequacy and effectiveness of internal control system against the internal control framework of the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

The results showed that the internal controls were adequate, effective and appropriate to the Company's business operations, corresponding to the views of the external auditors in similar assessment concerning the Company and its subsidiaries' financial reporting preparation that no material deficiencies impacting the Company's financial statements were found.

- **4. Supervision of Internal Audit:** The Audit Committee ensured that the Internal Audit Office is independent by having it report directly to the Audit Committee and provided supervision and advice on its operation to ensure that the Internal Audit Office was able to perform its tasks in accordance with the approved annual audit plan. The Audit Committee found that the internal audits had achieved the goals and plans.
- **5. Review of Compliance with Laws:** The Audit Committee reviewed and ensured strict compliance with legislation related to securities and stock exchange, including regulations and requirements related to business operations. In 2014, no violation had been found.
- **6.** Appointment of the External Auditor and Determination of the Audit Fee for 2015: In selecting the external auditor, the Audit Committee reviewed the external auditor's performance, insight and competencies, proficiencies, independence and fees before recommending the Board of Directors to propose to the Shareholders at the Annual General Meeting for approval on the appointment of KPMG Phoomchai Audit Ltd. as the Company's external auditor for the year 2015 and the auditor's remuneration amounting to Baht 9.12 million. In addition, the Audit Committee endorsed four indirect overseas subsidiaries to appoint their external auditors different from the Company's. The Audit Committee considered that the appointment would not compromise the standard and effectiveness of the audit of the Company, in compliance with the Rule of the Singapore Exchange.

In summary, the Audit Committee exercised its competency and adequate independence in overseeing the Company's operation according to the duties and responsibilities determined in its charter, and was of the opinion that the Company had prepared essential and credible financial reporting in accordance with the financial reporting standards, complete with adequate disclosure of interested person transactions or transactions with potential conflicts of interest; that it commanded good corporate governance, and adequate, appropriate and effective internal control system; and that it had fully complied with all relevant legislation and regulations for its businesses.

Mr. Prasit Kovilaikool
Chairman of the Audit Committee
February 25, 2015

Independent Auditor's Report

To the Shareholders of Thai Beverage Public Company Limited

I have audited the accompanying consolidated and separate financial statements of Thai Beverage Public Company Limited and its subsidiaries (the "Group") and of Thai Beverage Public Company Limited (the "Company"), respectively, which comprise the consolidated and separate statements of financial position as at 31 December 2014, the consolidated and separate statements of income and comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated and **Separate Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated and separate financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these consolidated and separate financial statements based on my audit. I conducted my audit in accordance with Thai Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated and separate financial statements are free from material

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the consolidated and separate financial statements present fairly, in all material respects, the financial position of the Group and Company, respectively, as at 31 December 2014 and their financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

(Nirand Lilamethwat)

On 3 February 2014, Oishi F&B (Singapore) Pte. Ltd., a subsidiary of indirect subsidiary of the Company, was incorporated in Singapore with an authorised and paid-up share capital of SGD 1 by issuing 1 ordinary share with a SGD 1 par value. Subsequently on 11 March 2014, the said company increased its authorised and paid-up share capital from SGD 1 to be SGD 1.52 million for the working capital and expansion of the future business. Oishi International Holdings Limited, the Company's indirect subsidiary, holds the entire share.

On 10 February 2014, Oishi International Holdings Limited, the Company's indirect subsidiary, increased its authorised share capital from HKD 0.5 million (0.5 million ordinary shares with a HKD 1 par value) to be HKD 9.4 million (9.4 million ordinary shares with a HKD 1 par value) and called the additional paid-up share capital from HKD 0.1 million to be HKD 9.4 million for the working capital and expansion of the future business.

At the Board of Directors' meeting, held on 27 February 2014, the Board of Directors unanimously approved for InterBev Investment Limited, the Company's indirect subsidiary, to increase its share capital. Subsequently on 17 June 2014 and 17 December 2014, the said indirect subsidiary increased its authorised share capital from SGD 227.63 million (227.63 million ordinary shares with a SGD 1 par value) to be SGD 817.96 million (817.96 million ordinary shares with a SGD 1 par value) and called the additional paid-up share capital from SGD 227.63 million to be SGD 817.96 million.

On 23 May 2014, Oishi F&B (Singapore) Pte. Ltd. ("OSPL"), a subsidiary of an indirect subsidiary of the Company, entered into Shareholder Agreement with a local company in the Republic of the Union of Myanmar to establish Oishi Myanmar Limited ("Oishi Myanmar") to support the expansion of the restaurant business in the Republic of the Union of Myanmar. On 9 May 2014, Oishi Myanmar has obtained the Certificate of Incorporation (Temporary) and Form of Permit (Temporary) from the government of the Republic of the Union of Myanmar with the authorised share capital of USD 2.1 million (2.1 million ordinary shares with a USD 1 par value) and the initial paid-up capital was USD 0.8 million. On 6 August 2014, OSPL paid the initial paid-up share capital of USD 0.4 million. Subsequently, on 28 August 2014, Oishi Myanmar is permanently incorporated and operated with retrospective effect since 9 May 2014.

At the Board of Directors' meeting of Sermsuk Public Company Limited ("Sermsuk"), an indirect subsidiary of the Company, held on 27 October 2014, the Board of Directors of Sermsuk approved to enter into a sale of trademark "est" between Sermsuk or its subsidiary ("Seller") and International Beverage Holding Limited ("Purchaser"), the Company's subsidiary, ("the Proposed Transaction"). In this regard, on 14 November 2014, the Board of Directors of the Company approved in principle for the Proposed Transaction and the appointment of an independent financial advisor to advise the Company on the Proposed Transaction. Subsequently on 20 November 2014, at the Board of Directors' meeting of Sermsuk, the Board of Directors approved to amend the Purchaser's name to be Super Brand Company Pte. Ltd., the Company's indirect subsidiary.

Subsequently on 23 December 2014, at the Extraordinary General Meeting of Shareholders of Sermsuk, the shareholders of Sermsuk approved the entering into the sale transaction of trademark "est" in the amount of Baht 1,300 million, which the Purchaser will make payment to the Seller on the execution date of the sale and purchase agreement, and in the second and third years, after the execution date such agreement, the Purchaser will pay the Company for its technical support and assistance, and knowledge and expert in the amount of Baht 130 million per year, totalling Baht 1,560 million. At the same date, Great Brand Limited, the subsidiary of Sermsuk, entered into Sale Agreement of Trademark "est" and Formulae with the Purchaser and registered the transferring of trademark "est" and the formulae to the Purchaser. The Purchaser has made payment for the trademark and formulae to the Seller in December 2014. In addition, the shareholders of Sermsuk approved Sermsuk to enter into a manufacturing and distribution agreement with the Purchaser or its designed person in exchange for a consideration based on actual distribution volume. The term and conditions of the manufacturing and distribution agreement will be based on an arm's length basis and in the same manner that Sermsuk carries it out with other companies or contractual parties.

However, as the said transactions have been conducted among the Company's indirect subsidiaries, therefore, the said transactions have been eliminated in preparation of the Group's consolidated financial statements for the year ended 31 December 2014.

At the Board of Directors' meeting of InterBev (Singapore) Limited and Super Brands Company Pte. Ltd., held on 24 December 2014, the Board of Directors unanimously approved for InterBev (Singapore) Limited ("IBS") and Super Brands Company Pte. Ltd. ("SB"), the Company's indirect subsidiaries, to increase theirs authorised share capital amounting to SGD 52.25 million. Subsequently on 17 December 2014, IBS increased its authorised share capital from SGD 9.00 million (9.00 million ordinary shares with a SGD 1 par value) to be SGD 61.25 million (61.25 million ordinary shares with a SGD 1 par value) and called the additional paid-up share capital from SGD 9.00 million to be SGD 61.25 million and SB increased its authorised share capital from SGD 8.21 million (8.21 million ordinary shares with a SGD 1 par value) to be SGD 60.46 million ordinary shares with a SGD 1 par value) and called the additional paid-up share capital from SGD 8.21 million to be SGD 60.46 million.

2. Basis of preparation of the financial statements

(a) Statement of compliance

The financial statements are prepared in accordance with Thai Financial Reporting Standards (TFRS); guidelines promulgated by the Federation of Accounting Professions ("FAP"); and applicable rules and regulations of the related Securities and Exchange Commission.

The FAP has issued the following new and revised TFRS relevant to the Group's operations and effective for annual accounting periods beginning on or after 1 January 2014:

| TFRS | Торіс |
|-----------------------|--|
| TAS 1 (revised 2012) | Presentation of financial statements |
| TAS 7 (revised 2012) | Statement of Cash Flows |
| TAS 12 (revised 2012) | Income Taxes |
| TAS 17 (revised 2012) | Leases |
| TAS 18 (revised 2012) | Revenue |
| TAS 19 (revised 2012) | Employee Benefits |
| TAS 21 (revised 2012) | The Effects of Changes in Foreign Exchange Rates |
| TAS 24 (revised 2012) | Related Party Disclosures |
| TAS 28 (revised 2012) | Investments in Associates |
| TAS 31 (revised 2012) | Interests in Joint Ventures |
| TAS 34 (revised 2012) | Interim Financial Reporting |
| TAS 36 (revised 2012) | Impairment of Assets |
| TAS 38 (revised 2012) | Intangible Assets |
| TFRS 2 (revised 2012) | Share-based Payment |
| TFRS 3 (revised 2012) | Business Combinations |
| TFRS 5 (revised 2012) | Non–current Assets held for Sale and Discontinued Operations |
| TFRS 8 (revised 2012) | Operating Segments |
| TFRIC 1 | Changes in Existing Decommissioning, Restoration and Similar Liabilities |
| TFRIC 4 | Determining whether an Arrangement contains a Lease |
| TFRIC 5 | Rights to Interests arising from Decommissioning, Restoration and Environmental Rehabilitation Funds |
| TFRIC 10 | Interim Financial Reporting and Impairment |
| TFRIC 13 | Customer Loyalty Programmes |
| TFRIC 17 | Distributions of Non-cash Assets to Owners |
| TFRIC 18 | Transfers of Assets from Customers |
| TIC 15 | Operating Leases-Incentives |
| TIC 27 | Evaluating the Substance of Transactions Involving the Legal Form of a Lease |
| TIC 32 | Intangible Assets–Web Site Costs |

The initial application of these new and revised TFRS has resulted in changes in certain of the Group's accounting policies. These changes have no material effect on the financial statements.

In addition to the above new and revised TFRS, the FAP has issued a number of other new and revised TFRS which are effective for annual financial periods beginning on or after 1 January 2015 and have not been adopted in the preparation of these financial statements. These new and revised TFRS that are relevant to the Group's operations are disclosed in Note 40.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following material items in the statements of financial position:

- available-for-sale financial assets are measured at fair value;
- owned land is stated at the fair value; and
- the employee benefit obligations are measured based on actuarial valuation using the projected unit credit method.

(c) Functional and presentation currency

The financial statements are presented in Thai Baht, which is the Company's functional currency. All financial information presented in Thai Baht has been rounded in the financial statements and in the notes to the financial statements to the nearest thousand and million unless otherwise stated.

(d) Use of estimates and judgements

The preparation of financial statements in conformity with TFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements is included in the following notes:

| Note 3 (v) | Current and deferred taxation |
|------------|--|
| Note 14 | Valuation of the recoverable amount of property, plant and equipment |
| Note 15 | Valuation of the recoverable amount of goodwill |
| Note 18 | Utilisation of tax losses |
| Note 23 | Measurement of defined benefit obligations |
| Note 37 | Valuation of financial instruments |

3. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

(a) Basis of consolidation

The consolidated financial statements relate to the Company and its subsidiaries (together referred to as the "Group") and the Group's interests in associates.

Business combinations

The Group applies the acquisition method for all business combinations other than those with entities under common control.

Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that currently are exercisable. The acquisition date is the date on which control is transferred to the acquirer. Judgement is applied in determining the acquisition date and determining whether control is transferred from one party to another.

Goodwill is measured as the fair value of the consideration transferred including the recognised amount of any non-controlling interest in the acquiree, less the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed, all measured as of the acquisition date.

Consideration transferred includes the fair values of the assets transferred, liabilities incurred by the Group to the previous owners of the acquiree, and equity interests issued by the Group. Consideration transferred also includes the fair value of any contingent consideration and share-based payment awards of the acquiree that are replaced mandatorily in the business combination. If a business combination results in the termination of pre-existing relationships between the Group and the acquiree, then the lower of the termination amount, as contained in the agreement, and the value of the off-market element is deducted from the consideration transferred and recognised in other expenses.

A contingent liability of the acquiree is assumed in a business combination only if such a liability represents a present obligation and arises from a past event, and its fair value can be measured reliably.

The Group measures any non-controlling interest at its proportionate interest in the identifiable net assets of the acquiree.

Transaction costs that the Group incurs in connection with a business combination, such as legal fees, and other professional and consulting fees are expensed as incurred.

Acquisitions from entities under common control

Business combinations arising from transfers of interests in entities that are under the control of the shareholder that controls the Group are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented or, if later, at the date that common control was established; for this purpose comparatives are revised. The assets and liabilities acquired are recognised at the carrying amounts recognised previously in the Group controlling shareholder's consolidated financial statements. The components of equity of the acquired entities are added to the same components within the Group's equity except that any share capital of the acquired entities is recognised as part of share premium. Any cash paid for the acquisition is recognised directly in equity.

Subsidiaries

Subsidiaries are entities controlled by the Group. Control exists when the Group has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The accounting policies of subsidiaries have been changed where necessary to align them with the policies adopted by the Group. Losses applicable to non-controlling interests in a subsidiary are allocated to non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

Loss of control

Upon the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently it is accounted for as an equity-accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

Associates

Associates are those entities in which the Group has significant influence, but not control, over the financial and operating policies. Significant influence is presumed to exist when the Group holds between 20% and 50% of the voting power of another entity.

Investments in associates are accounted for in the consolidated financial statements using the equity method (equity–accounted investees) and are recognised initially at cost. The cost of the investment includes transaction costs.

The consolidated financial statements include the Group's share of profit or loss and other comprehensive income of equity accounted investees, after adjustments to align the accounting policies with those of the Group, from the date that significant influence commences until the date that significant influence ceases. When the Group's share of losses exceeds its interest in an equity accounted investee, the Group's carrying amount of that interest is reduced to zero and recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the investee.

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income or expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. Unrealised gains arising from transactions with associates are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

(b) Foreign currencies

Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of the Group entities at exchange rate at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies are translated to the functional currency at the exchange rates at the reporting date.

Non-monetary assets and liabilities measured at cost in foreign currencies are translated to the functional currency at the exchange rates at the dates of the transactions.

Foreign currency differences are generally recognised in profit or loss.

Foreign operations

The assets and liabilities of foreign operations are translated to Thai Baht at the exchange rates at the reporting date.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are translated to Thai Baht at exchange rates at the reporting date.

The revenues and expenses of foreign operations are translated to Thai Baht at rates approximating the average foreign exchange rates at the dates of the transactions.

Foreign exchange differences are recognised in other comprehensive income and presented in the foreign currency translation reserve in equity until disposal of the investment.

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely in the foreseeable future, foreign exchange gains and losses arising from such a monetary item are considered to form part of a net investment in a foreign operation and are recognised in other comprehensive income, and presented in the foreign currency translation reserve in equity until disposal of the investment.

(c) Derivative financial instruments

Derivative financial instruments are used to manage exposure to foreign exchange and commodity price risks arising from operational, financing and investment activities. Derivative financial instruments are not used for trading purposes.

Forward exchange contracts and forward commodity price contracts are treated as off-statements of financial position items.

(d) Cash and cash equivalents

Cash and cash equivalents in the statements of cash flows comprise cash balances, call deposits and highly liquid short-term investments. Bank overdrafts that are repayable on demand are a component of financing activities for the purpose of the statement of cash flows.

(e) Trade and other accounts receivable

Trade and other accounts receivable (including balances with related parties) are stated at their invoice value less allowance for doubtful accounts.

The allowance for doubtful accounts is assessed primarily on analysis of payment histories and future expectations of customer payments. Bad debts are written off when incurred.

(f) Inventories

Inventories are measured at the lower of cost and net realisable value.

Cost is calculated using the weighted average cost principle, and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. In the case of manufactured inventories and work-in-progress, cost includes an appropriate share of production overheads based on normal operating capacity and is calculated using standard cost adjusted to approximate average cost.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs to complete and to make the sale.

(g) Non-current assets held for sale

Non-current assets (or disposal groups comprising assets and liabilities) that are expected to be recovered primarily through sale rather than through continuing use, are classified as held for sale. The assets (or disposal group) are measured at the lower of their carrying value and fair value less cost to sell. Any impairment loss on a disposal group is first allocated to goodwill, and then to remaining assets and liabilities on a pro rata basis, except that no loss is allocated to inventories, financial assets, deferred tax assets and investment properties. Impairment losses on initial classification as held for sale and subsequent gains and losses on remeasurement are recognised in profit or loss. Gains are not recognised in excess of any cumulative impairment loss.

(h) Investments

Investments in subsidiaries and associates

Investments in subsidiaries and associates in the separate financial statements of the Company are accounted for using the cost method. Investments in associates in the consolidated financial statements are accounted for using the equity method.

Investments in other debt and equity securities

Debt securities that the Group has the positive intent and ability to hold to maturity are classified as held-to-maturity investments. Held-to-maturity investments are stated at amortised cost, less any impairment losses. The difference between the acquisition cost and redemption value of such debt securities is amortised using the effective interest rate method over the period to maturity.

Marketable equity securities are classified as available–for–sale investments. Available–for–sale investments are, subsequent to initial recognition, stated at fair value, and changes therein, other than impairment losses and foreign currency differences on available–for–sale monetary items, are recognised directly in equity. Impairment losses and foreign exchange differences are recognised in profit or loss. When these investments are derecognised, the cumulative gain or loss previously recognised directly in equity is recognised in profit or loss. Where these investments are interest–bearing, interest calculated using the effective interest method is recognised in profit or loss.

Equity securities which are not marketable are stated at cost less any impairment losses.

The fair value of available-for-sale is determined as the quoted bid price at the reporting date.

Disposal of investments

On disposal of an investment, the difference between net disposal proceeds and the carrying amount together with the associated cumulative gain or loss that was reported in equity is recognised in profit or loss.

If the Group disposes of part of its holding of a particular investment, the deemed cost of the part sold is determined using the weighted average method applied to the carrying value of the total holding of the investment.

(i) Investment properties

Investment properties are properties which are held to earn rental income, for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes.

Investment properties are stated at cost less accumulated depreciation and impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the investment property. The cost of self-constructed investment property includes the cost of materials and direct labour, and other costs directly attributable to bringing the investment property to a working condition for its intended use and capitalised borrowing costs.

Depreciation is charged to profit or loss on a straight-line basis over the estimated useful lives of each property. The estimated useful lives are as follow:

Buildings 20 years

(j) Property, plant and equipment

Recognition and measurement

Owned assets

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses except for land which is stated at its revalued amount. The revalued amount is the fair value determined on the basis of the property's existing use at the date of revaluation less any subsequent impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and capitalised borrowing costs. Cost also may include transfers from other comprehensive income of any gain or loss on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognised net within other income in profit or loss. When revalued assets are sold, the amounts included in the revaluation reserve are transferred to retained earnings.

Leased assets

Leases in terms of which the Group substantially assumes all the risk and rewards of ownership are classified as finance leases. Property, plant and equipment acquired by way of finance leases is capitalised at the lower of its fair value and the present value of the minimum lease payments at the inception of the lease, less accumulated depreciation and impairment losses. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly to profit or loss.

Revalued assets

Revaluations are performed by independent professional valuers with sufficient regularity. The Group's policy requires an appraisal to be conducted every three to five years or when there are factors that might materially impact the value of the land, to ensure that

the carrying amount of these assets does not differ materially from that which would be determined using fair values at the reporting date.

Any increase in value, on revaluation, is recognised in other comprehensive income and presented in the revaluation reserve in equity unless it offsets a previous decrease in value recognised in profit or loss in respect of the same asset. A decrease in value is recognised in profit or loss to the extent it exceeds an increase previously recognised in other comprehensive income in respect of the same asset. Upon disposal of a revalued asset, any related revaluation surplus is transferred directly to retained earnings and is not taken into account in calculating the gain or loss on disposal.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

Depreciation

Depreciation is calculated based on the depreciable amount, which is the cost of an asset, or other amount substituted for cost, less its residual value.

Depreciation is charged to profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment. The estimated useful lives are as follows:

| Land improvement | 3 to 30 | years |
|--|----------|-------|
| Buildings and constructions | 5 to 40 | years |
| Building improvements | 2 to 33 | years |
| Machinery and equipment | 3 to 40 | years |
| Oak barrels | 10 to 20 | years |
| Furniture, fixtures and office equipment | 3 to 10 | years |
| Vehicles | 3 to 10 | uears |

No depreciation is provided on freehold land or assets under construction.

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

(k) Intangible assets

Goodwill

Goodwill that arises upon the acquisition of subsidiaries is included in intangible assets. The measurement of goodwill at initial recognition is described in note 3(a). Subsequent to initial recognition, goodwill is measured at cost less accumulated impairment losses. In respect of equity–accounted investees, the carrying amount of goodwill is included in the carrying amount of the investment, and an impairment loss on such an investment is not allocated to any asset, including goodwill, that forms part of the carrying amount of the equity–accounted investee.

Research and development

Expenditure on research activities, undertaken with the prospect of gaining new scientific or technical knowledge and understanding, is recognised in profit or loss as incurred.

Development activities involve a plan or design for the production of new or substantially improved products and processes. Development expenditure is capitalised only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Group intends to and has sufficient resources to complete development and to use or sell the asset. The expenditure capitalised includes the cost of materials, direct labour, overhead costs that are directly attributable to preparing the asset for its intended use, and capitalised borrowing costs. Other development expenditure is recognised in profit or loss as incurred.

Capitalised development expenditure is measured at cost less accumulated amortisation and accumulated impairment losses.

Other intangible assets

Other intangible assets that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses.

Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred.

Amortisation

Amortisation is based on the cost of the asset, or other amount substituted for cost, less its residual value.

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset. The estimated useful lives for the current and comparative periods are as follows:

Computer software3 to 10yearsTrademarks10 to 20yearsLicences10yearsRight10years

Amortisation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

(I) Leasehold rights

Leasehold rights are stated at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised in profit or loss on a straight-line basis over the agreement period.

(m) Impairment

The carrying amounts of the Group's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the assets' recoverable amounts are estimated. For goodwill and intangible assets that have indefinite useful lives or are not yet available for use, the recoverable amount is estimated each year at the same time.

An impairment loss is recognised if the carrying amount of an asset exceeds its recoverable amount. The impairment loss is recognised in profit or loss unless it reverses a previous revaluation credited to equity, in which case it is charged to equity.

When a decline in the fair value of an available-for-sale financial asset has been recognised directly in equity and there is objective evidence that the value of the asset is impaired, the cumulative loss that had been recognised directly in equity is recognised in profit or loss even though the financial asset has not been derecognised. The amount of the cumulative loss that is recognised in profit or loss is the difference between the acquisition cost and current fair value, less any impairment loss on that financial asset previously recognised in profit or loss.

Calculation of recoverable amount

The recoverable amount of available-for-sale financial assets is calculated by reference to the fair value.

The recoverable amount of a non-financial asset is the greater of the asset's value in use and fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

Reversals of impairment

An impairment loss in respect of a financial asset is reversed if the subsequent increase in recoverable amount can be related objectively to an event occurring after the impairment loss was recognised in profit or loss. For financial assets carried at amortised cost, the reversal is recognised in profit or loss. For available–for–sale financial assets that are equity securities, the reversal is recognised in other comprehensive income.

An impairment loss in respect of goodwill is not reversed. Impairment losses recognised in prior periods in respect of other non-financial assets are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(n) Interest-bearing liabilities

Interest–bearing liabilities are recognised initially at fair value less attributable transaction charges. Subsequent to initial recognition, interest–bearing liabilities are stated at amortised cost with any difference between cost and redemption value being recognised in profit or loss over the period of the borrowings on an effective interest basis.

(o) Trade and other accounts payable

Trade and other accounts payable (including balances with related parties) are stated at cost.

(p) Employee benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in profit or loss in the periods during which services are rendered by employees.

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit pension plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present

value. Any unrecognised past service costs and the fair value of any plan assets are deducted. The discount rate is the yield at the reporting date on the government bonds that have maturity dates approximating the terms of the Group's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Group, the recognised asset is limited to the total of any unrecognised past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements that apply to any plan in the Group. An economic benefit is available to the Group if it is realisable during the life of the plan, or on settlement of the plan liabilities.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognised in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognised immediately in profit or loss.

The Group recognises all actuarial gains and losses arising from defined benefit plans in other comprehensive income and all expenses related to defined benefit plans in profit or loss.

Other long-term employee benefits

The Group's net obligation in respect of long-term employee benefits other than pension plans is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is the yield at the reporting date on bonds that have maturity dates approximating the terms of the Group's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains and losses are recognised in profit or loss in the period in which they arise.

Termination benefits

Termination benefits are recognised as an expense when the Group is committed demonstrably, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognised as an expense if the Group has made an offer of voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably. If benefits are payable more than 12 months after the reporting period, then they are discounted to their present value.

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

(q) Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

(r) Difference arising from common control transactions

Difference arising from common control transactions relates to the restructuring of businesses under the common control of the ultimate majority equity holder of the Company and arises from the difference between the cost of the combination and the carrying amounts of net identifiable assets at the date of combination (except for businesses acquired that are not under common control, net identifiable assets are measured at the fair value). The Company recognises the difference arising from common control transactions under equity until disposal of the investment.

(s) Revenue

Revenue excludes value added taxes and is arrived at after deduction of trade discounts and volume rebates.

Sale of goods and services rendered

Revenue is recognised in profit or loss when the significant risks and rewards of ownership have been transferred to the buyer. No revenue is recognised if there is continuing management involvement with the goods or there are significant uncertainties regarding recovery of the consideration due, associated costs or the probable return of goods. Service income is recognised as services are provided.

When the outcome of a contract for the rendering of services can be estimated reliably, contract revenue is recognised in profit or loss by reference to the stage of completion of the contract activity at the reporting date. When the outcome of the contract cannot be estimated reliably, revenue is recognised only to the extent of the expenses recognised that are recoverable.

Commissions

When the Group acts in the capacity of an agent rather than as the principal in a transaction, the revenue recognised is the net amount of commission made by the Group.

Investments

Revenue from investments comprises rental income from investment properties and dividend and interest income from investments and bank deposits.

Rental income

Rental income from investment property is recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives granted are recognised as an integral part of the total rental income over the term of lease. Contingent rentals are recognised as income in the accounting period in which they are earned.

Interest and dividend income

Interest income is recognised in profit or loss as it accrues. Dividend income is recognised in profit or loss on the date the Group's right to receive payments is established.

(t) Finance costs

Finance costs comprise interest expense on borrowings, unwinding of the discount on provisions and contingent consideration, losses on disposal of available–for–sale financial assets, fair value losses on financial assets at fair value through profit or loss, and impairment losses recognised on financial assets (other than trade receivables) that are recognised in profit or loss.

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

(u) Lease payments

Payments made under operating leases are recognised in profit or loss on a straight line basis over the term of the lease.

Contingent lease payments are accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment is confirmed.

Determining whether an arrangement contains a lease

At inception of an arrangement, the Group determines whether such an arrangement is or contains a lease. A specific asset is the subject of a lease if fulfillment of the arrangement is dependent on the use of that specified asset. An arrangement conveys the right to use the asset if the arrangement conveys to the Group the right to control the use of the underlying asset.

At inception or upon reassessment of the arrangement, the Group separates payments and other consideration required by such an arrangement into those for the lease and those for other elements on the basis of their relative fair values. If the Group concludes for a finance lease that it is impracticable to separate the payments reliably, an asset and a liability are recognised at an amount equal to the fair value of the underlying asset. Subsequently the liability is reduced as payments are made and an imputed finance charge on the liability is recognised using the Group's incremental borrowing rate.

(v) Income tax

Income tax expense for the year comprises current and deferred tax. Current and deferred tax are recognised in profit or loss except to the extent that they relate to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill; the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and differences relating to investments in subsidiaries to the extent that it is probable that they will not reverse in the foreseeable future.

The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

In determining the amount of current and deferred tax, the Group takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgements about future events. New information may become available that causes the Group to change its judgement regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(w) Earnings per share

The Group presents basic earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held.

(x) Segment reporting

Segment results that are reported to the Group's CEO (the chief operating decision marker) include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly net foreign exchange gain or loss, parts of loans and related finance costs and some items of investments.

4. Related parties

For the purposes of these financial statements, parties are considered to be related to the Group if the Group has the ability, directly or indirectly, to control or joint control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

Relationships with related parties other than direct subsidiaries, indirect subsidiaries, subsidiaries of indirect subsidiaries, associates of indirect subsidiaries and associates of subsidiary of indirect subsidiaries (as presented in Note 1) were as follows:

Significant agreements with related parties

Supporting service agreements

The Company entered into supporting service agreements with subsidiaries for supporting service such as human resource, administration, accounting, finance, public relations, public co-ordination, technology, law, secretary and share register and internal audit for a period of one year from 1 January 2004 to 31 December 2004. Unless there are notifications to terminate the agreement not later than 30 days prior to the expiry date, this agreement continues to be in effect for the successive one year term. The subsidiaries are committed to pay a service fee at the rate of 1% of their principal revenue.

Application service provisioning agreement

The Company entered into the application service provisioning agreement with T.C.C. Technology Co., Ltd., a related party company, for the provision of ongoing maintenance and development of the application. The Company is committed to pay the rental fee of system, computer hardware and software license and service fee on a monthly basis throughout the contract period for a period of five years, effective from 31 May 2006, under the fees and conditions stipulated in the agreement. Subsequently, the Company entered into additional agreements according to the additional number of users, which will be ended on 31 March 2016.

Procurement agreements

Pan International (Thailand) Co., Ltd., the Company's subsidiary, entered into the procurement agreements with other subsidiaries, for providing the necessary purchasing of goods and procurement of services to the later subsidiaries. The procurement fee is 1% of the value of goods and services purchased under such agreements.

Molasses purchase and sale agreements

Thai Molasses Co., Ltd., the Company's subsidiary, entered into molasses purchase and sale agreements with various related companies in order to sell molasses to other subsidiaries within the Group, under the price and conditions stipulated in the agreements.

Glass bottle purchase and sale agreement

On 27 December 2012, Thai Beverage Recycle Co., Ltd., the Company's subsidiary, entered into the glass bottle purchase and sale agreement with Berli Jucker Plc., a related company, in order to sell glass bottle to other subsidiaries within the Group, for a period of three years, effective from 1 January 2013 to 31 December 2015, under the prices and conditions stipulated in the agreement.

License agreements

- Beer Chang Co., Ltd. and Archa Beer Co., Ltd., the Company's subsidiaries, entered into license agreements with three subsidiaries for the rights and obligations for the sale of drinking water, soda water, beer, draft beer and lager beer under the trade names of "CHANG" and "ARCHA". The three subsidiaries are committed to pay fees at the rate of 2% based on net sales at price, ex-factory, excluding VAT and after deducting excise tax, contributions to the health promotion fund and Thai Public Broadcasting fund.
- Sura Bangyikhan Co., Ltd., the Company's subsidiary, entered into license agreements with 12 the Company's subsidiaries for the rights to use trademarks for white spirits and Chiang – Chun blended spirits as stipulated in the agreements. The trademark fee is at the rate ranging from Baht 0.50 – 1.20 per bottle, based on the content and size of the bottle.

Sale distributor appointment agreements

On 4 November 2008, Oishi Trading Co., Ltd., the Company's indirect subsidiary, entered into a sale distributor appointment agreement with another indirect subsidiary to act as a distributor for green tea products. The agreement shall be in effect until 3 November 2014. This agreement shall be automatically renewed for additional periods of one year, unless there is a written notice not to renew this agreement not later than 90 days prior to the expiration of the initial term or any renewal term.

On 4 June 2013, the said indirect subsidiary entered into a sale distributor appointment agreement with a related company to act as a distributor in Malaysia and Brunei according to the prices and conditions stipulated in the agreement. The agreement shall be in effect until 30 June 2015.

Biogas purchase and sale agreements

Thai Beverage Energy Co., Ltd., the Company's subsidiary, entered into biogas purchase and sale agreements with the 3 related companies for a period of nineteen years, effective from 2009 to 2028, to supply biogas to use as a fuel source in spirits distillery process under the price and conditions stipulated in the agreements. Subsequently in 2010, the aforementioned agreements were made with additional 2 related companies for a period of eighteen years, effective from 2010 to 2028.

Revolving loan agreement

In June 2011, the Company entered into revolving loan agreement with subsidiaries for lending the loans with joint credit limit not exceeding Baht 10,000 million, bearing interest at the rate of 5% per annum and repayable at call. Subsequently in September 2011, the Company entered into revolving loan agreement with a subsidiary to lend loans with credit limit of Baht 15,000 million, bearing interest at the rate of 5% per annum and repayable at call.

In 2011, the Company entered into revolving loan agreements with subsidiaries for lending the loans with total credit limit of Baht 55,900 million, bearing interest at the rate of 5% per annum and repayable at call. Subsequently in 2013, the Company extended the credit limit and entered into the additional loan agreements with subsidiaries. As at 31 December 2014, the total credit limit was Baht 77,000 million.

Term loan facility agreement

In July 2012, the Company entered into term loan facility agreement with a subsidiary to lend a loan facility to finance the investment up to the amount of SGD 1,000 million which is repayable after one year from the drawdown date or other date which the Company would agree to extend.

In December 2012, International Beverage Holdings Limited, the Company's subsidiary, entered into term loan facility agreement with an indirect subsidiary to lend a loan facility to finance the investment amount of SGD 3,662.3 million which is repayable in semi-annual installments over five years and agreeable to extend the schedule.

Sale and purchase goods agreement

A subsidiary of the Company entered into sale and purchase goods agreement with a related company according to the minimum purchase quantity per month and the prices as stipulated in the agreement. The agreement shall be in effect for a period of two years, effective from 21 March 2013 to 20 March 2015. Either party shall give a written notice to extend the agreement not later than 60 days prior to the expiration date of the agreement. The aforesaid subsidiary is committed to purchase the remaining of the goods and materials from the seller as the supplied price within 30 days after the expiration of the agreement. Subsequently on 25 April 2014, the said agreement has been terminated, effective from 31 May 2014 onwards.

At the Board of Directors meeting of Fraser and Neave, Limited ("F&N"), an associate of an indirect subsidiary of the Company, held on 27 August 2013, the Board of Directors of F&N approved the proposed demerger of its property business by effecting a distribution in specie (the "Proposed FCL Distribution") of all the ordinary shares in the issued share capital of Frasers Centrepoint Limited ("FCL"), a wholly owned subsidiary of F&N to the shareholders of F&N, on the basis of two ordinary shares in FCL for each ordinary share of F&N and the listing of the FCL shares on the main Board of the Singapore Exchange Securities Trading Limited ("SGX").

At the extraordinary general meeting of the shareholder of F&N, held on 13 November 2013, the shareholders of F&N approved the Proposed FCL Distribution. Prior to 31 December 2013, F&N subscribed for 1,806,520,790 new shares in FCL for a total subscription amount of SGD 670 million. Subsequently on 9 January 2014, F&N announced the completion of the Proposed FCL Distribution and the listing of FCL shares on the main Board of SGX. In this regard, the Group recognised the investment in FCL by allocating the investment cost based on the fair value of investment as at the acquisition date.

At the annual general meeting of the shareholders of FCL, held on 7 January 2014, the shareholders approved the dividend payment of SGD 0.0173 per share. The dividend was paid to the shareholders on 18 February 2014. In this regard, the Company's indirect subsidiary received the said dividend of approximately Baht 368 million.

At the annual general meeting of the shareholders of F&N, held on 27 January 2014, the shareholders approved the dividend payment of SGD 0.12 per share. The dividend was paid to the shareholders on 18 February 2014. In this regard, the Company's indirect subsidiary received the said dividend of approximately Baht 1,275 million.

On 11 February 2014, F&N announced a proposed capital reduction exercise involving a cash distribution to its shareholders of SGD 0.42 per ordinary share. Based on the number of existing issued shares, as at the date of this announcement, an aggregate amount was approximately SGD 607 million. The proposed capital reduction has been approved from regulatory authorities and the shareholders at the extraordinary general meeting of the shareholder of F&N held on 28 February 2014. The Company's indirect subsidiary already received capital reduction in cash amount of approximately SGD 173 million (equivalent to Baht 4,465 million).

At the Board of Directors' meeting of F&N and FCL, held on 9 May 2014, the Board of Directors of F&N and FCL approved the interim dividend payment of SGD 0.02 and SGD 0.024 per share, respectively. These interim dividend was paid to the shareholders on 12 June 2014. In this regard, the Company's indirect subsidiary received the said dividend of approximately Baht 733 million.

In June 2014, Frasers Hospitality Investments Melbourne Pte. Ltd., a subsidiary of FCL, acquired 100% of the issued shares capital of Ananke Holdings Pty Ltd. in Australia. The aggregated consideration is approximately AUD 202.7 million.

On 1 July 2014, Frasers Amethyst Pte. Ltd., a subsidiary of FCL, entered into a Bid Implementation Agreement to offer the acquisition of 100% of the issued stapled securities of Australand Property Group for cash consideration of AUD 4.48 per stapled security. The aggregated consideration is approximately AUD 2.4 billion. On 31 October 2014, the acquisition has been completed. Therefore, Australand Property Group has become a wholly- owned subsidiary of Frasers Amethyst Pte. Ltd.

On 14 July 2014, Frasers Hospitality Trust ("FHT") commenced trading on the Main Board of the Singapore Exchange Securities Trading Limited. The FCL Group holds 22% of the stapled securities of FHT through its subsidiary.

On 15 August 2014, a subsidiary of F&N entered into a conditional agreement to acquire 15 million issued share capital of Vietnam Dairy Products Joint Stock Company, a company incorporated in Socialist Republic of Vietnam. The total consideration of the acquisition is VND 1,849,955 million (equivalent to Baht 2,800 million). The said transaction was completed on 21 August 2014.

On 7 October 2014, FCL Treasury Pte. Ltd. ("FCLT"), a subsidiary of FCL, has issued SGD 200 million of 3.95 per cent notes due in 2021, under the SGD 3,000 million Multicurrency Debt Issuance Programme established by FCLT on 21 March 2012, which is guaranteed by FCL.

F&N received a letter from the lawyers of Myanmar Economic Holdings Limited ("MEHL"), F&N's joint venture partner in Myanmar Brewery Limited ("MBL"), stating MEHL's intention to issue a notice of arbitration in respect of a potential claim relating to F&N's 55% stake in MBL. On 9 September 2013, the lawyers representing MEHL sent F&N a document entitled Notice of Arbitration. F&N and MEHL have submitted their claims to the Arbitration Tribunal in Singapore. Subsequently on 31 October 2014, the arbitral tribunal has ruled that MEHL is entitled to buy F&N's 55% stake in MBL at fair value to be determined by an independent valuer to be appointed by both parties. F&N is presently reviewing the decision and considering all its options.

At the Extraordinary General meeting of the shareholders of FCL, held on 12 November 2014, the shareholders approved the proposed issue and placement of Perpetual Capital Securities to a related company, subject to a maximum of 50% of the proposed offer of SGD 600 million.

On 8 December 2014, Frasers (Thailand) Pte. Ltd. ("FTPL"), a wholly-owned subsidiary of FCL, has entered into agreements to sell its entire 49% shareholding interest in Riverside Homes Development Co., Ltd. ("RHD") to SMJC Real Estate Co., Ltd. ("SMJC"), the Company's related company, and its entire 40.45% shareholding in Krungthep Land Plc. ("KLand") to Golden Land Property Development Plc., the Company's related company. The consideration for the sale of FTPL's entire interest in RHD and KLand are Baht 836 million and Baht 1,440 million respectively, and will be settled wholly in cash. The said transaction was completed on 12 December 2014.

Investments in associates as at 31 December 2014 and 2013, and dividend income from those investments for the years then ended were as follows:

During 2010–2013, the plot of land of subsidiaries were revalued by independent appraiser, which considered valuation using the market value basis. In this regard, an indirect subsidiary recognised the revaluation surplus on land of Baht 651 million which was recognised in other comprehensive income and presented as the revaluation surplus in equity of equivalent amount net off related deferred tax liability of Baht 129 million in 2013.

In 2014, the Group reviewed the recoverable amount of property, plant and equipment in accordance with Thai Financial Reporting Standard and found that the recoverable amount of property, plant and equipment as at 31 December 2014 exceeded its carrying amount.

The gross amount of the Group's fully depreciated plant and equipment that was still in use as at 31 December 2014 amounted to Baht 37,490 million (2013: Baht 36,861 million).

| S.P.M. Foods & Beverages Co., Ltd. | 547 | 547 | - | _ |
| United Products Co., Ltd. | 159 | 159 | - | _ |
| Others | 215 | 223 | _ | _ |
| Total | 7,044 | 7,052 | | |
| | _ | | | |

In 2014, the Group reviewed the recoverable amount of goodwill and found that the recoverable amount of goodwill as at 31 December 2014 exceeded its carrying amount.

Recoverable amount corresponds to the higher of the asset's fair value less costs to sell and its value in use, calculated using the discounted cash flows method. An impairment loss is recognised for any significant excess of an asset's carrying amount over its recoverable amount.

The periods to maturity of interest-bearing liabilities as at 31 December were as follows:

| | finan | Consolidated cial statements | Separa
financial statemen | |
|--------------------------------------|--------|------------------------------|------------------------------|-------------------|
| | 2014 | 2013 | 2014 | 2013 |
| | | | | (in million Baht) |
| Within one year | 21,947 | 12,357 | 15,317 | 10,038 |
| After one year but within five years | 27,555 | 55,343 | 16,569 | 24,270 |
| Total | 49,502 | 67,700 | 31,886 | 34,308 |

The principal features of the borrowings were as follows:

- (a) Bank overdrafts of the Group are repayable on demand. As at 31 December 2014, the Group had total overdraft amounting to Baht 6,114 million (2013: Baht 6,065 million) which were partially supported by the letters of comfort issued by the Company.
- (b) As at 31 December 2014, the Group had short–term loan facilities from several financial institutions totalling Baht 47,966 million (2013: Baht 47,112 million) with money market rates quoted by the financial institutions. The Group utilised short–term loans totalling Baht 7,173 million (2013: Baht 763 million), which consisted of promissory notes issued by the Group to several domestic financial institutions, and an indirect subsidiary had trust receipts facility with a financial institution totalling Baht 800 million (2013: Baht 800 million).
- (c) In November 2011, the Company entered into long-term loan agreements with three financial institutions in the amount of Baht 10,000 million which will be repaid commencing from November 2013 to November 2016 with interest payable monthly, every six months and every three months for the financial institution No. 1, 2 and 3, respectively, with interest ranging from 3 4.3 % per annum. Details are as follows:

| | | Repayment | | | |
|----------------------|-------------------|------------------------|---------------------------|------------------|--|
| Financial institutio | n Amount | Number of installments | Each installment | Payment due | |
| | (in million Baht) | | (in million Baht) | | |

The aforementioned long-term loans from financial institutions are unsecured.

During 2014, the Company repaid the long-term loan of Baht 2,667 million. As at 31 December 2014, the Company had the outstanding balance of long-term loans from the financial institutions of Baht 6,500 million (2013: Baht 9,167 million).

- (d) On 25 April 2012, the shareholders of a direct subsidiary approved to issue and offer the debentures not exceeding Baht 3,000 million for the operation and expansion of the business of the subsidiary with period not exceeding ten years. Upon redemption of the debentures issued within the stated amount, the subsidiary can re-issue on a revolving basis under certain conditions. Subsequently on 7 August 2013, the aforesaid subsidiary issued the debentures totalling principle amount of Baht 1,000 million with three year redemption period on 7 August 2016 with interest rate at 4% per annum.
- (e) In December 2012, an overseas subsidiary entered into a long-term loan facility agreement with seven branches of foreign financial institutions in Singapore, amounting to SGD 3,300 million. The long-term loan is repayable in installments every six months over five years. The aforementioned long-term loans from financial institutions are unsecured, but guaranteed by the Company. During the year, the aforesaid subsidiary repaid the loan according to the payment schedule of SGD 297.00 million. In addition, on 19 February 2014, 11 April 2014 and 17 October 2014, the aforesaid subsidiary repaid the partial loans prior to the maturity date without any penalty fees totalling SGD 531.27 million. The outstanding balance of this long-term loan as at 31 December 2014 was SGD 1,290.42 million or equivalent to Baht 31,955 million (2013: SGD 2,118.69 million or equivalent to Baht 54,366 million).
- (f) In March 2013, an indirect subsidiary entered into long–term loans agreement with a financial institution amounting to Baht 1,000 million which was to be repaid monthly in 5 installments, Baht 200 million each, commencing from November 2015 to March 2016, interest was monthly payable at 3.85% per annum. The outstanding balance of the long–term loans as at 31 December 2014 was Baht 1,000 million (2013: Baht 1,000 million).
- (g) In December 2014, an overseas subsidiary entered into a long-term loan facility agreement with the foreign financial institution in the amount of GBP 10 million with three year period. The long-term loan is repayable in 12 consecutive quarterly installments. The first 11 installments shall be repayable in the amount of GBP 250,000 and the final installment shall be repayable in the remaining amount. The outstanding balance of the long-term loan as at 31 December 2014 was GBP 10 million or equivalent to Baht 511 million (2013: nil).

The currency denomination of interest-bearing liabilities as at 31 December was as follows:

| | | | | | |

The holders of ordinary shares are entitled to receive dividends as declared from time to time, and are entitled to one vote per share at meetings of the Company.

Share premium

Section 51 of the Public Companies Act B.E. 2535 requires companies to set aside share subscription monies received in excess of the par value of the shares issued to a reserve account ("Share premium"). Share premium is not available for dividend distribution.

25. Reserves

Reserves comprise:

Appropriations of profit and/or retained earnings

Legal reserve

Section 116 of the Public Companies Act B.E. 2535 requires that a public company shall allocate not less than 5% of its annual net profit, less any accumulated losses brought forward, if any, to a reserve account ("Legal reserve"), until this account reaches an amount not less than 10% of the registered authorised capital. The legal reserve is not available for dividend distribution.

Other components of equity

Currency translation differences

The currency translation differences account within equity comprises all foreign currency differences arising from the translation of the financial statements of foreign operations.

Fair value changes in available-for-sale investments

The fair value changes in available–for–sale investments account within equity comprise the cumulative net change in the fair value of available–for–sale investments until the investments are derecognised or impaired.

Valuation surplus

The valuation surplus account within equity comprises the cumulative net change in the valuation of property, plant and equipment included in the financial statements at valuation until such property, plant and equipment is sold or otherwise disposed of.

Movements in reserves

Movements in reserves are shown in the statements of changes in equity.

26. Operating segment

Segment information is presented in respect of the Group's business and geographical segments. The primary format, business segments, is based on the Group's management and internal reporting structure.

Inter-segment pricing is determined on mutually agreed terms.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise net foreign exchange gain or loss, parts loans and related finance costs, and some items of investments.

In preparing segmental information, those liabilities and related interest expense that are not specifically attributable to a particular segment are allocated on a percentage of net assets basis. Management believes this to be a fair indication of the actual use of the liabilities.

Business segments

The Group comprises the following main business segments:

Spirits Production and sales of branded spirits products (mostly outside the Group);

Beer Production and sales of branded beer products (mostly outside the Group);

Non-alcoholic beverages Production and sales of branded water, soda, ready-to-drink coffee, energy drink, green tea and fruit

flavoured drinks (mostly outside the Group); and

Food Japanese restaurants and distribution of foods and beverages (mostly outside the Group).

Geographical information

Operating units of the Group are mainly located in Thailand. Portions of product produced from these units are exported directly or indirectly through foreign subsidiaries to external customers. Certain operating units of subsidiaries are located in foreign countries.

In presenting information on the basis of geographical information, revenue is based on the geographical location of customers. Assets are based on the geographical location of the assets.

| Amortisation | 18 | 19 | 4 | 5 | 1 | 14 | 10 | 12 | 43 | 50 |
| (Reversal of) impairment losses | ı | 1 | 1 | 1 | ı | (22) | ı | (4) | ı | (26) |
| Gain (loss) on disposal of assets | 32 | 37 | 89 | 50 | 20 | 65 | (2) | (11) | 166 | 141 |
| | | | | | | | | | | |

Certain operating segment information in 2013 have been reclassified to conform to the presentation in 2014. The reclassification of the operating segment information regarding the results of each reportable segment have been made, because management believes that such information is the most relevant in evaluating the results of certain segments. The new classification is more appropriate to the Group's business.

Defined benefit plans

Details of the defined benefit plans are given in Note 23.

Defined contribution plans

The defined contribution plans comprise provident funds established by the Group for its employees. Membership to the funds is on a voluntary basis. Contributions are made monthly by the employees at rates ranging from 2% to 3% of their basic salaries and by the Group at rates ranging from 2% to 3% of the employees' basic salaries. The provident funds are registered with the Ministry of Finance as juristic entities and are managed by a licensed Fund Manager.

31. Expenses by nature

The statements of income include an analysis of expenses by function. Expenses by nature disclosed in accordance with the requirements of various TFRS were as follows:

| | Consolidated financial statements | | financial | Separate statements | |

Income tax reduction

Royal Decree No. 530 B.E. 2554 dated 21 December 2011 grants a reduction in the corporate income tax rate for the three accounting periods 2012, 2013 and 2014; from 30% to 23% for the accounting period 2012 which begins on or after 1 January 2012 and to 20% for the following two accounting periods 2013 and 2014 which begin on or after 1 January 2013 and 2014, respectively. Royal Decree No. 577 B.E. 2557 dated 10 November 2014 extends the reduction to 20% for the accounting period 2015 which begins on or after 1 January 2015.

The Group has applied the reduced tax rate of 20% in measuring deferred tax assets and liabilities as at 31 December 2014 and 2013 in accordance with tax clarification issued by the FAP in 2012.

34. Promotional privileges

By virtue of the provisions of the Industrial Investment Promotion Act of B.E. 2520, two subsidiaries have been granted privileges by the Board of Investment relating to the production of bio-gas and the production of beverage. The privileges granted include:

The production of bio-gas

- (a) exemption from payment of import duty on machinery approved by the Board;
- (b) exemption from payment of income tax for certain operations for a period of eight years from the date on which the income is first derived from such operations;
- (c) a 50% reduction in the normal tax rate on the net profit derived from certain operations for a period of five years, commencing from the expiry date in (b) above; and
- (d) exemption from income tax on dividend income derived from certain promoted operations for a period of eight years.

The production of beverage

- (a) exemption from payment of import duty on machinery approved by the Board;
- (b) exemption from payment of income tax for certain operations for a period of eight years from the date on which the income is first derived from such operations; and
- (c) exemption from income tax on dividend income derived from certain promoted operations for a period of eight years.

As promoted companies, the aforementioned subsidiaries must comply with certain terms and conditions prescribed in the promotional certificates.

Summary of revenue from promoted and non-promoted businesses:

| | Consolidated financial statements | | Separate
financial statements | |
|-------------------------|-----------------------------------|---------|----------------------------------|-------------------|
| | 2014 | 2013 | 2014 | 2013 |
| | | | | (in million Baht) |
| Promoted businesses | 5,090 | 4,909 | - | - |
| Non-promoted businesses | 156,950 | 150,862 | _ | _ |
| Total income | 162,040 | 155,771 | _ | _ |
| | = | | | |

Privileges granted to business operator in Free Zone

In 2004, a subsidiary was granted approval from the Customs Department to operate in a "Free Zone", whereby the subsidiary obtains privileges related to the payment of import and export taxes, valued added tax and excise tax. Various other privileges are also granted.

35. Basic earnings per share

The calculations of basic earnings per share for the years ended 31 December 2014 and 2013 were based on the profit for the years attributable to ordinary shareholders of the Company and the number of ordinary shares outstanding during the years as follows:

| | Consolidated financial statements | | Separate
financial statements | |
|---|-----------------------------------|--------|----------------------------------|---------------------|
| | 2014 | 2013 | 2014 | 2013 |
| | | | (in million Baht | t / million shares) |
| Profit attributable to ordinary shareholders of the Company (basic) | 21,694 | 19,130 | 28,911 | 14,525 |
| Number of ordinary shares outstanding | 25,110 | 25,110 | 25,110 | 25,110 |
| Earnings per share (basic) (in Baht) | 0.86 | 0.76 | 1.15 | 0.58 |
| | | | | |

36. Dividends

At the meeting of the Board of Directors held on 14 August 2014, the Board of Directors unanimously approved the interim dividend payment for 2014 of Baht 0.15 per share, totalling Baht 3,767 million. The said dividend was paid to the shareholders on 11 September 2014.

At the annual general meeting of the shareholders of the Company held on 25 April 2014, the shareholders had the resolution to approve the appropriation of dividend of Baht 0.44 per share, totalling Baht 11,048 million. On 11 September 2013, a portion of the said dividend has been paid as the interim dividend of Baht 0.14 per share, totalling Baht 3,515 million. The remaining dividend of Baht 0.30 per share, totalling Baht 7,533 million, was paid to the shareholders on 22 May 2014.

At the meeting of the Board of Directors held on 14 August 2013, the Board of Directors unanimously approved the interim dividend payment for 2013 of Baht 0.14 per share, totalling Baht 3,515 million. The said dividend was paid to the shareholders on 11 September 2013.

At the annual general meeting of the shareholders of the Company held on 25 April 2013, the shareholders had the resolution to approve the appropriation of dividend of Baht 0.42 per share, totalling Baht 10,546 million. On 11 September 2012, a portion of the said dividend has been paid as the interim dividend of Baht 0.14 per share, totalling Baht 3,515 million. The remaining dividend of Baht 0.28 per share, totalling Baht 7,031 million, was paid to the shareholders on 22 May 2013.

37. Financial instruments

Financial risk management policies

The Group is exposed to normal business risks from changes in market interest rates and currency exchange rates and from non-performance of contractual obligations by counterparties. The Group does not hold or issue derivative financial instruments for speculative or trading purposes.

Risk management is integral to the whole business of the Group. The Group has a system of controls in place to create and acceptable balance between the cost of risks occurring and the cost of managing the risks. The management continually monitors the Group's risk management process to ensure that an appropriate balance between risk and control is achieved.

Capital management

The Board of Directors' policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board monitors the return on capital, which the Group defines as result from operating activities divided by total shareholders' equity, excluding non-controlling interests and also monitors the level of dividends to ordinary shareholders.

Interest rate risk

Interest rate risk is the risk that future movements in market interest rates will affect the results of the Group's operations and its cash flows because loan interest rates are mainly fixed. The Group is primarily exposed to interest rate risk from its borrowings (see Note 20). The Group mitigates this risk by ensuring that the majority of its borrowings are at fixed interest rates.

The effective interest rates of loans receivable as at 31 December and the periods in which the loans receivable mature or re-price were as follows:

| | Effective
interest
rate | Separate financial statements | | | |

Foreign currency risk

The Group is exposed to foreign currency risk relating to purchases and sales of goods which are denominated in foreign currencies. The Group primarily utilises forward exchange contracts to hedge such financial assets and liabilities denominated in foreign currencies. The forward exchange contracts entered into at the reporting date also relate to anticipated purchases and sales, denominated in foreign currencies, for the subsequent period.

At 31 December, the Group and the Company were exposed to foreign currency risk in respect of financial assets and liabilities denominated in the following currencies:

Credit risk

Credit risk is the potential financial loss resulting from the failure of a customer or counterparty to settle its financial and contractual obligations to the Group as and when they fall due.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount. At the reporting date there were no significant concentrations of credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position. However, due to the large number of parties comprising the Group's customer base, management does not anticipate material losses from its debt collection.

Liquidity risk

Financial Statements

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows.

Determination of fair values

A number of the Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. The fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

The fair value of trade and other receivables and loans to and other receivables from related parties is taken to approximate the carrying value.

The fair value of other non–quoted long–term investments is taken to approximate the carrying value based on comparison with underlying net assets value.

The fair value of trade accounts payable, loans from related parties and other parties, other payables from related parties, and other current liabilities is taken to approximate the carrying value.

The fair value of loans is taken to approximate the carrying value. The loans are bearing interest at rates closed to current market rate.

The fair value of forward exchange contracts is based on their listed market price, if available. If a listed market price is not available, then fair value is estimated by discounting the difference between the contractual forward price and the current forward price at the reporting date for the residual maturity of the contract using a risk-free interest rate (based on government bonds).

Fair values of forward exchange contracts at 31 December were as follows:

Other significant commitments

Specialist agreements

In 2004, the Company and four subsidiaries entered into production and blending control agreements with a specialist for a period of forty years from 1 August 2004 to 1 August 2044. Under the agreements, the Company and its subsidiaries are obliged to pay monthly service fees of Baht 4.3 million which are to be annually increased by 5% for the first 20 years from 1 August 2004 to 1 August 2024. Afterwards, the Company and its subsidiaries have to pay monthly service fees of Baht 0.25 million until the expiration of the agreements. Service fee, under the agreements, totalled Baht 1,766.2 million. Subsequently, the addendums were made on 5 January 2006, under which the Company and its subsidiaries have to pay additional amount to this specialist amounting to Baht 2,000 million. Therefore, the total service fees under the agreements both outstanding and already paid by the Company and its subsidiaries amounted to Baht 3,766.2 million.

As at 31 December 2014, the remaining commitments to be paid, relating to these agreements, amounted to Baht 1,082.2 million (2013: Baht 1,163.9 million).

Sponsorship agreement

On 10 February 2012, a subsidiary has entered into a sponsorship agreement with two football clubs in Spain, for a period of three years from 27 February 2012 to 30 June 2015 and from 1 January 2012 to 31 December 2014, respectively, in order to promote the Company's products as specified in the agreements, whereby the Company is granted a license to utilise the trade names, trademarks, images and logos of the owner parties. The subsidiary is obliged to pay total amounts of Euro 6.55 million during three years as the conditions specified in the agreements.

In 2014, a subsidiary entered into an advertising services agreement and a sponsorship agreement with Everton Footbal Club, in the United Kingdom, for a period of three years from 1 June 2014 to 31 May 2017 in order to promote the Group's businesses globally. Under the conditions as stipulated in the agreements, the subsidiary is obliged to pay a minimum payment of GBP 0.75 million and a maximum payment of GBP 3.05 million per year and minimum special bonus with the minimum amount of GBP 0.03 million and the maximum amount of GBP 1.70 million per year, depending on performance of Everton football in each year.

Material and package trading agreement

The Company's subsidiary and Oishi Ramen Co., Ltd., the Company's indirect subsidiary, entered into a material and package trading agreement with a local company for distribution of their products to the Group's restaurants and for materials and packaging management to the Company's subsidiary and its indirect subsidiary. The Company's subsidiary and its indirect subsidiary agreed to pay the service charge at the rate as specified in the agreement for a period of three years, from 1 January 2014 to 31 December 2016.

Transportation agreement

The Company's subsidiary and Oishi Trading Co., Ltd., the Company's indirect subsidiary, entered into a transportation agreement with a local company to transport their products from factory to the defined destination. Transportation cost is calculated for each trip at the rate as specified in the agreement. The agreement shall be in effect for a period of two years from 1 July 2010 to 30 June 2012. Unless there is notification from either party to terminate the agreement at the expiration date, this agreement continues to be in effect for a successive one year term.

Purchase natural gas agreement

On 30 September 2009, Oishi Trading Co., Ltd., the Company's indirect subsidiary, entered into a purchase natural gas agreement with a local company. The aforesaid indirect subsidiary agreed to pay disbursements and comply with the conditions as stipulated in the agreement. This agreements shall be in effect for a period of seven years, from 21 December 2009 to 30 November 2016, with a renewal option whereby either party gives a written notification to other not later than 90 days prior to the expiration date.

39. Events after the reporting period

- (a) On 21 January 2015, Sinomax International Pte. Ltd. ("Sinomax"), an indirect wholly-owned subsidiary of FCL, has entered into a conditional agreement to sell its entire shareholding interest in Beijing Sin Hua Yan Real Estate Development Co., Ltd. ("BJSHY") to Beijing Haina Junan Investment Co., Ltd. The completion of the transaction is subject to the fulfilment of certain conditions as set out in the agreement. The consideration for the sale of Sinomax's entire shareholding interest in BJSHY is approximately RMB 357.4 million (approximately Baht 1,894.31 million), and will be settled in cash.
- (b) On 13 February 2015, Food of Asia Co., Ltd., the Company's direct subsidiary, was incorporated in Thailand with an authorised share capital of Baht 10 million by issuing 1 million ordinary shares with Baht 10 par value. The initially called up capital was Baht 2.5 million, equivalent to 25%.
- (c) On 13 February 2015, Cash Van Management Co., Ltd., the Company's direct subsidiary, was incorporated in Thailand with an authorised share capital of Baht 10 million by issuing 1 million ordinary shares with Baht 10 par value. The initially called up capital was Baht 2.5 million, equivalent to 25%.
- (d) On 23 February 2015, an overseas direct subsidiary partially repaid the Singapore Dollar denominated long-term loans with financial institutions, prior to the maturity date together with interest payable without any penalty fee. The repaid principle amounting to SGD 378.78 million. After the loan repayment, the outstanding balance of the aforesaid long-term loan was SGD 911.64 million (31 December 2014: SGD 1,290.42 million).
- (e) At the Board of Directors' meeting held on 26 February 2015, the Board unanimously approved for International Beverage Holdings Limited ("IBHL"), the Company's subsidiary, to increase its authorised share capital amounting to SGD 1,000 million and approved in principle for IBHL to increase in authorised share capital of InterBev Investment Limited, the Company's indirect subsidiary.
- (f) At the Board of Directors' meeting held on 26 February 2015, the Board of Directors agreed to propose a dividend payment for the year of Baht 0.61 per share, totalling Baht 15,317 million. The interim dividend paid was Baht 0.15 per share, totalling Baht 3,767 million. The remaining dividend payment is Baht 0.46 per share, totalling Baht 11,550 million.

40. Thai Financial Reporting Standards (TFRS) not yet adopted

A number of new and revised TFRS have been issued but are not yet effective and have not been applied in preparing these financial statements. Those new and revised TFRS that may be relevant to the Group's operations, which become effective for annual financial periods beginning on or after 1 January in the year indicated, are set out below. The Group does not plan to adopt these TFRS early.

| TFRS | Торіс | Year
effective |

This Appendix of the Proposed Renewal of the Shareholders' Mandate for Interested Person

Transactions (the "Shareholders' Mandate") will be proposed to the 2015 Annual General Meeting

of Shareholders for consideration and approval.

Appendix

Proposed Renewal of Shareholders' Mandate for Interested Person Transactions

1. Background

The Board of Directors of Thai Beverage Public Company Limited (the "Company") refers to (a) the Notice of Annual General Meeting of the Company dated April 2, 2015 (the "Notice"), accompanying the 2014 annual report (the "Annual Report"), convening the Annual General Meeting ("AGM") of the Company to be held on April 22, 2015, and (b) Resolution No. 9 set out in the Notice.

2. Definitions

"Director"

The following definitions, or such other definitions as the SGX-ST may from time to time determine, shall apply throughout this Appendix (including the Schedules attached hereto), unless the context otherwise requires:

| "approved exchange" | A stock exchange that has rules which safeguard the interests of shareholders against Interested Person Transactions according to similar principles to Chapter 9 of the Listing Manual | | | | |
|---------------------------|--|--|--|--|--|
| "associate" | (a) In relation to any director, chief executive officer, substantial shareholder or controlling shareholder (being an individual): | | | | |
| | (i) his immediate family member (that is, the person's spouse, child, adopted child, step-child,
sibling and parent); | | | | |
| | (ii) the trustees of any trust of which he or his immediate family is a beneficiary or, in the case of a discretionary trust, is a discretionary object; and | | | | |
| | (iii) any company in which he and his immediate family together (directly or indirectly) have an interest of 30% or more; and | | | | |
| | (b) in relation to a substantial shareholder or controlling shareholder (being a company), any other company which is its subsidiary or holding company or is a subsidiary of such holding company or one in the equity of which it and/or such other company or companies taken together (directly or indirectly) have an interest of 30% or more | | | | |
| "associated company" | A company in which at least 20% but not more than 50% of its shares are held by the Company or the Group | | | | |
| "Baht" | Thai Baht, the lawful currency of Thailand | | | | |
| "CDP" | The Central Depository (Pte) Limited | | | | |
| "control" | The capacity to dominate decision–making, directly or indirectly, in relation to the financial and operating policies of a company | | | | |
| "controlling shareholder" | A person who: | | | | |
| | (a) holds directly or indirectly 15% or more of the total number of issued shares (excluding treasury shares) in the company. The SGX-ST may determine that a person who satisfies this paragraph is not a controlling shareholder; or | | | | |
| | (b) in fact exercises control over the company | | | | |

A director of the Company

"entity at risk"

The Company, a subsidiary of the Company that is not listed on the SGX-ST or an approved exchange,

or an associated company of the Company that is not listed on the SGX-ST or an approved exchange

and that is controlled by the Group, or the Group and its interested person(s)

"Group" The Company, its subsidiaries and associated companies

"Independent Directors" Shall bear the meaning set out in paragraph 9.1 of this Appendix

"Interested Person Transaction" A transaction between an entity at risk and an interested person

"interested person" A director, chief executive officer or controlling shareholder of the Company or an associate of any

such director, chief executive officer or controlling shareholder

"Listing Manual" The listing manual of the SGX-ST

"Shareholders" The registered holders of shares in the capital of the Company

"Shareholders' Mandate" The general mandate previously approved by Shareholders, and for which renewal is now being sought,

to permit the Company and its subsidiaries to enter into certain types of recurrent transactions of a revenue or trading nature or those necessary for day-to-day operations with specified classes of

the Company's interested persons

"SGX-ST" Singapore Exchange Securities Trading Limited

"subsidiary" Shall bear the meaning ascribed to it under Section 5 of the Companies Act (Chapter 50 of Singapore)

3. Shareholders' Mandate

Pursuant to the prospectus issued by the Company dated May 19, 2006 (the "**Prospectus**"), approval of the Shareholders was deemed obtained for a shareholders' mandate to enable the Company and its subsidiaries which are considered to be "entities at risk" within the meaning of Rule 904(2) of the Listing Manual, in their ordinary course of businesses, to enter into categories of Interested Person Transactions with specified classes of the Company's interested persons, provided that such transactions are entered into on an arm's length basis and on normal commercial terms. The details of the Interested Person Transactions and the shareholders' mandate were disclosed in pages 124 to 148 of the Prospectus. The said shareholders' mandate was renewed at the AGMs held on April 20, 2007, April 28, 2008, April 29, 2009, April 29, 2010, April 29, 2011, April 27, 2012, April 25, 2013 and April 25, 2014 in the manner set out on pages 180 to 188, pages 201 to 212, pages 209 to 220, pages 199 to 213, pages 203 to 213, pages 216 to 229, pages 214 to 227 and pages 220 to 231 of the Company's annual reports for the financial years ended December 31, 2006, 2007, 2008, 2009, 2010, 2011, 2012 and 2013, respectively.

4. Proposed Renewal of the Shareholders' Mandate

The Shareholders' Mandate was expressed to take effect until the conclusion of the subsequent AGM. Accordingly, the Directors propose that the Shareholders' Mandate be renewed at the forthcoming AGM on April 22, 2015 (the "2015 AGM"), to take effect until the next AGM of the Company.

5. Details of the Shareholders' Mandate

Details of the Shareholders' Mandate, including the rationale for it and the ensuing benefits to the Company, the review procedures for determining transaction prices with interested persons and other general information relating to Chapter 9 of the Listing Manual, are set out in Schedule 1 to this Appendix.

6. Audit Committee Statement

- 6.1 The Audit Committee has reviewed the terms of the Shareholders' Mandate and confirms that the review procedures established by the Company for determining the transaction prices of the Interested Person Transactions as set out under the Shareholders' Mandate in Schedule 1 to this Appendix, if adhered to, are sufficient to ensure that the Interested Person Transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.
- 6.2 If, during the periodic reviews by the Audit Committee, it is of the view that the established internal controls and review procedures referred to in Schedule 1 to this Appendix are no longer appropriate or sufficient to ensure that the Interested Person Transactions will be transacted on normal commercial terms and will not be prejudicial to the interests of the Company and minority Shareholders, the Company will seek a fresh mandate from Shareholders based on new internal controls and review procedures.

7. Directors' and Substantial Shareholders' Interests

The interests of the Directors and substantial shareholders of the Company in the issued shares in the capital of the Company as at January 21, 2015 and March 3, 2015 respectively can be found in the Annual Report in respect of the financial year ended December 31, 2014 to be or which has been, distributed to the Shareholders.

8. Abstention from Voting

Mr. Charoen Sirivadhanabhakdi and Khunying Wanna Sirivadhanabhakdi, who are Directors and controlling shareholders of the Company, and Mr. Thapana Sirivadhanabhakdi and Mr. Panote Sirivadhanabhakdi, who are Directors of the Company, will abstain, and have undertaken to ensure that their respective associates will abstain, from voting on Resolution No. 9, being the Ordinary Resolution relating to the proposed renewal of the Shareholders' Mandate, in respect of their shareholdings in the Company, if any, at the 2015 AGM. Such persons will also not accept appointment as proxies for any Shareholder to vote on the said resolution unless specific voting instructions have been given by the Shareholder as to how he wants his votes to be cast in respect of the said resolution.

9. Independent Directors' Recommendation

- 9.1 The Directors who are considered independent for the purposes of the proposed renewal of the Shareholders' Mandate are Mr. Komen Tantiwiwatthanaphan, Mr. Narong Srisa-an, Ms. Kanoknart Rangsithienchai, Mr. Ueychai Tantha-Obhas, Mr. Sithichai Chaikriangkrai, Dr. Pisanu Vichiensanth, Mr. Vivat Tejapaibul, Mr. Puchchong Chandhanakij, Gen. Dr. Choo-Chat Kambhu Na Ayudhya, Prof. Pornchai Matangkasombut, Mr. Michael Lau Hwai Keong, Dr. Sakthip Krairiksh, Prof. Kanung Luchai, Mr. Manu Leopairote, Mr. Prasit Kovilaikool and Mr. Ng Tat Pun (the "Independent Directors"). The Independent Directors are of the opinion that the entry into the Mandated Transactions described in Schedule 1 to this Appendix and with the Mandated Interested Persons is in the ordinary course of its business will enhance the efficiency of the Group and is in the best interests of the Company.
- 9.2 For the reasons set out in Schedule 1 to this Appendix, the Independent Directors recommend that Shareholders vote in favour of Resolution No. 9, being the Ordinary Resolution relating to the renewal of the Shareholders' Mandate at the 2015 AGM.

10. Directors' Responsibility Statement

The Directors collectively and individually accept responsibility for the accuracy of the information given in this Appendix and confirm after making all reasonable enquiries that, to the best of their knowledge and belief, this Appendix constitutes full and true disclosure of all material facts about the proposed renewal of the Shareholders' Mandate, the Company and its subsidiaries, and the Directors are not aware of any facts the omission of which would make any statement in this Appendix misleading. Where information in this Appendix has been extracted from published or otherwise publicly available sources or obtained from a named source, the sole responsibility of the Directors has been to ensure that such information has been accurately and correctly extracted from those sources and/or reproduced in this Appendix in its proper form and context.

11. Action to Be Taken By Shareholders

- 11.1 Shareholders, other than those who hold their shares in the Company through CDP, who are unable to attend the 2015 AGM and wish to appoint a proxy to attend and vote at the 2015 AGM on their behalf, will find attached to the Invitation to the 2015 AGM a Proxy Form which they are requested to complete, sign and return in accordance with the instructions printed thereon as soon as possible and, in any event, (a) so as to arrive at the Office of Corporate Secretariat of Thai Beverage Public Company Limited, at Sangsom Building, 6th floor, 14 Vibhavadi Rangsit Road, Chomphon Sub-district, Chatuchak District, Bangkok 10900, Thailand, no later than 24 hours before the time fixed for the 2015 AGM; or (b) at the venue of the 2015 AGM before the meeting commences and for the attention of the Company Secretary. The sending of a Proxy Form by a Shareholder does not preclude him from attending and voting in person at the AGM if he finds that he is able to do so.
- 11.2 Persons who hold Shares in Securities Accounts with CDP may instruct CDP to exercise the voting rights for their deposited Shares; such persons will find, attached to the Invitation to the 2015 AGM, a Voting Instructions Form which they are requested to complete, sign and return in accordance with the instructions printed thereon as soon as possible and, in any event so as to arrive at CDP at the address stated in the Voting Instructions Form no later than 5.00 p.m. (Singapore time) on April 13, 2015. However, it should be noted that as a matter of Thai law, and as disclosed in the Company's prospectus dated May 19, 2006, CDP shall be the only holder of record of such Shares and, accordingly, the only person recognised as a Shareholder and legally entitled to attend and vote at the 2015 AGM.
- 11.3 Persons who hold Shares in Securities Accounts with CDP who wish to personally attend and vote in their own names at the 2015 AGM must take such steps as are necessary to transfer their Shares out of the CDP system and to have the relevant Shares registered with the Company in their own names by April 2, 2015, being the date on which the register of the Shareholders of the Company will be closed for the purpose of determining the rights of the Shareholders to attend and to vote at the 2015 AGM. It should be further noted that such Shares which have been transferred out of the CDP system cannot be traded on the SGX-ST unless they are transferred back into the CDP system. In this regard, such transfers shall be subject to applicable taxes and fees. Please contact CDP at (65) 6535 7511 (or via email at cdp@sgx.com) should you require any guidance on the process of such transfer and registration.

12. Others

- 12.1 The SGX-ST takes no responsibility for the accuracy of any statements or opinions made or reports contained in this Appendix.
- 12.2 If you are in any doubt as to the contents herein or as to the action you should take, you should consult your stockbroker, bank manager, solicitor, accountant or other independent professional adviser immediately.
- 12.3 If you have sold all your ordinary shares in the Company, please forward this document to the purchaser or bank or stockbroker or agent through whom the sale was effected for onward transmission to the purchaser.

SCHEDULE 1 TO THE APPENDIX

General Mandate for Interested Person Transactions

We anticipate that we would, in the ordinary course of business, continue to enter into certain transactions with our interested persons, including but not limited to those categories of transactions described below. In view of the time-sensitive nature of commercial transactions, it would be advantageous for us to obtain a shareholders' mandate to enter into certain Interested Person Transactions in our ordinary course of business, provided that all such transactions are carried out on normal commercial terms and are not prejudicial to the interests of our Company and our minority Shareholders.

Chapter 9 of the Listing Manual allows a listed company to obtain a mandate from its shareholders for recurrent interested person transactions which are of a revenue or trading nature or for those necessary for its day-to-day operations. These transactions may not include the purchase or sale of assets, undertakings or businesses which are not part of our day-to-day operations.

Pursuant to Rule 920(1) of the Listing Manual, a general mandate is subject to annual renewal. The information required by Rule 920(1)(b) is as follows:

- (a) the class of interested persons with which the entity at risk (as defined in Rule 904(2) of the Listing Manual) will be transacting:
- (b) the nature of the transactions contemplated under the mandate;
- (c) the rationale for and benefit to the entity at risk;
- (d) the methods or procedures for determining transaction prices;
- (e) the independent financial adviser's opinion on whether the methods or procedures in (d) above are sufficient to ensure that the transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of our Company and our minority Shareholders (where applicable);
- (f) an opinion from our Audit Committee if it takes a different view to the independent financial adviser (where applicable);
- (g) a statement from us that we will obtain a new mandate from our Shareholders if the methods or procedures in (d) above become inappropriate; and
- (h) a statement that the interested person will abstain, and has undertaken to ensure that its associates will abstain, from voting on the resolution approving the transaction.

The Shareholders' Mandate, if renewed, will be effective until the next annual general meeting.

For the purposes of the Shareholders' Mandate, the definitions of words and expressions in the Appendix to which this Shareholders' Mandate is a Schedule shall apply, save as otherwise set out below:

- "Group" means our Company, its subsidiaries and associated companies which are considered "entities at risk" within the meaning of Rule 904(2) of the Listing Manual; and
- "THBEV Group" means our Company and its subsidiaries.

Classes of Mandated Interested Persons

The Shareholders' Mandate will apply to our Group's transactions with associates of our controlling shareholders Mr. Charoen Sirivadhanabhakdi and Khunying Wanna Sirivadhanabhakdi (such controlling shareholders' associates collectively referred to as the "Mandated Interested Persons" and each a "Mandated Interested Person").

Transactions with Mandated Interested Persons which do not fall within the ambit of the Shareholders' Mandate shall be subject to the relevant provisions of Chapter 9 of the Listing Manual.

Mandated Transactions

The transactions with Mandated Interested Persons which will be covered by the Shareholders' Mandate ("Mandated Transactions") relating to the provision to, or obtaining from, Mandated Interested Persons of products and services in the ordinary course of business of our Group or which are necessary for the day-to-day operations of our Group (but not in respect of the purchase or sale of assets, undertakings or businesses which are not part of our day-to-day operations) are as follows:

- (a) purchases from Mandated Interested Persons of raw materials and packaging materials including new and used glass bottles, aluminium cans, molasses, herbs for the production of beer concentrate, cartons and caps;
- (b) obtaining from Mandated Interested Persons of insurance and insurance-related services;
- (c) purchases from Mandated Interested Persons of all kinds of consumer products, office and storage supplies including tissue paper and sugar for office use, scrap steel, malt bags and wooden pallets;
- (d) obtaining from Mandated Interested Persons of services, including procurement services, services relating to provision of accommodation, vehicles and facilities for the directors of the Company and/or subsidiaries, staff training, telecommunications and software licensing, marketing and advertising and management services and services for the manufacturing and distributorship of products;
- (e) obtaining from Mandated Interested Persons of leases or subleases of office space, warehouses, passenger cars and land;
- (f) provision to Mandated Interested Persons of services including procurement services, property improvement services, advertising and sales services and manufacturing services;
- (g) lease or sub-lease to Mandated Interested Persons of office space, warehouses, passenger cars and land;
- (h) sale to Mandated Interested Persons of molasses and by-products including fertilizer, used bottles, and factory remnants such as aluminium and glass remnants and scrap paper;
- (i) sale to Mandated Interested Persons of our beer, spirits, water, soda and other products; and
- (j) provision or the obtaining of such other products and/or services which are incidental to or in connection with the provision or obtaining of products and/or services in sub-paragraphs (a) to (i) above.

Rationale for and the Benefits of the Shareholders' Mandate

The transactions with the Mandated Interested Persons are entered into or to be entered into by our Group in its ordinary course of business. They are recurring transactions that are likely to occur with some degree of frequency and arise at any time and from time to time. Our Directors are of the view that it will be beneficial to our Group to transact or continue to transact with the Mandated Interested Persons.

Our Directors believe that our Group will be able to benefit from its transactions with the Mandated Interested Persons. The Shareholders' Mandate and the renewal of the Shareholders' Mandate on an annual basis will eliminate the need to convene separate general meetings from time to time to seek Shareholders' approval as and when potential Interested Person Transactions with the Mandated Interested Persons arise, thereby reducing substantially the administrative time and expenses in convening general meetings, without compromising the corporate objectives or adversely affecting the business opportunities available to us.

The Shareholders' Mandate is intended to facilitate transactions in our ordinary course of business which are transacted from time to time with the Mandated Interested Persons, provided that they are carried out on normal commercial terms and are not prejudicial to the interests of our Company and our minority Shareholders.

Disclosure will be made in the format required by the Listing Manual, and to the extent required by the SGX-ST, of the aggregate value of Interested Person Transactions conducted pursuant to the Shareholders' Mandate during the current financial year in the annual report for the current financial year.

Review Procedures for Interested Person Transactions

Our Audit Committee has oversight of all Interested Person Transactions undertaken by our Group including, the review and where required, approval of such transactions. For this purpose, our Board of Directors has appointed Mr. Ng Tat Pun, an independent non-executive Director and member of the Audit Committee, to lead the Audit Committee in its role in respect of Interested Person Transactions undertaken by our Group (the "Lead Independent Director for IPTs"). We have also established the following procedures to ensure that the Interested Person Transactions are undertaken on an arm's length basis and on normal commercial terms.

Review Procedures and Threshold Limits

In general, there are procedures established by our Group to ensure that Interested Person Transactions, including the Mandated Transactions with the Mandated Interested Persons, are undertaken on an arm's length basis and on normal commercial terms consistent with our Group's usual business practices and policies, and on terms which are generally no more favorable to the interested persons than those extended to or obtained from unrelated third parties.

In particular, the following review procedures have been implemented:

- (1) Procurement and purchase of goods and obtaining services
 - (a) All procurement and purchases made by our Group of a recurring nature which are in the ordinary course of business of our Group or which are necessary for the day-to-day operations of our Group, including procurement and purchases which are Mandated Transactions with Mandated Interested Persons (such as the transactions referred to in paragraphs (a), (b), (c), (d) and (j) above under "General Mandate for Interested Person Transactions Mandated Transactions") will be governed by internal control procedures, which detail matters such as the constitution of internal approving authorities, their approval limits, the number of vendors (minimum of two) who provide us quotes, and the review procedures. The guiding principle is to objectively obtain the best goods and/or services on the best terms through competitive quotations, if appropriate. In determining whether the price and terms offered by interested persons are fair

and reasonable, factors such as, but not limited to, delivery schedules, specification compliance, track record, experience and expertise, preferential rates, discounts or rebates offered for bulk purchases, will be taken into consideration. In addition, each Interested Person Transaction entered into by our Group will be monitored as an individual transaction and based on the value of the transaction, will require the prior approval of the corresponding approving authority who is a Director or management employee of the Group (not being an interested person or his associate) and who does not have any interests, whether direct or indirect, in relation to the transactions (the "Relevant Approving Authority") as follows:

Approval Limits

Interested Person Transaction not exceeding Baht 500,000 in value

Interested Person Transaction above Baht 500,000 but not exceeding Baht 5 million in value

Interested Person Transaction above Baht 5 million but not exceeding Baht 10 million in value

Interested Person Transaction above Baht 10 million but not exceeding Baht 20 million in value

Interested Person Transaction above Baht 20 million but not exceeding 3% of the latest audited net tangible assets of the THBEV Group in value

Interested Person Transaction above 3% of the latest audited net tangible assets of the THBEV Group in value

Relevant Approving Authority

A deputy managing director or officer of equivalent rank $% \left(x\right) =\left(x\right) +\left(x\right) +\left$

A managing director or officer of equivalent rank

A vice-chairman or officer of equivalent rank

A chairman

Any two vice-chairmen and/or chairmen or officers of equivalent rank

Any two Audit Committee members, one of whom must be the Lead Independent Director for IPTs

In relation to paragraph (j) above under "General Mandate for Interested Person Transactions – Mandated Transactions", the Relevant Approving Authority (as determined by the value of the transaction) will also assess and approve that the proposed transaction is one which is incidental to or in connection with the provision or obtaining of products and/or services in sub-paragraphs (a), (b), (c) and (d) above under "General Mandate for Interested Person Transactions – Mandated Transactions."

- (b) In the event that we cannot obtain competitive quotations (for instance, if there are no unrelated third party vendors of similar products and services (taking into account quantum, specifications and delivery schedules among others), or if the product is proprietary in nature), based on the value of the proposed Interested Person Transaction, the corresponding Relevant Approving Authority as set out above (not being an interested person or his associate) and who does not have any interests, direct or indirect, in relation to the transaction, will determine whether the price and terms offered by the interested person are fair and reasonable.
- (c) Purchases under the prevailing terms of the Glass Bottle Purchase Agreement dated December 27, 2012 entered into between Thai Beverage Recycle Co., Ltd. (formerly known as Bang–Na Logistic Co., Ltd.), Berli Jucker Public Company Limited and Thai Malaya Glass Co., Ltd. (the "Glass Bottle Purchase Agreement") will be covered under the Shareholders' Mandate, provided that any amendment to the material provisions of the Glass Bottle Purchase Agreement, including any adjustment authorized by the agreement to the purchase price for glass bottles pursuant to and any renewal or extension of tenure of the Glass Bottle Purchase Agreement, requires the approval of our Board of Directors and the Audit Committee.

- (2) Other Interested Person Transactions of a recurring nature
 - (a) We intend to conduct other Interested Person Transactions not covered by paragraph (1) above which are of a recurring nature and that occur in the ordinary course of business of our Group. These transactions are necessary for the day-to-day operations of our Group and include the sale of products and provisions of services to interested persons and lease or sub-lease of property to or from interested persons and the Mandated Transactions with Mandated Interested Persons referred to in paragraphs (e), (f), (g), (h), (i) and (j) under "General Mandate for Interested Person Transactions Mandated Transactions" above. We intend to conduct these transactions at the prevailing market rates or prices of the product or service to be provided, and at prevailing market rentals for leases and sub-leases of property, on terms no more favorable to the interested person than the usual commercial terms extended to or, where applicable, by unrelated third parties (including, where applicable, preferential rates, discounts to favored customers or for bulk purchases) or otherwise in accordance with applicable industry norms, provided that:
 - (i) in relation to the sale of products and provision of services which are not contemporaneously in time as the proposed Interested Person Transaction being sold or provided to an unrelated third party, quotes from at least two other suppliers who are unrelated third parties not being the relevant interested person or his associates of similar products or services will be obtained; and
 - (ii) in relation to the lease or sub-lease of property, we are required to obtain enquiries with at least two landlords and/ or tenants who are unrelated third parties not being the relevant interested person or his associates of similarly sized and located properties put to similar use.

In addition, each Interested Person Transaction entered into by our Group will be monitored as an individual transaction and based on the value of the transaction, will require the prior approval of the corresponding Relevant Approving Authority who is a Director or management employee of the Group (not being an interested person or his associate) and who does not have any interests, whether direct or indirect, in relation to the transactions as follows:

Approval Limits

Interested Person Transaction not exceeding Baht 200,000 in value

Interested Person Transaction above Baht 200,000 but not exceeding Baht 500,000 in value

Interested Person Transaction above Baht 500,000 but not exceeding Baht 5 million in value

Interested Person Transaction above Baht 5 million but not exceeding 3% of the latest audited net tangible assets of the THBEV Group in value

Interested Person Transaction above 3% of the latest audited net tangible assets of the THBEV Group in value

Relevant Approving Authority

A deputy managing director or officer of equivalent rank

A managing director or officer of equivalent rank

A vice chairman or officer of equivalent rank

A chairman

Any two Audit Committee members, one of whom must be the Lead Independent Director for IPTs

In relation to paragraph (j) above under "General Mandate for Interested Person Transactions – Mandated Transactions", the Relevant Approving Authority (as determined by the value of the transaction) will also assess and approve that the proposed transaction is one which is incidental to or in connection with the provision or obtaining of products and/or services in sub-paragraphs (e), (f), (g), (h) and (i) above under "General Mandate for Interested Person Transactions – Mandated Transactions".

(b) Where the prevailing market rates or prices are not available, whether due to the nature of products to be sold or services to be provided, the unavailability or impracticality of obtaining quotes from third party sources or otherwise, our Group's pricing for these products and services will be determined in accordance with the Group's usual business practices and pricing policies, consistent with the usual margin our Group will obtain for the same or substantially similar type of transaction with unrelated third parties. In determining the transaction price payable by Mandated Interested Persons for these products or services, factors such as, but not limited to, quantity, volume, consumption, customer requirements, specifications, duration of contract and strategic purposes of the transaction will be taken into account. In relation to leases and sub-leases of property, where prevailing market rentals are not available, whether due to the unavailability or impracticality of obtaining rental comparisons or otherwise, rental will be determined according to the Group's usual business practices and policies. In addition, based on the value of the proposed Interested Person Transaction, the corresponding Relevant Approving Authority as set out in paragraph (a) above (not being an interested person or his associate) and who does not have any interests, direct or indirect, in relation to the transaction, will determine whether the price and terms offered by the interested person are fair and reasonable.

(3) Non-recurring Interested Person Transactions

We may from time to time also conduct Interested Person Transactions not covered by paragraphs (1) and (2) above and which do not form part of the Shareholders' Mandate. These transactions are not of a recurring nature or occur outside the ordinary course of business of our Group or which may not be necessary for the day-to-day operations of our Group and include the purchase or sale of assets, undertakings or businesses which are not part of our day-to-day operations. We intend to conduct such transactions in accordance with the Listing Manual, including the threshold, approval and other requirements under Rules 905 and 906 of the Listing Manual. In addition, we will monitor each transaction on an individual basis, and each transaction will require the prior approval of the corresponding Relevant Approving Authority below who is a Director or management employee of the Group (not being an interested person or his associate) and who does not have any interests, whether direct or indirect, in relation to the transaction. The Relevant Approving Authority will also review the transaction to ensure that it is carried out on normal commercial terms and not prejudicial to the interests of our Company and minority Shareholders:

Approval Limits

Interested Person Transaction not exceeding Baht 200.000 in value

Interested Person Transaction above Baht 200,000 but not exceeding Baht 500,000 in value

Interested Person Transaction above Baht 500,000 but not exceeding Baht 5 million in value

Interested Person Transaction above Baht 5 million but not exceeding 3% of the latest audited net tangible assets of the THBEV Group in value

Interested Person Transaction above 3% of the latest audited net tangible assets of the THBEV Group in value

Relevant Approving Authority

A deputy managing director or officer of equivalent rank $% \left(x\right) =\left(x\right) +\left(x\right) +\left$

A managing director or officer of equivalent rank

A vice chairman or officer of equivalent rank

A chairman

Any two Audit Committee members, one of whom must be the Lead Independent Director for IPTs

In the event that these Interested Person Transactions require the approval of our Shareholders, additional information may be required to be presented to Shareholders and an independent financial adviser may be appointed for an opinion.

Other Review Procedures

Our Audit Committee led by the Lead Independent Director for IPTs will also review all Interested Person Transactions, including Mandated Transactions to ensure that the prevailing rules and regulations of the SGX-ST (in particular, Chapter 9 of the Listing Manual) are complied with.

Our Group has also implemented the following procedures for the identification of Interested Person Transactions (including Mandated Transactions) and interested persons (including Mandated Interested Persons) and the recording of all our Interested Person Transactions:

- (a) our Group Chief Financial Officer will maintain a register of all transactions carried out with interested persons, including the Mandated Interested Persons (and the basis, including the quotations obtained to support such basis, on which these transactions are entered into), whether mandated or non-mandated; and
- (b) on a quarterly basis, our Group Chief Financial Officer will submit a report to our Audit Committee of all recorded Interested Person Transactions, and the basis of all recorded Interested Person Transactions, entered into by our Group. Our Company's annual internal audit plan will incorporate a review of all Interested Person Transactions, including the established review procedures for the monitoring of the Interested Person Transactions including Mandated Transactions, entered into or existing Interested Person Transactions that are renewed or revised during the current financial year, pursuant to the Shareholders' Mandate.

In addition, our Audit Committee led by the Lead Independent Director for IPTs will review, on a quarterly basis, internal controls and review procedures for Interested Person Transactions to determine if they are adequate and/or commercially practicable in ensuring that the transactions between our Group and interested persons are conducted on normal commercial terms and are not prejudicial to the interests of our Company and our minority Shareholders. In conjunction with this review, our Audit Committee will also ascertain whether we have complied with the established review procedures. Further, if during these periodic reviews by our Audit Committee, our Audit Committee is of the view that the internal controls and review procedures for Interested Person Transactions are inappropriate or not sufficient to ensure that the Interested Person Transactions will be on normal commercial terms and not prejudicial to the interests of our Company and our minority Shareholders, our Audit Committee will (pursuant to Rule 920(1)(b)(iv) and (vii) of the Listing Manual) revert to our Shareholders for a new Shareholders' Mandate based on new internal controls and review procedures for transactions with the Mandated Interested Persons. During the period prior to obtaining a new mandate from Shareholders, all transactions with interested persons will be subject to prior review and approval by the Audit Committee.

For the purposes of the above review of the internal controls and review procedures, any member of our Audit Committee who is not considered independent will abstain from participating in the Audit Committee's review of the internal controls and review procedures.

Our Audit Committee will have overall responsibility for determining the review procedures with the authority to delegate to individuals or committees within our Group as they deem appropriate.

SCHEDULE 2 TO THE APPENDIX

Examples of Mandated Interested Persons as at the date of the Appendix

The Mandated Interested Persons as at the date of this Appendix include but are not limited to the corporations and entities set out below. For the avoidance of doubt, the list of corporations and entities below is not an exhaustive list of the Mandated Interested Persons:

| 1. | TCC Holding Co., Ltd. | 25. | Regent Gold Property Fund |
|-----|--|-----|--|
| 2. | Bang-Na Glass Co., Ltd. | 26. | Siam Realty Co., Ltd. |
| 3. | Berli Jucker Cellox Co., Ltd. | 27. | Southeast Capital Co., Ltd. |
| 4. | BJC Industrial and Trading Company Limited (1) | 28. | The Southeast Insurance Public Company Limited ⁽⁴⁾ |
| 5. | Berli Jucker Foods Co., Ltd. | 29. | The Southeast Life Insurance Public Company Limited ⁽⁵⁾ |
| 6. | Berli Jucker Logistics Co., Ltd. | 30. | The Suphanburi Sugar Industry Co., Ltd. |
| 7. | Berli Jucker Public Company Limited | 31. | T.C.C. Service Apartment Co., Ltd. ⁽⁶⁾ |
| 8. | Berli Jucker Specialties Co., Ltd. | 32. | Terragro Co., Ltd. ⁽⁷⁾ |
